

DuPont Police Department

Policy Manual

CHIEF'S PREFACE

Team DPD:

This manual's contents are the accumulation of law enforcement and work by a number of hard working and dedicated people. While a lot of individuals have looked at the language in the policies that follow, there are going to be occasions where we may have missed something. With this in mind, as you read and familiarize yourself with these policies, if you come across something not seeming to make sense, please advise your supervisor immediately so we can address it right away.

Policies and procedures are always a work in progress as the policing profession is probably impacted by the constantly changing world around us far more than other professions. It is important as court cases are decided and new best practices are discovered, we are agile and adaptable in how we carry out our mission to protect and serve our public.

Policies must be constantly updated and this can only be done with your assistance. It is crucial that everyone in the organization take ownership of this manual's content so we can help make your job easier, not more complicated. This manual provides guidance, but it is impossible to write a policy to cover every situation you will be faced with. When you find yourself in one of those situations, use the department's decision making model posted throughout our offices:

DuPont Police Department Empowerment Model

WHEN MAKING A DECISION:

- Is it the right thing for the public and the City of DuPont stakeholder's?
- When practical, have those being impacted by the decision been considered and consulted?
- Is it the right thing for the Department?
- Is it something for which you are willing to be held accountable for?
- Is it safe?
- Is it legal?
- Is it ethical?

IF THE ANSWER TO ALL OF THESE QUESTIONS IS "YES", THEN GO AHEAD AND MAKE THE DECISION.

These policies are here to guide you and they are also here to protect you. If we have taken time to put something into policy, I can assure you there is a good and necessary reason to do so. However, these policies can only guide and protect you if you read them, know them, but most importantly, understand how they apply to the job you do. It is an important responsibility commensurate with being an employee of a police department that you understand the rules, laws and policies which impact how you perform your job. Please take time to read the following policies, and when in doubt, look to this manual for assistance.

Stay safe,

PREFACE TITLE

DuPont Police Department

Policy Manual

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

The purpose of this policy is to affirm the authority of the members of the DuPont Police Department to perform their functions based on established legal authority.

100.2 POLICY

It is the policy of the DuPont Police Department to limit its members to only exercise the authority granted to them by law.

100.3 PEACE OFFICER POWERS

- (c) A peace officer may arrest a person in compliance with an arrest warrant after confirming the existence and extradition. A peace officer making an arrest must inform the person that the peace officer is acting under the authority of a warrant and must provide the person with a copy of the warrant at the time of the arrest or arrival at the holding facility.

100.3.2 OREGON AUTHORITY

Sworn members of this department who enter the state of Oregon in order to provide or attempt to provide law enforcement assistance have Oregon peace officer authority within 50 miles of the Washington-Oregon border under the following circumstances (ORS 133.405):

- (a) In response to a request for law enforcement assistance initiated by an Oregon sheriff, constable, marshal, municipal police officer or member of the Oregon State Police.
- (b) In response to a reasonable belief that emergency law enforcement assistance is necessary to preserve life and circumstances make it impractical for Oregon law enforcement officials to formally request assistance.

DuPont Police Department

Policy Manual

Law Enforcement Authority

DuPont Police Department officers have no authority to enforce Oregon traffic or motor vehicle laws.

Whenever practicable, officers should seek permission from a department supervisor before entering Oregon to provide law enforcement services. As soon as practicable, officers exercising law enforcement authority in Oregon shall submit any appropriate written reports concerning the incident to the Oregon agency having primary jurisdiction over the area in which the incident occurred.

100.4 INTERSTATE PEACE OFFICER POWERS

Peace officer powers may be extended to other states:

Oath of Office

102.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that oaths, when appropriate, are administered to department members.

I will uphold the Constitution of the United States and Constitution of the State of Washington, so help me God."

Electronic Mail

204.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Department electronic email system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., Washington Public Disclosure Act). Messages transmitted over the email system should only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

As indicated in the City of DuPont Policy and Procedure Manual, the incidental and occasional "de minimus" personal use of electronic messaging is permitted, where in the judgment of the employee's supervisor or department director, such use does not interfere with employee of department productivity, or distract or take time away from the worker or coworker's assigned work.

204.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are the property of the department. The Department reserves the right to access, audit or disclose, for any lawful reason, any message, including any attachment, that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used. Employees using the department email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

204.2.1 EMAIL OF LAW ENFORCEMENT SENSITIVE INFORMATION

Occasionally, law enforcement personnel may have to use the department email system to send and/or receive timely, vital but sensitive, law enforcement information, which may include names and identification data of suspects and victims, criminal or homeland security intelligence, and/or subjects which may not be wanted for a crime but are at risk. Department members who have an authorized need-to-know, and in the course of their duties deem it necessary to send or forward such information, such email should have the following contained in the header:

- LAW ENFORCEMENT SENSITIVE
- NOT FOR PUBLIC DISSEMINATION
- NOT SUBJECT TO PDR/FOIA

DuPont Police Department

Policy Manual

Electronic Mail

204.2.2 EMPLOYEE RESPONSIBILITY TO CHECK EMAIL

All employees shall log on to their department email accounts each workday to ensure timely receipt of:

- Important messages relating to critical department information, job duties, and work responsibilities
- Electronic subpoenas

204.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, and harassing or any other inappropriate messages on the email system will not be tolerated and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Bureau Chief. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

204.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the Washington Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

The Public Records Officer shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

Staffing Levels

206.1 PURPOSE AND SCOPE

While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

206.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in the scheduling of at least one regular supervisor and one corporal on duty during a 24-hour period, whenever possible.

206.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, a corporal may be used as a field supervisor in place of a field sergeant.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy is intended to provide clarity to officers and promote safety for all by ensuring that all available and appropriate de-escalation techniques are used when possible, force is used appropriately only when necessary, and the amount of force used is proportional to the threat or resistance the officer encounters as well as the seriousness of the law enforcement objective that is being served.

While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every officer of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

This policy incorporates the Washington State Office of the Attorney General Model Use of Force Policy.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Chokehold - The intentional application of direct pressure to a person's trachea or windpipe for the purpose of restricting another person's airway (RCW 10.116.020).

Deadly force - The intentional application of force through the use of firearms or any other means reasonably likely to cause death or serious physical injury (RCW 9A.16.010).

De-escalation tactics - Actions used by a peace officer that are intended to minimize the likelihood of the need to use force during an incident (RCW 10.120.010). Using force is not a de-escalation tactic.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Flight - An act or instance of running away in an effort to leave and intentionally evade law enforcement.

Immediate threat of serious bodily injury or death - Based on the totality of the circumstances, it is objectively reasonable to believe that a person has the present and apparent ability, opportunity, and intent to immediately cause death or serious bodily injury to the peace officer or another person (RCW 10.120.020).

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

DuPont Police Department

Policy Manual

Use of Force

Necessary - Under the totality of the circumstances, a reasonably effective alternative to the use of force or deadly force does not appear to exist, and the type and amount of force or deadly force used is a reasonable and proportional response to effect the legal purpose intended or to protect against the threat posed to the officer or others (RCW 10.120.010).

Neck restraint - Any vascular compression or similar restraint, hold, or other tactic in which pressure is applied to the neck for the purpose of constricting blood flow (RCW 10.116.020).

Physical force (referred to as "force" in this policy) - Any act reasonably likely to cause physical pain or injury or any other act exerted upon a person's body to compel, control, constrain, or restrain the person's movement. Physical force does not include pat-downs, incidental touching, verbal commands, or compliant handcuffing where there is no physical pain or injury (RCW 10.120.010).

Totality of the circumstances - All facts known to the officer leading up to, and at the time of, the use of force, and includes the actions of the person against whom the officer uses such force, and the actions of the officer (RCW 10.120.010).

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

It is the fundamental duty of law enforcement to preserve and protect all human life (RCW 10.120.010). Officers shall respect and uphold the dignity of all persons and use their authority in a bias-free manner.

The proper use of force is essential to ensure impartial policing and build trust in the community. While there are circumstances where individuals will not comply with the law unless compelled or controlled by officers through the use of force, officers must remain mindful that they derive their authority from the community and that unreasonable force degrades the legitimacy of that authority (Washington State Office of the Attorney General Model Use of Force Policy).

Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

Nothing in this policy limits or restricts an officer's authority or responsibility to perform lifesaving measures or community caretaking functions or prevents an officer from responding to requests for assistance or service (RCW 10.120.020).

300.2.1 DUTY TO INTERVENE AND REPORT

Any officer present and observing another law enforcement officer or a member attempting to use or using force that is clearly beyond that which is objectively reasonable under the circumstances

DuPont Police Department

Policy Manual

Use of Force

shall, when in a position to do so, intervene to prevent the use of unreasonable force (RCW 10.93.190).

Any officer who observes another law enforcement officer or a member attempting to use or using force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations to a supervisor as soon as feasible (RCW 10.93.190).

300.2.2 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.2.3 ADDITIONAL STATE REQUIREMENTS ON THE DUTY TO INTERVENE AND REPORT

An officer shall not be disciplined for or retaliated against in any way for intervening in good faith or for reporting in good faith the unreasonable use of force by another law enforcement officer (RCW 10.93.190) (see the Anti-Retaliation Policy).

