If you can sign the site plan, that would be great. I will include the site plan and your email approval in our submittal to the City. Thanks!!

Hey Betsy, do I need to sign something and send back to you or is my approval on this email sufficient?

Thanks Ryan. This is great information. Can you approved the site plan that was included in my email? It is in Land Use Review with the City of DuPont and they require this approval as part of their process. I have attached a copy of Land

Use application and red-clouded what they required from LeMay. I believe the site plan (also attached) meets the criteria for your trucks. Thanks!

Good morning Betsy, I am reaching out regarding your inquiry for the new build in DuPont. I have included a design that we use for our enclosure dimensions for our trucks and containers. I am not sure what size containers you will end up going with, but this should help with your design.

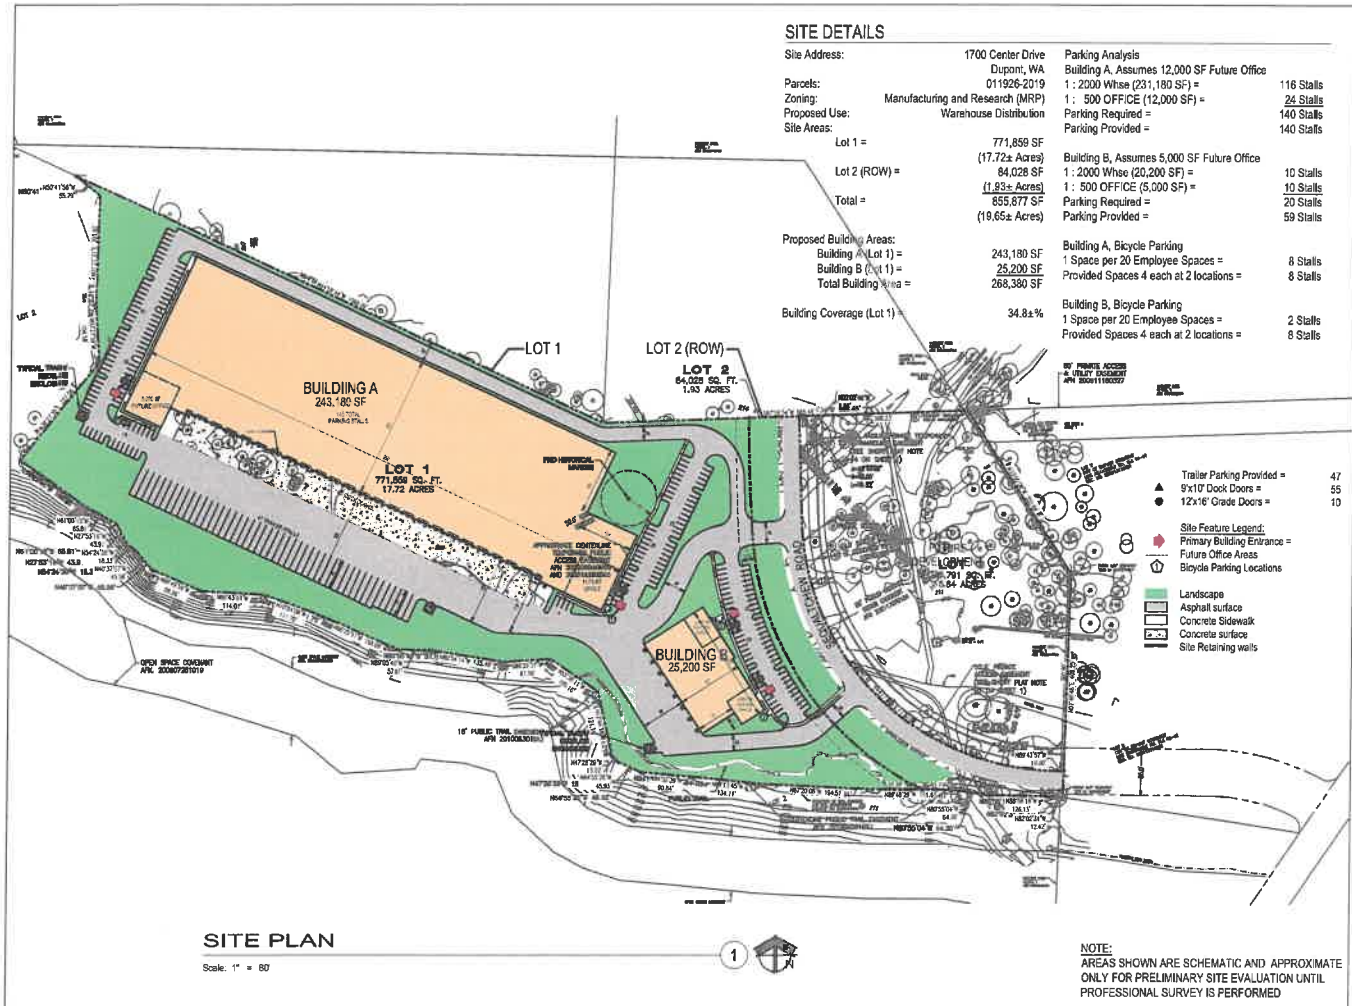

Let me know if you have any more questions.