300.2.4 CRITICAL DECISION MAKING

Use of critical decision making can help officers achieve the expectations outlined in this manual. When safe and feasible, when making or considering whether to make contact with a member of the public, officers shall (Washington State Office of the Attorney General Model Use of Force Policy):

- (a) Begin assessment and planning with available facts before arriving at the scene.
- (b) Request available resources, as needed, such as a crisis intervention team or other appropriate specialty unit or professionals.
- (c) Collect information when on scene.
- (d) Assess situations, threats, and risks.
- (e) Identify options for conflict resolution.
- (f) Determine a reasonable course of action.
- (g) Review and re-assess the situation as it evolves.

Nothing in this policy precludes officers from taking quick action when faced with a life-threatening situation, such as an active shooter. When safe and feasible, officers shall not unnecessarily jeopardize their own safety or the safety of others through tactical decisions that unreasonably place themselves or others at risk including but not limited to (Washington State Office of the Attorney General Model Use of Force Policy):

- (a) Immediately approaching a person without proper evaluation of the situation.
- (b) Leaving insufficient space between an officer and the person.
- (c) Not providing time for a person to comply with commands.
- (d) Unnecessarily escalating a situation.

Use of Force

300.3 USE OF FORCE

Officers shall use only the least amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose. Officers shall use reasonable care when determining whether to use and when using any physical force or deadly force against another person (RCW 10.120.020).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 ALTERNATIVE TACTICS - DE-ESCALATION

When possible, officers shall use all reasonably available and appropriate de-escalation tactics prior to using force (RCW 10.120.020).

Depending on the circumstances, officers have a number of de-escalation tactics to choose from which include but are not limited to (Washington State Office of the Attorney General Model Use of Force Policy):

- (a) Employing tactical positioning and repositioning to maintain the benefit of distance and cover, such as backing away from the person to re-assess and determine which tactics to use.
- (b) Placing barriers or using existing structures to provide a shield or other protection between officers and a person.
- (c) Attempting to slow down or stabilize the situation to allow for the consideration and arrival of additional resources that may increase the likelihood of a safe resolution.
- (d) Requesting and using available support and resources, such as a crisis intervention team, a designated crisis responder, other behavioral health providers, or back-up officers, including more experienced officers or supervisors.

DuPont Police Department

Policy Manual

Use of Force

- (e) Using clear instructions and verbal persuasion.
- (f) Employing verbal and non-verbal communication techniques to calm a person (e.g., speaking slowly, regulating tone and body language, uncrossing one's arms, minimizing hand gestures, reducing bright, flashing lights and sirens).
- (g) Attempting to communicate in non-verbal ways when verbal instructions would be inadequate (e.g., when the person and officer speak different languages, the person is unable to hear or understand instructions).
- (h) Communicating in a way that demonstrates respect for people's dignity (e.g., clearly explaining the officer's actions and expectations, listening to the person's questions and concerns and responding respectfully, being neutral and fair when making decisions).
- (i) When there are multiple officers, designating one officer to communicate in order to avoid competing or confusing commands.
- (j) Exhibiting patience while using all available and appropriate tactics and resources to provide as much time as needed to resolve the incident without using force.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to (RCW 10.120.020):

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual displays signs of mental, behavioral, intellectual, developmental, or physical impairments or disabilities, including individuals who reasonably appear suicidal.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and the individual's ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.

DuPont Police Department

Policy Manual

Use of Force

- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) The individual is visibly pregnant or claims to be pregnant.
- (s) The individual is a minor, appears to be a minor, or claims to be a minor.
- (t) The individual is known to be a vulnerable adult or appears to be a vulnerable adult as defined by RCW 74.34.020.
- (u) The individual has limited English proficiency.
- (v) The individual is in the presence of a child.
- (w) Any other exigent circumstances.

300.3.3 PERMISSIBLE USES OF FORCE

An officer may use force upon another person to the extent necessary under these circumstances to (RCW 10.120.020):

- (a) Protect against a criminal offense when there is probable cause that the person has committed, is committing, or is about to commit the offense.
- (b) Effect an arrest.
- (c) Prevent an escape as defined under chapter 9A.76 RCW.
- (d) Take a person into custody, transport a person for evaluation or treatment, or provide other assistance under RCW 10.77; RCW 71.05; or RCW 71.34.
- (e) Take a minor into protective custody when authorized or directed by statute.
- (f) Execute or enforce a court order authorizing or directing an officer to take a person into custody.
- (g) Execute a search warrant.
- (h) Execute or enforce an oral directive issued by a judicial officer in the courtroom or a written order where the court expressly authorizes an officer to use force to execute or enforce the directive or order.
- (i) Prevent a person from fleeing or stop a person who is actively fleeing a lawful temporary investigative detention, provided that the person has been given notice that the person is being detained and is not free to leave.
- (j) Take a person into custody when authorized or directed by statute.
- (k) Protect against an imminent threat of bodily injury to the officer, another person, or the person against whom force is being used.

DuPont Police Department

Policy Manual

Use of Force

Officers shall terminate the use of force as soon as the necessity for such force ends (RCW 10.120.020).

300.3.4 IDENTIFICATION, WARNING, AND OPPORTUNITY TO COMPLY PRIOR TO THE USE OF FORCE

When safe and feasible, prior to the use of force, officers shall (Washington State Office of the Attorney General Model Use of Force Policy):

- (a) Identify themselves as law enforcement officers.
 - 1. Identification is unnecessary when the officer has objectively reasonable grounds to believe the person is aware of this fact.
- (b) Attempt to determine whether the person has a special need, mental condition, physical limitation, developmental disability, language barrier, or other factor that may impact the person's ability to understand and comply with officer commands.
- (c) Provide clear instructions and warnings.
- (d) Warn a person that force will be used unless the person's resistance ceases.
- (e) Give the person a reasonable opportunity to comply with the warning that force may be used.

300.3.5 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.6 RESTRICTIONS ON RESPIRATORY RESTRAINTS

Officers of this department are not authorized to use respiratory restraints, also known as chokeholds or neck restraints (RCW 10.116.020).

300.3.7 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be

DuPont Police Department

Policy Manual

Use of Force

restricted. Officers are encouraged to use techniques and methods taught by the DuPont Police Department for this specific purpose.

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is only justified when the officer reasonably believes it is necessary in the following circumstances (RCW 10.120.020):

- (a) An officer may use deadly force to protect the officer or others from what the officer reasonably believes is an immediate threat of serious physical injury or death.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an immediate threat of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

However, an officer shall not use deadly force against a person whose actions are a threat solely to themselves or property unless the person poses an immediate danger of death or serious physical injury to the officer or others in close proximity.

300.4.1 DRAWING AND POINTING A FIREARM

Pointing a firearm at a person is a reportable use of force and its justification and circumstances shall be documented in accordance with procedures set by the statewide use of force data collection program (RCW 10.118.030).

- (a) An officer should only draw a firearm in the low-ready position (i.e., unholstered but out of the officer's visual field) when the officer makes reasonable observations based on the totality of the circumstances that the situation may evolve to the point where deadly force would be justified.
- (b) An officer should only point a firearm at a person when deadly force is justified.
- (c) When it is determined that the use of deadly force is not necessary, the officer should, as soon as safe and feasible, lower, holster, or secure the firearm.

300.4.2 RESTRICTED USE

Officers shall not use a firearm in the following circumstances (Washington State Office of the Attorney General Model Use of Force Policy):

- (a) As an impact weapon except when deadly force is justified.
- (b) When it appears likely that an innocent person may be injured by the officer discharging the firearm in the direction of an innocent person.

DuPont Police Department

Policy Manual

Use of Force

- (c) When discharging or pointing a firearm at a person who presents a danger only to themselves and does not have the apparent ability, opportunity, and intent to immediately cause death or serious bodily injury to the officer or another person.
- (d) When discharging or pointing a firearm at a person who presents a danger only to property and does not have the apparent opportunity or intent to immediately cause death or serious bodily injury to the officer or another person.

300.4.3 DISCHARGE OF FIREARMS

Officers are only permitted to discharge a firearm at a person in situations where deadly force is justified. Each discharge of the firearm must be justified. When feasible, officers shall give a verbal warning that a firearm will be discharged. Prior to the decision to use a firearm, officers should consider field of fire, backdrop, bystanders, potential for ricochet, and other risks of life (Washington State Office of the Attorney General Model Use of Force Policy).

300.4.4 MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve additional considerations and risks in addition to the justification for the use of deadly force.

An officer may not fire a weapon upon a moving vehicle unless necessary to protect against an imminent threat of serious bodily injury resulting from the operator's or a passenger's use of a deadly weapon. A vehicle is not considered a deadly weapon unless the operator is using the vehicle as a deadly weapon and no other reasonable means to avoid potential serious harm are immediately available to the officer. (RCW 10.116.060).

When feasible, officers shall attempt to move out of the path of a moving vehicle rather than discharge their weapon at the operator.

Officers shall not shoot at any part of a vehicle in an attempt to disable the vehicle.

An officer shall not discharge a firearm from a moving vehicle, unless a person is immediately threatening the officer or another person with deadly force.

300.4.5 OFFICER RESPONSE OPTIONS

Command presence and verbalization - Includes display of authority as a peace officer and nonverbal means of communication such as body language, demeanor, and manner of approaching. Verbalization involves the directions and commands given to the subject.

Restraining and detaining - Includes an officer laying hands on a subject with the intention of gaining control of the subject. Examples include the use of a firm grip or escort position. Also included in this level would be the application of temporary restraining devices such as handcuffs and leg restraints.

Compliance techniques - Includes joint manipulations, pressure point applications, pain compliance techniques, take-down type techniques, grappling type of techniques designed to hold a subject down by using the weight of an officer's body, the use of control holds, and any use of physical force to overcome active resistance.

DuPont Police Department

Policy Manual

Use of Force

Intermediate force - Includes the use of impact weapons in an impact mode; the use of personal weapons such as hands, feet, elbows, and knees to strike a subject; and the use of aerosol subject restraint, chemical agents, and the use of other less lethal devices.

Lethal force - Includes the use of a firearm or any force that has a reasonable likelihood of causing death or great bodily injury.

300.5 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe (RCW 10.93.190).

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.6 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why the officer believed the use of force was reasonable under the circumstances and follow the [accompanying procedure](#).

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department

DuPont Police Department

Policy Manual

Use of Force

policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.6.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.6.2 NOTIFICATION TO INDIAN AFFAIRS

When the use of force by an officer results in the death of a person who is an enrolled member of a federally recognized Indian tribe, notification shall be made to the Governor's Office of Indian Affairs within a reasonable period of time, but not more than 24 hours after the department has good reason to believe the person was an enrolled member. Notice shall include sufficient information for the Governor's Office of Indian Affairs to attempt to identify the deceased person and tribal affiliation (RCW 10.114.021).

300.6.3 NOTIFICATION TO CRIMINAL JUSTICE TRAINING COMMISSION (CJTC)

Notification shall be made to CJTC within 15 days of learning of the occurrence of any death or serious injury caused by the use of force by an officer (RCW 43.101.135).

300.6.4 REPORTING TO WASHINGTON STATEWIDE USE OF FORCE DATA PROGRAM

The Department shall submit reports regarding use of force incidents as provided by RCW 10.118.030 to the Washington statewide use of force data program in the format and time frame established by the program (RCW 10.118.030).

300.6.5 REPORTING TO OFFICE OF INDEPENDENT INVESTIGATIONS (OII)

Pursuant to RCW 43.102.120(a), the Department shall immediately report all incidents where the use of deadly force resulted in death, substantial harm, or great bodily harm, as well as deadly force when there is an intentional application of force through the use of firearms or any other means reasonably likely to cause death or serious physical injury, even if no injury occurs (RCW 43.102.120(b)). This notification must be made within 72 hours.

DuPont Police Department

Policy Manual

Use of Force

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived the individual's *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 - 1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Conduct a review and evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.
 - 1. Identify training deficiencies and/or concerns in accordance with the [accompanying procedure](#).
 - 2. Initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

DuPont Police Department

Policy Manual

Use of Force

When an incident results in death, serious bodily harm, or great bodily harm, the supervisor shall immediately contact the Office of Independent Investigations pursuant to the procedures established by the Office of Independent Investigation (RCW 43.102.120).

300.7.1 WATCH SUPERVISOR RESPONSIBILITY

The Watch Supervisor shall review each use of force by any personnel within their command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

All officers and supervisors shall receive training consistent with this policy and related use of force policies at least annually. Training should (Washington State Office of the Attorney General Model Use of Force Policy):

- Be a combination of classroom and scenario-based learning.
- Include community partners, when relevant and feasible.
- Incorporate cultural competency to understand disproportionately impacted communities, and how racialized experiences of policing and the criminal justice system may impact interactions with police.

This policy should be incorporated into defensive tactics curricula.

300.8.1 TRAINING REQUIREMENTS

Required annual training shall include:

- (a) Legal updates.
- (b) De-escalation tactics, including reasonably effective alternatives to force including applicable legal requirements (RCW 10.120.010).
- (c) The duty to intervene.
- (d) The duty to request and/or render medical aid.
- (e) Warning shots (see the Firearms Policy).
- (f) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (g) Exercising reasonable care in determining when to use force.
- (h) Evaluation of whether certain applications of force are reasonable and proportional to the threat or resistance.
- (i) The Washington State Office of the Attorney General Model Use of Force Policy.
- (j) All other subjects covered in this policy (e.g., use of deadly force, chokeholds and carotid holds, discharge of a firearm at or from a moving vehicle, verbal warnings).

300.9 USE OF FORCE ANALYSIS

The Operations Bureau Chief shall prepare an annual management review and analysis report on use of force incidents. The report shall be submitted to and reviewed and approved by the

DuPont Police Department

Policy Manual

Use of Force

Chief of Police. The report should not contain the names of officers, suspects, or case numbers and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Use of Force Review Boards

301.1 PURPOSE AND SCOPE

This policy establishes a process for the DuPont Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The DuPont Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

301.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administrative Services Chief of Staff will convene the Use of Force Review Board as necessary. It will be the responsibility of the Bureau Chief or supervisor of the involved employee to notify the Administrative Services Chief of Staff of any incidents requiring board review. The involved employee's Bureau Chief or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Administrative Services Chief of Staff should select five Use of Force Review Board members from the following, as appropriate:

- Representatives of each division
- Commanding officer in the involved member's chain of command
- Training Sergeant

DuPont Police Department

Policy Manual

Use of Force Review Boards

- Non-administrative supervisor
- A peer officer
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative will serve as chairperson.

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be

DuPont Police Department

Policy Manual

Use of Force Review Boards

forwarded to the involved employee's Bureau Chief for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

Because restraint devices are designed to compel, control, constrain, or restrain a person's movement, use of these devices is physical force and all considerations governing uses of physical force detailed in this policy and the Use of Force Policy apply to their use (Washington State Office of the Attorney General Model Use of Force Policy). However, physical force does not include compliant handcuffing where there is no complaint of physical pain or injury (RCW 10.120.010).

302.1.1 DEFINITIONS

Definitions related to this policy include (Washington State Office of the Attorney General Model Use of Force Policy):

Compression asphyxia - An inadequate oxygen level in the blood and/or an excessive increase of carbon dioxide in the blood causing unconsciousness or death brought on by mechanically limiting expansion of the lungs through compressing of the chest and/or abdomen, interfering with breathing.

Positional asphyxia - An inadequate oxygen level in the blood and/or an excessive increase of carbon dioxide in the blood causing unconsciousness or death brought on by a person being placed in a body position which compresses the person's airway and does not allow the person to breathe freely.

302.2 POLICY

The DuPont Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, the Transporting Persons in Custody Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed WCJTC-approved training or an equivalent on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.

DuPont Police Department

Policy Manual

Handcuffing and Restraints

- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

Restrained persons shall be monitored while in law enforcement custody (Washington State Office of the Attorney General Model Use of Force Policy).

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg restraints, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure themselves or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances, and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the detainee, officers, or others. See the Transporting Persons in Custody Policy for guidelines relating to transporting pregnant persons.

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless suspected of committing a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure themselves, injure the officer, or damage property.

Members who are school resource officers should only use restraints on a student participating in school-sponsored instruction or activity when there is an imminent likelihood of serious harm and pursuant to the school policy for students and staff (RCW 28A.600.485).

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed regardless of the circumstances.

DuPont Police Department

Policy Manual

Handcuffing and Restraints

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

The above procedures shall be noted in the incident report. If an officer is unable to double lock and/or check the fit of the handcuffs because of violent behavior of the offender, the inability to double lock or fit check shall be documented.

Nylon or plastic handcuffs should be removed with appropriate cutters. If appropriate cutters are not available to remove them, nylon or plastic handcuffs should not be used. A knife shall not be used to remove nylon or plastic handcuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT GUARDS

A spit guard (sometimes referred to as spit hood, spit mask, or spit sock) is a woven mesh device which can be placed over a person's head and face with the intent of preventing or reducing the transmission of infectious disease through saliva, mucous, and blood. Officers shall only use department-issued spit guards (Washington State Office of the Attorney General Model Use of Force Policy).

Spit guards may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Prior to application of a spit guard, an officer shall warn the individual and provide a reasonable time for the person to comply with the officer's commands. If applied, the officer shall remove the spit guard as soon as the threat of spitting or biting has ended, or the officer observes that the spit guard is no longer necessary.

Officers utilizing spit guards should ensure that the spit guard is fastened properly according to the manufacturer's instructions to allow for adequate ventilation and that the restrained person can breathe normally. After application of a spit guard and when safe to do so, officers shall move the individual into a seated or side recovery position. Officers shall provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. For individuals in mental health crisis, application of a spit guard may provoke an elevated level of distress. Officers should provide verbal reassurance and dynamically assess the situation to remove the spit guard as soon as appropriate. Officers should avoid commingling those wearing spit guards with others and detainees.

Spit guards should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a

Handcuffing and Restraints

medical condition that affects their breathing, or the person demonstrates symptoms of labored or distressed breathing. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit guard, the spit guard should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head, and clothing, prior to application of a spit guard.

Those who have been placed in a spit guard shall be continually monitored and shall not be left unattended until the spit guard is removed. In the event of a medical emergency, spit guards should be removed immediately. Spit guards shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg restraints, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints (e.g., hobble restraints) may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from their own actions (e.g., hitting their head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on the person's stomach for an extended period, as this could reduce the person's ability to breathe.

DuPont Police Department

Policy Manual

Handcuffing and Restraints

- (d) The restrained person shall be continually monitored by an officer while in the leg restraint (Washington State Office of the Attorney General Model Use of Force Policy). The officer should ensure that the person does not roll onto and remain on the person's stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

Officers shall not connect or assist with connecting a leg restraint to handcuffs or other types of restraints (i.e., hog-tie an individual) (Washington State Office of the Attorney General Model Use of Force Policy; RCW 10.116.022).

302.8 POSITIONAL ASPHYXIATION AND COMPRESSION ASPHYXIATION

Consistent with training, officers shall take the following actions to reduce the risk of positional asphyxiation and compression asphyxiation (Washington State Office of the Attorney General Model Use of Force Policy):

- (a) As soon as safe and feasible after handcuffing or otherwise restraining a person taken to the ground, roll the person to the side and move the person to an upright position that does not impede the mechanism of normal breathing, except if the person is unconscious. This requirement is especially important when the person is handcuffed in the prone position.
 - 1. An exception is if the person is conscious and expresses a desire to be placed in a different position, the officers shall place the person in that position unless doing so poses a substantial risk of safety to the individual, officers, or others.
- (b) Do not put prolonged pressure on the chest, neck, or back, including by sitting, kneeling, or standing.
- (c) Continuously monitor the person's condition while being restrained, as death can occur suddenly and develop beyond the point of viable resuscitation within seconds. Monitoring includes but is not limited to assessing the adequacy of the individual's breathing, color, and any impairment as verbalized by the individual.
- (d) Whenever possible during team restraint when manpower limitations allow, the ranking officer shall designate a safety officer. The safety officer shall monitor the health and welfare of the person until:
 - 1. Responsibility is transferred to a health care professional (e.g., emergency medical technician (EMT), paramedic); or
 - 2. The person is placed in a seated position in a transport vehicle and verbalizes to the safety officer that the person feels okay, and the person appears to the safety officer to be well and speaking normally.
- (e) If the safety officer becomes aware of an issue with the person's breathing, color, or any impairment, the safety officer shall inform the ranking officer.
- (f) Do not transport a restrained person in the prone position.

DuPont Police Department

Policy Manual

Handcuffing and Restraints

302.9 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers shall document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person (Washington State Office of the Attorney General Model Use of Force Policy):

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

302.9.1 SCHOOL RESOURCE OFFICERS

Members working as school resource officers shall prepare a report pursuant to RCW 28A.600.485 and provide a copy to the school administrator whenever a student is restrained in a room or other enclosure or restrained by handcuffs or other restraint devices during school-sponsored instructions or activities.

302.10 TRAINING

The Training Sergeant should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg restraints, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
- (e) Proper placement of safely secured persons into an upright or seated position to avoid placement on the stomach for an extended period, as this could reduce the person's ability to breathe.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.1.1 DEFINITIONS

Definitions related to this policy include (Washington State Office of the Attorney General Model Use of Force Policy):

Oleoresin capsicum (OC) - An inflammatory agent that causes an intense burning sensation of the eyes, nose, mouth, and skin, which may result in closing, tearing, and swelling of the eyes, as well as choking, gagging, and gasping for breath.

Tear gas - Chloroacetophenone (CN), O-chlorobenzylidene malononitrile (CS), and any similar chemical irritant dispersed in the air for the purpose of producing temporary physical discomfort or permanent injury. "Tear gas" does not include oleoresin capsicum (RCW 10.116.030).

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the DuPont Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING, AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training and have demonstrated satisfactory skill and proficiency in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain, or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 WATCH SUPERVISOR RESPONSIBILITIES

The Watch Supervisor may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

DuPont Police Department

Policy Manual

Control Devices and Techniques

303.4.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. Officers shall not intentionally strike vital areas, including the head, neck, face, throat, spine, groin, or kidney unless deadly force is justified. Officers shall reassess the effectiveness of baton strikes as soon as safe and feasible, and if not effective, move to another appropriate target or to another tactical or physical force option. Officers shall not use a baton to intimidate a person when a baton warning is not justified by the threat presented (see the Use of Force Policy) (Washington State Office of the Attorney General Model Use of Force Policy).

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 TEAR GAS GUIDELINES

Officers or other members are not authorized to use tear gas unless necessary to alleviate a present risk of serious harm posed by a (RCW 10.116.030):

- (a) Riot.
- (b) Barricaded subject.
- (c) Hostage situation.

Only the Watch Supervisor, Incident Commander, or [Crisis Response Unit] Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary, and other alternatives to the use of tear gas have been exhausted (RCW 10.116.030).

If tear gas is to be used outside a correctional, jail, or detention facility, authorization shall be obtained from the highest elected official of the jurisdiction in which the tear gas is to be used (RCW 10.116.030).

DuPont Police Department

Policy Manual

Control Devices and Techniques

Prior to any use, an announcement shall be made of the intent to use tear gas. Sufficient time and space shall be allowed for compliance with the announcement (RCW 10.116.030).

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM GUIDELINES

As with other control devices, oleoresin capsicum spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

After the initial application of OC spray, each subsequent application must also be justified.

OC spray is not appropriate in an enclosed, highly populated space where there is a likelihood of impacting uninvolved persons, except where OC spray is the only available and appropriate force option. Officers deploying OC will attempt to avoid or minimize incidental exposure to non-involved persons (Washington State Office of the Attorney General Model Use of Force Policy).

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine, or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the use of deadly force is justified (see the Use of Force Policy).

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

DuPont Police Department

Policy Manual

Control Devices and Techniques

303.7.3 TREATMENT FOR OC SPRAY EXPOSURE

At the earliest safe opportunity at a scene controlled by law enforcement, an officer shall take action to address the effects of the OC by flushing the person's eyes out with clean water and ventilating with fresh air, if possible (Washington State Office of the Attorney General Model Use of Force Policy). Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles are designed to stun, temporarily incapacitate, or cause temporary discomfort without penetrating the person's body (Washington State Office of the Attorney General Model Use of Force Policy). When used properly, kinetic energy projectiles are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease their actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm themselves or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

DuPont Police Department

Policy Manual

Control Devices and Techniques

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

An officer should target the buttocks, thigh, calf, and large muscle groups (Washington State Office of the Attorney General Model Use of Force Policy). Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. Officers should not use kinetic energy projectiles in the following circumstances unless the use of deadly force is justified (see the Use of Force Policy) (Washington State Office of the Attorney General Model Use of Force Policy):

- (a) When intentionally aiming kinetic energy projectiles at the head, neck, chest, or groin.
- (b) At ranges that are inconsistent with the projectile manufacturer's guidelines.
- (c) Directed at a person who is situated on an elevated surface (e.g., a ledge, scaffold, near a precipice) unless reasonable efforts have been made to prevent or minimize a fall-related injury (e.g., deploying a safety net).

An officer deploying kinetic energy projectiles shall assess the effectiveness of the projectiles after each shot. If subsequent projectiles are needed, the officer should consider aiming at a different targeted area.

303.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect

Control Devices and Techniques

the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.10 TRAINING FOR CONTROL DEVICES

The Training Sergeant shall ensure that all personnel who are authorized to carry a control device have been properly trained, have demonstrated satisfactory skill and proficiency, are certified to carry the specific control device, and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Application of OC or other chemical agents against an animal shall not be considered a reportable use of force.

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED).

304.1.1 DEFINITIONS

Definitions related to this policy include (Washington State Office of the Attorney General Model Use of Force Policy):

Conducted energy device - A portable device that fires darts/electrodes that transmit an electrical charge or current intended to temporarily immobilize a person.

304.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed department-approved training and have demonstrated satisfactory skill and proficiency may be issued and may carry the CED.

An officer that is issued a CED is expected to carry it as an option to be considered when deadly force is not justified (Washington State Office of the Attorney General Model Use of Force Policy).

The Rangemaster should keep a log of issued CEDs and the serial numbers of cartridges/magazines issued to members.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department inventory.

Officers shall only use the CED and cartridges/magazines that have been issued by the Department. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the CED shall wear the device in an approved holster.

An officer shall carry a CED in a holster on the support side of the body, and in all but extreme circumstances, shall draw, exhibit, and use the device with the support (i.e., non-handgun firing) hand (Washington State Office of the Attorney General Model Use of Force Policy).

- (a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) For single-shot devices, whenever practicable, officers should carry an additional cartridge on their person when carrying the CED.
- (c) Officers should not hold a firearm and the CED at the same time.

Non-uniformed officers may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

DuPont Police Department

Policy Manual

Conducted Energy Device

304.3.1 USER RESPONSIBILITIES

Officers shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Rangemaster for disposition. Officers shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

304.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying a CED may be considered for officer safety.

304.5.1 APPLICATION OF THE CED

The CED may be used when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themselves, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

DuPont Police Department

Policy Manual

Conducted Energy Device

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes (Washington State Office of the Attorney General Model Use of Force Policy):

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) In any environment where an officer knows or has reason to believe that a potentially flammable, volatile, or explosive material is present that might be ignited by an open spark, including but not limited to OC spray with a volatile propellant, gasoline, natural gas, or propane.
- (f) Individuals who are situated on an elevated surface (e.g., a ledge, scaffold, near a precipice) unless reasonable efforts have been made to prevent or minimize a fall-related injury (e.g., deploying a safety net).
- (g) Individuals known to be located in water.
- (h) Operators in physical control of vehicles in motion, including automobiles, trucks, motorcycles, all-terrain vehicles, bicycles, and scooters unless deadly force is justified.

The primary use of a CED is not as a pain compliance tool. Drive-stun mode should only be used when necessary to complete the incapacitation circuit where only one probe has attached to the person, where both probes attached in close proximity, or when no other alternatives to deadly force are available and appropriate (Washington State Office of the Attorney General Model Use of Force Policy).

304.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, chest, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CED

Officers shall apply the CED for only one standard cycle of five seconds or less and then evaluate the situation before applying any subsequent cycles (Washington State Office of the Attorney General Model Use of Force Policy). Once an officer has successfully deployed two probes

DuPont Police Department

Policy Manual

Conducted Energy Device

on the subject, the officer shall continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

Multiple applications of the CED increase the risk of serious bodily injury or death. Officers should not intentionally deploy multiple CEDs at the same person, unless the first deployed CED clearly fails. An officer shall consider other options if the officer has used a CED three times against a person and the person continues to be a threat, as the CED may not be effective against that person (Washington State Office of the Attorney General Model Use of Force Policy).

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the officer must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, officers shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

304.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective. Application of a CED against an animal is a reportable use of force.

304.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department CEDs while off-duty.

Officers shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Officers shall clearly articulate and document the justification for each individual application of the CED in the related arrest/crime reports and the CED report forms (Washington State Office of the Attorney General Model Use of Force Policy). Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the CED report form. Notification shall also

DuPont Police Department

Policy Manual

Conducted Energy Device

be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using a department-approved process to preserve the data.

304.6.1 CED REPORT FORM

As applicable based on the device type, items that shall be included in the CED report form are:

- (a) The brand, model, and serial number of the CED and any cartridge/magazine.
- (b) Date, time, and location of the incident.
- (c) Whether any warning, display, laser, or arc deterred a subject and gained compliance.
- (d) The number of probes deployed, CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the CED was used.
- (f) The type of mode used (e.g., probe deployment, drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

The Training Sergeant should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Sergeant should also conduct audits of CED device data downloaded to an approved location and reconcile CED report forms with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

304.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing CEDs

Conducted Energy Device

304.7 MEDICAL TREATMENT

At the earliest safe opportunity at a scene controlled by law enforcement, officers trained in probe removal and handling shall remove CED probes, unless probes are in a sensitive area, such as the head, breast, or groin. Probes in sensitive areas shall be removed by an emergency medical technician (EMT), paramedic, or other health care professional (Washington State Office of the Attorney General Model Use of Force Policy). Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by a supervisor or Rangemaster and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

Conducted Energy Device

304.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial department-approved training and demonstrating satisfactory skill and proficiency. Any personnel who have not carried the CED as a part of their assignments for a period of six months or more shall be recertified by a qualified CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of an officer's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Training Sergeant. All training and proficiency for CEDs will be documented in the officer's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Officers who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Sergeant is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injuries and should not be mandatory for certification.

The Training Sergeant should include the following training:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, chest, and groin.
- (e) Scenario-based training, including virtual reality training when available.
- (f) Handcuffing a subject during the application of the CED and transitioning to other force options.
- (g) De-escalation techniques.
- (h) Restraint techniques that do not impair respiration following the application of the CED.
- (i) Proper use of cover and concealment during deployment of the CED for purposes of officer safety.
- (j) Proper tactics and techniques related to multiple applications of CEDs.

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the DuPont Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's action.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the DuPont Police Department would control the investigation if the suspect's crime occurred in DuPont.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

DuPont Police Department

Policy Manual

Officer-Involved Shootings and Deaths

305.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.4.3 ADMINISTRATIVE INVESTIGATION

Regardless of where the incident occurs, the administrative investigation of each involved officer is controlled by the respective employing agency.

305.4.4 OFFICER/DEPUTY USE OF FORCE INVESTIGATIONS

Where the use of deadly force by an officer results in death, substantial bodily harm, or great bodily harm, an investigation shall be completed by an independent investigative team that is independent of the Department and meets the independent investigations criteria of the Criminal Justice Training Commission (RCW 10.114.011; WAC 139-12-020; WAC 139-12-030).

305.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED OFFICERS RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved DPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved DPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 - 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

DuPont Police Department

Policy Manual

Officer-Involved Shootings and Deaths

- (b) If necessary, the supervisor may administratively order any DPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 - 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 - 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Watch Supervisor and the Communications Center. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional DPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) If the suspect or other party is injured, the on-scene supervisor should assign an officer to accompany the person to the hospital. The officer is to secure and maintain custody of the suspect until properly relieved. The officer shall secure all the suspect's clothing and property. Property taken from the suspect shall be considered evidence until released by the assigned investigator.
- (f) As soon as practicable, ensure that each of the officers involved in the application of deadly force are assigned a liaison officer and transported (separately, if feasible) to a suitable location for further direction.
 - 1. Each involved DPD officer should be given an administrative order not to discuss the incident with other involved officers or DPD members pending further direction from a supervisor.
 - 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that the officer is provided with a comparable replacement weapon or transported by other officers. Do not reload or unload the involved officer's handgun except in an emergency.

305.5.3 WATCH SUPERVISOR RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Watch Supervisor shall be responsible for coordinating all aspects of the incident until relieved by the Chief of Police or a Bureau Chief.

All outside inquiries about the incident shall be directed to the Watch Supervisor.

305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Operations Bureau Chief
- Officer-Involved Shooting Protocol rollout team
- Outside agency investigators (if appropriate)

DuPont Police Department

Policy Manual

Officer-Involved Shootings and Deaths

- Internal Affairs supervisor
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)
- Press Information Officer

305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.
 1. Involved DPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 2. Requests from involved non-DPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved DPD officer. A licensed psychotherapist may also be provided to any other affected DPD members, upon request.
 1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications between the involved officer and a peer support member or a peer support group counselor is addressed in the Wellness Program Policy.
- (f) If an involved officer is injured, a supervisor or designee will be assigned to respond to the hospital to act as a liaison between medical personnel and the Department. The supervisor or designee is responsible for the injured officer's property and providing security for the officer.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

DuPont Police Department

Policy Manual

Officer-Involved Shootings and Deaths

Each involved DPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Watch Supervisor to make schedule adjustments to accommodate such leave.

305.6 CRIMINAL INVESTIGATION

The Independent Investigation Team is responsible for the criminal investigation into the circumstances of any officer-involved use of deadly force resulting in serious bodily injury or death. At the conclusion of the investigation, the Pierce County Prosecuting Attorney's Office will review the case file for analysis and any charging decision.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) DPD supervisors and Internal Affairs personnel should not participate directly in any voluntary interview of DPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of the officer's choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) The timing of any voluntary statement by an involved officer will be coordinated between the investigator and the officer's legal representation and should occur within a reasonable time. The officer's physical and emotional well-being should be a consideration in the timing of the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 REPORTS BY INVOLVED DPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved DPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved DPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

DuPont Police Department

Policy Manual

Officer-Involved Shootings and Deaths

Nothing in this section shall be construed to deprive an involved DPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to their departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Criminal Investigations Unit supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the County Prosecutor's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the County Prosecutor's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Criminal Investigations Unit supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Bureau Chief.

DuPont Police Department

Policy Manual

Officer-Involved Shootings and Deaths

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved DPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Internal Affairs and will be considered a confidential peace officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of their prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview. Any involved officer shall not be compelled to participate in an interview within 72 hours of the incident.
 - 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 - 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, the officer should be given their *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Internal Affairs shall complete all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 - 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review board,

DuPont Police Department

Policy Manual

Officer-Involved Shootings and Deaths

which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.8 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death shall be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

305.9 DEBRIEFING

Following an officer-involved shooting or death, the DuPont Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

305.9.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.10 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Watch Supervisor, Operations Bureau Chief and Press Information Officer in the event of inquiries from the media.

No involved DPD officer shall make any comment to the media unless the officer is authorized by the Chief of Police or a Bureau Chief.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

Firearms

306.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance, and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

- (e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.

DuPont Police Department

Policy Manual

Firearms

- (g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Rangemaster approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

306.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Department-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

306.5.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability.

306.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

306.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least biannually with their duty firearms. Members will qualify annually with off-duty and secondary firearms. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a

DuPont Police Department

Policy Manual

memorandum to their immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up.
 - 2. Failure to meet minimum standards or qualify after remedial training.

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

306.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to the member's supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with the member's Bureau Chief or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

DuPont Police Department

Policy Manual

Firearms

The Watch Supervisor shall be notified and determine if response is required. The Operations Bureau Chief will be notified and shall determine investigative needs. The involved officer will write an incident report regarding the circumstances.

306.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

The Watch Supervisor shall be notified and determine if response is required. The Operations Bureau Chief will be notified and shall determine investigative needs. The involved officer will write an incident report regarding the circumstances.

306.7.3 WARNING SHOTS

An officer shall not use a firearm to fire a warning shot (Washington State Office of the Attorney General Model Use of Force Policy).

306.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Sergeant after each range date. Failure of any officer to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspections, at least once a year, of all duty weapons carried by officers of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to the member's personally owned firearm; it will not be returned to service until inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Sergeant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Sergeant.

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their DuPont Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The DuPont Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the DuPont Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail the officer's itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of the officer's assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on their person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

DuPont Police Department

Policy Manual

Firearms

- (a) The officer shall carry their DuPont Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active permits from other states are subject to all requirements set forth in 18 USC § 926B.

306.11 RETIREE PURCHASE OF DEPARTMENT-ISSUED DUTY HANDGUN

A sworn officer employed by the Department for a period of at least 10 years and who has retired in good standing or received a service disability retirement not related to a mental or emotional disorder may be authorized to purchase their department-issued duty handgun in accordance with the [accompanying procedure](#).

Officer Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides officers with guidelines for the safe and appropriate vehicular response to emergency and non-emergency incidents or requests for assistance, whether these are dispatched or self-initiated.

308.2 POLICY

It is the policy of this department to appropriately respond to emergency and non-emergency calls for service or requests for assistance, whether these are dispatched or self-initiated.

308.3 RESPONSE TO CALLS

Officers responding to non-emergency calls shall proceed accordingly, unless they are sent or redirected to a higher priority call, and shall obey all traffic laws.

308.3.1 EMERGENCY CALLS

Officers responding to an emergency call shall proceed immediately as appropriate and shall continuously operate the emergency vehicle lighting and siren as required by law.

Officers should only respond to a call as an emergency response when so dispatched or when circumstances reasonably indicate an emergency response is required. This includes but is not limited to:

- (a) When in pursuit or apprehending a violator or suspected violator.
- (b) When responding to a reported emergency involving possible personal injury, death, or significant property damage.
- (c) When immediate assistance is requested by an officer or other law enforcement agency.

If an officer believes an emergency response to any call is appropriate, the officer shall immediately notify the dispatcher. Officers not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.4 REQUESTING EMERGENCY ASSISTANCE

When requesting emergency assistance, the involved department member should reasonably believe there is an imminent threat to the safety of the member or another person, or that assistance is needed to prevent imminent serious harm to the public.

If circumstances permit, the requesting member should provide the following information:

- Identifying call sign
- Location of the emergency situation
- Suspect information, including weapons
- Reason for the request and type of emergency

DuPont Police Department

Policy Manual

Officer Response to Calls

- The number of officers or resources required
- Hazards and any known or potential dangers for responding officers

In any event where a situation has stabilized and emergency response is not required, the requesting member shall immediately notify the dispatcher.

308.5 SAFETY CONSIDERATIONS

Responding with emergency lights and siren does not relieve the operator of an emergency vehicle of the duty to continue to drive with due regard for the safety of all persons and property, and does not protect the operator from the consequences of reckless disregard for the safety of others. However the officer may, when responding to a call with an emergency response, and provided there is no endangerment or unnecessary risk to persons and property (RCW 46.61.035):

- Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- Exceed the speed limit.
- Disregard regulations governing parking, direction of movement or turning in specified directions.

308.5.1 NUMBER OF OFFICERS ASSIGNED

The number of officers assigned to respond to an emergency call or request for assistance should be limited to that which is reasonably necessary.

An emergency response involving more than one police vehicle should be coordinated by the Communications Center to avoid any unanticipated intersecting of response routes. The dispatcher shall notify the Watch Supervisor or field supervisor, who will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

308.5.2 MOTORCYCLES

An officer operating a police motorcycle should not be assigned to an emergency response. However, an officer operating a police motorcycle in an emergency response should be replaced by an authorized emergency vehicle equipped with emergency lights and siren as soon as practicable.

308.6 EMERGENCY EQUIPMENT

Vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in an emergency response. Officers in such vehicles may provide support to pursuing vehicles as long as the vehicles are operated in compliance with all traffic laws. Those officers should terminate their involvement in any emergency response immediately upon arrival of a sufficient number of emergency law enforcement vehicles.

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and continue accordingly. The officer shall notify the Watch Supervisor, field supervisor or the dispatcher of the equipment failure so that another officer may be assigned to the emergency response.

DuPont Police Department

Policy Manual

Officer Response to Calls

308.7 OFFICER RESPONSIBILITIES

The decision to initiate or continue an emergency response is at the discretion of the officer. If, in the officer's judgment, the weather, traffic and road conditions do not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify the dispatcher. An officer shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon receiving authorization or determining that an emergency response is appropriate, whenever practicable, an officer shall immediately give the location from which the officer is responding.

The first officer arriving at the emergency call should determine whether to increase or reduce the level of the response of additional officers and shall notify the dispatcher of their determination. Any subsequent change in the appropriate response level should be communicated to the dispatcher by the officer in charge of the scene unless a supervisor assumes this responsibility.

308.8 THE COMMUNICATIONS CENTER

When information reasonably indicates that the public is threatened with serious injury or death, or an officer requests emergency assistance and immediate law enforcement response is needed, the dispatcher shall assign an emergency response and ensure acknowledgement and response of handling and assisting officers. In all other circumstances, the dispatcher shall obtain authorization from the Watch Supervisor or a field supervisor prior to assigning an emergency response.

308.8.1 RESPONSIBILITIES

Upon notification or assignment of an emergency response, the dispatcher is responsible for:

- (a) Confirming the location from which the officer is responding or requesting assistance.
- (b) Attempting to assign the closest available assisting officers to the location of the emergency call.
- (c) Continuing to obtain and broadcast information as necessary concerning the response and monitoring the situation until it is stabilized or terminated.
- (d) Notifying and coordinating allied emergency services (e.g., fire, emergency medical services).
- (e) Notifying the Watch Supervisor as soon as practicable.
- (f) Controlling all radio communications during the emergency and coordinating assistance under the direction of the Watch Supervisor or field supervisor.

308.9 SUPERVISOR RESPONSIBILITIES

Upon being notified that an emergency response has been initiated or requested, the Watch Supervisor or the field supervisor shall verify that:

- (a) The proper response has been initiated.

DuPont Police Department

Policy Manual

Officer Response to Calls

- (b) No more than those officers reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing officers into or out of the response, if necessary. If, in the supervisor's judgment, the circumstances require additional officers to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Watch Supervisor or the field supervisor should consider:

- The type of call or crime involved.
- The type and circumstances of the request.
- The necessity of a timely response.
- Weather, traffic and road conditions.
- The location of the responding officers and the location of the incident.

Canines

309.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community including, but not limited to, locating individuals and contraband and apprehending criminal offenders.

309.2 POLICY

It is the policy of the DuPont Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

309.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Operations to function primarily in assist or cover assignments. However, they may be assigned by the Watch Supervisor to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Watch Supervisor.

309.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Operations division or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

309.5 REQUESTS FOR CANINE TEAMS

Operations Division members are encouraged to request the use of a canine. Requests for a canine team from outside of the DuPont Police Department shall be reviewed by the Watch Supervisor.

DuPont Police Department

Policy Manual

Canines

A field supervisor or Watch Supervisor may request the use of an outside agency canine team to help resolve any critical incident that occurs in the City of DuPont.

309.5.1 OUTSIDE AGENCY REQUEST

All requests for DuPont Police Department canine assistance from outside agencies must be approved by the Watch Supervisor and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that the canine handler deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

309.5.2 PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

309.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officers, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

DuPont Police Department

Policy Manual

Canines

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Supervisor. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

309.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever the canine handler deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

309.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine

DuPont Police Department

Policy Manual

Canines

momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of their decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

309.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

309.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make themselves known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

DuPont Police Department

Policy Manual

Canines

309.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

309.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

309.8 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

- (a) An officer who is currently off probation.
- (b) Residing in an adequately fenced single-family residence (minimum 5-foot-high fence with locking gates).
- (c) A garage that can be secured and can accommodate a canine vehicle.
- (d) Living within 30 minutes travel time from the DuPont City limits.

DuPont Police Department

Policy Manual

Canines

- (e) Agreeing to be assigned to the position for a minimum of three years.

309.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under the handler's control in a clean and serviceable condition.
- (c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
- (d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the DuPont Police Department facility.
- (e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (g) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (h) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Supervisor.
- (j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Supervisor.
- (k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

309.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.

DuPont Police Department

Policy Manual

Canines

- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

309.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement/memorandum of understanding (29 USC § 207).

309.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Supervisor as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

309.12 TRAINING AND CERTIFICATION

Before assignment in the field, each canine team shall be trained and certified to meet current Criminal Justice Training Commission (CJTC) standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current CJTC standards (WAC 139-05-915).

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Watch Supervisor.

309.12.1 CONTINUED TRAINING

Each canine team shall be recertified to current CJTC standards. A canine team's certification will automatically expire if the handler and canine originally paired at the time of certification are no longer working together, or if the function for which the team was certified changes (WAC 139-05-915). Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the DuPont Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.

DuPont Police Department

Policy Manual

Canines

- (c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

309.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

309.12.3 TRAINING RECORDS

A record for each canine that includes training, performance and identification records, and that meets CJTC requirements, shall be created and maintained in the canine handler's and the canine's training file.

309.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the DuPont Police Department may work with outside trainers with the applicable licenses or permits.

309.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (21 USC § 823(g); RCW 69.50.302; RCW 69.50.508; WAC 246-945-060).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the DuPont Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.

DuPont Police Department

Policy Manual

Canines

- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Evidence Room or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

309.12.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (18 USC § 842; 27 CFR 555.41; RCW 70.74.191(4)).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

Domestic Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Domestic violence - Physical harm, bodily injury, assault, or the infliction of fear of imminent physical harm, bodily injury or assault, sexual assault, coercive control, unlawful harassment, or stalking of one intimate partner by another intimate partner or of one family or household member by another family or household member (RCW 10.99.020; RCW 7.105.010).

310.2 POLICY

The DuPont Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.

DuPont Police Department

Policy Manual

Domestic Violence

- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Criminal Investigations Unit in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
 - 1. Officers who have probable cause that a crime has been committed shall lawfully seize all firearms and ammunition that they reasonably believe were used or threatened to be used in the commission of the offense. Officers shall also seize all firearms in plain sight or discovered in a lawful search. Officers shall request consent to take temporary custody of any other firearms and ammunition that the alleged suspect may have access to (RCW 10.99.030).
 - 2. Officers shall separate the victim and inquire whether there are any firearms or ammunition in the home, whether the suspect has access to any firearms either on the premises or stored elsewhere, whether the suspect has a concealed pistol license, and whether a firearm has ever been used by the suspect under other circumstances that could be threatening or coercive (RCW 10.99.030).
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.

DuPont Police Department

Policy Manual

Domestic Violence

4. The physical or emotional state of either party.
 5. Use of drugs or alcohol by either party.
 6. Denial that the abuse occurred where evidence indicates otherwise.
 7. A request by the victim not to arrest the suspect.
 8. Location of the incident (public/private).
 9. Speculation that the complainant may not follow through with the prosecution.
 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 11. The social status, community status, or professional position of the victim or suspect.
 12. Marital status of the suspect and victim.
- (k) Unless doing so would jeopardize the criminal investigation, the victim should be apprised of investigative plans such as when the suspect or witnesses are going to be interviewed and any plans for making an arrest.

310.4.1 HOSPITALIZED VICTIM

When responding to a medical facility regarding an injured person, officers should make a reasonable attempt to determine whether the injury was a result of domestic violence prior to contacting the victim or person who reported the incident.

If domestic violence is suspected, contact should be made with the medical facility representatives out of the view and hearing of the victim and any potential suspects when practical.

310.4.2 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.3 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

DuPont Police Department

Policy Manual

Domestic Violence

310.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters, and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if the victim has sustained injury or complains of pain.
- (f) Ask the victim whether the victim has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a safety concern or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate (RCW 10.99.040).

310.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

310.7.1 CANADIAN COURT ORDERS

Any foreign court order properly issued in Canada shall be enforced by an officer as a foreign court order above. Any notice, if required, should be made in compliance with RCW 26.55.020.

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a

DuPont Police Department

Policy Manual

Domestic Violence

violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about the notice or receipt of the order, knowledge of its terms, and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

310.9 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) The primary duty of officers when responding to a domestic violence situation is to enforce the laws allegedly violated and to protect the complaining party (RCW 10.99.030(1)).
- (b) When an officer responds to a domestic violence call and has probable cause to believe that a crime has been committed, an arrest shall be made pursuant to the criteria in RCW 10.31.100 (RCW 10.99.030(2)(a)).
- (c) When an officer has confirmed that a valid court order exists and has probable cause to believe the defendant has violated that order, the officer shall make a physical arrest (RCW 10.99.055; RCW 10.31.100(2)). Whenever a member of this department serves or assists in serving a court order and that service is completed, a return of service form shall be completed and submitted to the Washington Crime Information Center (WACIC).

310.10 REPORTS AND RECORDS

- (a) Officers responding to a domestic violence call shall take a complete offense report, including the disposition of the case (RCW 10.99.030(2)(b)).
 - 1. The report shall include all information about firearms and concealed pistol licenses and be properly coded to alert any officials reviewing the report to the existence of the information concerning firearms (RCW 10.99.030).
- (b) All such reports should be documented under the appropriate crime classification and should use the distinction "Domestic Violence" in the Type of Crime box of the crime report form (RCW 10.99.035).
- (c) Whenever there is probable cause to believe that a crime has been committed and unless the case is under active investigation, the Criminal Investigations Supervisor shall ensure that all domestic violence crime reports are forwarded to the County

DuPont Police Department

Policy Manual

Domestic Violence

Prosecutor's Office within 10 days of the date the incident was reported (RCW 10.99.035).

- (d) The Records Manager shall ensure that accurate records of domestic violence incidents are maintained and submitted to the Washington Association of Sheriffs and Police Chiefs, in accordance with state law (RCW 10.99.035).
- (e) The Records Manager should ensure that the original receipt issued for any firearm, dangerous weapon, or pistol license surrendered after service of a protection order is filed with the court within 24 hours of service of the order and retain a copy of the receipt electronically if available (RCW 9.41.801).

310.11 ENTRY OF COURT ORDERS

The Records Manager shall ensure that orders received from the court are entered into the WACIC or other applicable criminal intelligence information system for one year or until the expiration date specified on the order (RCW 10.99.040; RCW 10.99.050).

310.12 SERVICE OF COURT ORDERS

The officer serving a protection order, no-contact order, or restraining order that includes an order to surrender all firearms, dangerous weapons, and a concealed pistol license under RCW 9.41.800 shall (RCW 9.41.801):

- (a) Advise the subject that the order is effective upon service.
- (b) Request that any firearms, dangerous weapons, and any concealed pistol license be immediately surrendered. Officers shall take possession of any firearms discovered in plain view, lawful search, or consent from the subject.
 - 1. If the subject indicates by word or action an intent to not comply with a request to surrender firearms, dangerous weapons, or a concealed pistol license, consideration should be given to obtaining a search warrant for seizure.
- (c) Issue a receipt for any surrendered items.
 - 1. The officer should ensure the original receipt is forwarded to the Records Manager as soon as practicable for filing with the court.

All firearms and weapons collected shall be handled and booked in accordance with the Property and Evidence Policy.

310.12.1 ELECTRONIC SERVICE OF COURT ORDERS

When an officer petitions the court ex parte for an emergency protection order on behalf of the victim and the court does not include an order to surrender and prohibit weapons or an extreme risk protection order, or has verified that all firearms, dangerous weapons, and any concealed pistol license have been temporarily removed by law enforcement, service of the order on the respondent may be made electronically pursuant to the requirements of RCW 10.99.040.

310.13 ORDERS TO SHOW CAUSE

When the Department receives notice from the court of an order to show cause regarding the surrender of weapons, the Criminal Investigations Unit supervisor should consult with legal

DuPont Police Department

Policy Manual

Domestic Violence

counsel, as appropriate, to address any requirements involving the Department, including the following (RCW 9.41.801):

- (a) Fulfilling any additional service requirements for the order to show cause.
- (b) Providing the court with a complete list of firearms and other dangerous weapons surrendered by the person pursuant to the court order that are in the possession of the Department.
- (c) Providing the court with verification that any concealed pistol license was surrendered by the person pursuant to the court order and that an agency with authority to revoke the license has been notified.
- (d) Filing an affidavit with the court where there is reasonable suspicion that the person who is subject to the court order is not in full compliance with the terms, including the basis for the belief.

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for DuPont Police Department personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the DuPont Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate. Officers will remain current on the procedures and practices in the area of search and seizure.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and their familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

DuPont Police Department

Policy Manual

Search and Seizure

311.3.1 RESTRICTIONS ON CELL SITE SIMULATOR USE

A member may only install or use a pen register, trap and trace device, or cell site simulator device with a supporting court order or when there is both coordination with a prosecuting attorney and joint determination of probable cause to believe an emergency situation exists that involves immediate danger of death or serious bodily injury to a person. A court order must be obtained within 48 hours after installation of the pen register, trap and trace device, or cell site simulator device when an emergency situation exists (RCW 9.73.260).

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 - 1. Another officer or a supervisor should witness the search.
 - 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

311.4.1 FERRIER WARNINGS

A subject may provide consent for an officer to search their person or their property for contraband/evidence of a crime. The officer must inform the person with authority to do so that they may:

- (a) Refuse to consent
- (b) Revoke the consent at any time
- (c) Limit the scope of the consent given to certain areas

In these instances, a signed Consent to Search form should be obtained if possible.

311.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

DuPont Police Department

Policy Manual

Search and Seizure

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the DuPont Police Department (34 USC § 11133).

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent or alien juvenile who may be legally held for their own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for their protection, or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or a juvenile who has violated RCW 9.41.040(2)(a) by possessing a handgun (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

DuPont Police Department

Policy Manual

Temporary Custody of Juveniles

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

312.2 POLICY

The DuPont Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the DuPont Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the DuPont Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the DuPont Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

312.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the DuPont Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the DuPont Police Department without authorization of the arresting officer's supervisor or the Watch Supervisor. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult or transferred to a juvenile custody facility or to other authority as soon

DuPont Police Department

Policy Manual

Temporary Custody of Juveniles

as practicable and in no event shall a juvenile be held beyond six hours from the time of juvenile's entry into the Department (34 USC § 11133; RCW 13.04.116(b)).

The [accompanying procedure](#) provides additional guidance regarding the detention and release of juveniles.

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the DuPont Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133; RCW 43.185C.260).

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the DuPont Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, juvenile offenders may be taken into custody under the following circumstances (RCW 13.40.040(1)):

- (a) Pursuant to a court order.
- (b) Without a court order, by an officer if grounds exist for the arrest of an adult in identical circumstances.
- (c) When their parole has been suspended.

312.4.4 LIMITATIONS ON RELEASE OF JUVENILE OFFENDERS

Juveniles should be referred to the appropriate juvenile authority and not released to a parent or guardian when there is probable cause to believe the juvenile (RCW 13.40.040(2)):

- (a) Will likely fail to appear for further proceedings.
- (b) Needs protection from themselves.

312.4.5 VICTIMS OF SEXUAL EXPLOITATION

An officer may take a juvenile into custody to investigate possible sexual exploitation when the officer reasonably believes the juvenile is attempting to engage in sexual conduct for money or anything of value (RCW 43.185C.260).

In these cases, the officer should transport the juvenile to an authorized evaluation and treatment facility in coordination with a community service provider (RCW 43.185C.260) (see the Child Abuse Policy for any mandatory notification requirements).

312.5 ADVISEMENTS

When a juvenile offender is taken into custody, the officer should, as soon as practicable, notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody. If a juvenile is transported to Juvenile Detention, the staff will be advised if the parents have been notified. The [accompanying procedure](#) provides additional guidance regarding notification of parents and guardians.

Juveniles taken into custody should be advised the reason for the custody (RCW 43.185C.265).

312.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile being held.
- (b) Date and time of arrival and release from the DuPont Police Department.
- (c) Watch Supervisor notification and approval to temporarily hold the juvenile.
- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.
- (e) Any changes in status.
- (f) Time of all welfare checks.
- (g) Any medical and other screening requested and completed.
- (h) Circumstances that justify any secure custody.

DuPont Police Department

Policy Manual

Temporary Custody of Juveniles

312.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the DuPont Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

312.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the DuPont Police Department shall ensure the following:

- (a) The Watch Supervisor should be notified if it is anticipated that a juvenile may need to remain at the DuPont Police Department more than four hours. This will enable the Watch Supervisor to ensure no juvenile is held at the DuPont Police Department more than six hours.
- (b) Welfare checks and significant incidents/activities are noted on the log.
- (c) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
 - 1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
 - 2. This does not apply to surreptitious and legally obtained recorded interrogations.
- (d) A member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (e) There is reasonable access to toilets and wash basins.
- (f) There is reasonable access to a drinking fountain or water.
- (g) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (h) There are reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (i) There is privacy during family, guardian, and/or attorney visits.
- (j) Juveniles are generally permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Clean blankets are provided as reasonably necessary to ensure the comfort of an individual.

DuPont Police Department

Policy Manual

Temporary Custody of Juveniles

1. The supervisor should ensure that there is an adequate supply of clean blankets.
- (l) Adequate shelter, heat, light, and ventilation should be provided without compromising security or enabling escape.
- (m) Adequate furnishings are available, including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody (see the Temporary Custody of Adults Policy).
- (o) Discipline is not administered to any juvenile, nor will juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse.

312.9 RELIGIOUS ACCOMMODATION

Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

312.10 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the DuPont Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

312.10.1 PREGNANT JUVENILES

Juveniles who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.

312.11 PERSONAL PROPERTY

The personal property of a juvenile shall be processed in the same manner as an adult in temporary custody (see the Temporary Custody of Adults Policy).

An officer taking custody of a juvenile offender or status offender at the DuPont Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the DuPont Police Department.

312.12 SECURE CUSTODY

Only juvenile offenders 14 years and older may be placed in secure custody. Watch Supervisor approval is required before placing a juvenile offender in secure custody.

DuPont Police Department

Policy Manual

Temporary Custody of Juveniles

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to themselves or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

312.12.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (b) Juveniles shall have constant auditory access to department members.
- (c) Initial placement into and removal from a locked enclosure shall be logged.
- (d) Random personal visual checks of the juvenile by a staff member, no less than every 15 minutes, shall occur.
 - 1. All checks shall be logged.
 - 2. The check should involve questioning the juvenile as to their well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room.
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

312.13 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Operations Bureau Chief will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the DuPont Police Department. The procedures will address:

- (a) Immediate request for emergency medical assistance if appropriate.

DuPont Police Department

Policy Manual

Temporary Custody of Juveniles

- (b) Immediate notification of the on-duty supervisor, Chief of Police and Criminal Investigations Unit supervisor.
- (c) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- (d) Notification of the appropriate prosecutor.
- (e) Notification of the City Attorney.
- (f) Notification of the Medical Examiner.
- (g) Notification of the juvenile court.
- (h) Evidence preservation.

312.14 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent, to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (RCW 13.40.740):

- (a) There is a belief that the juvenile is a victim of trafficking as defined by RCW 9A.40.100.
- (b) Information is necessary to protect an individual's life from an imminent threat.
- (c) A delay to allow legal consultation would impede the protection of an individual's life from imminent threat.
- (d) The questions are limited to what is reasonably expected to obtain the information necessary to protect an individual's life from an imminent threat.

After a consultation, any assertion of constitutional rights by the juvenile through legal counsel must be treated as though it came from the juvenile. The waiver of any constitutional rights of the juvenile may only be made according to the requirements of RCW 13.40.140 (judicial rights) (RCW 13.40.740).

312.14.1 RECORDING OF INTERVIEWS OR INTERROGATIONS

Interrogations or interviews of juvenile suspects shall be recorded when conducted at a place of detention (RCW 10.122.020; RCW 10.122.030). See the Investigation and Prosecution Policy for specific recording requirements.

312.15 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

A juvenile offender may be photographed and fingerprinted as provided by RCW 43.43.735.

312.16 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Officers of this department shall not divulge any information regarding juveniles in situations where they are uncertain of the legal authority to do so.

DuPont Police Department

Policy Manual

Temporary Custody of Juveniles

312.16.1 RELEASE OF INFORMATION PURSUANT TO WASHINGTON LAW

Juvenile records are confidential and may be released only as provided in RCW 13.50.010 and RCW 13.50.050:

- (a) Information may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile is being pursued by the other participant, or when that other participant is assigned the responsibility for supervising the juvenile.
- (b) Information not in the juvenile court file that could not reasonably be expected to identify the juvenile or the juvenile's family may be released.
- (c) Following the decision to arrest, information about an investigation, diversion or prosecution of a juvenile, including an incident report, may be released to the school in which the juvenile is enrolled to assist in protecting other students, staff and school property.
- (d) Information about a juvenile offender, the offender's parent or guardian and the circumstances of the crime may be released to the victim or the victim's immediate family.
- (e) Information identifying child victims of sexual assault committed by juvenile offenders may be released only with the permission of the child victim or legal guardian.
- (f) A court may permit certain juvenile records to be released by rule or order.

It shall be the responsibility of the Records Manager and the appropriate Criminal Investigations Unit supervisors to ensure that personnel of those bureaus act within legal guidelines.

Adult Abuse

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for DuPont Police Department members as required by law.

313.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

313.2 POLICY

The DuPont Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

313.3 MANDATORY NOTIFICATION

Members of the DuPont Police Department shall notify the Washington State Department of Social and Health Services (DSHS) when there is reasonable cause to believe that abandonment, abuse, financial exploitation, or neglect of a vulnerable adult has occurred. Members shall also notify DSHS when there is reason to suspect sexual assault or physical assault or reasonable cause to believe that an act has caused fear of imminent harm. The Medical Examiner shall also be notified when there is reason to suspect that the death of a vulnerable adult was caused by abuse, neglect, or abandonment by another person (RCW 74.34.035).

For purposes of notification, the following definitions apply (RCW 74.34.020):

- Abandonment is action or inaction by a person or entity with a duty of care for a vulnerable adult that leaves the person without the means or ability to obtain necessary food, clothing, shelter, or health care.
- Abuse is intentional, willful, or reckless action or inaction that inflicts injury, unreasonable confinement or restraint, sexual abuse, physical abuse, financial exploitation, mental abuse, intimidation, or punishment.
- A vulnerable adult is a person who meets any of the following criteria:
 - (a) Is 60 years or older and who has the functional, mental, or physical inability to care for oneself.
 - (b) Is found by the superior court to be incapacitated under RCW 11.130.005 et seq.
 - (c) Has a developmental disability as defined under RCW 71A.10.020.
 - (d) Is admitted to any facility as defined in RCW 74.34.020 (e.g., assisted living facility, nursing home, other facility licensed by DSHS).

DuPont Police Department

Policy Manual

Adult Abuse

- (e) Is receiving services from an individual provider or licensed home health, hospice, or home care agency.
- (f) Self-directs self-care and receives services from a personal aide under RCW 74.39.001 et seq.

313.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (RCW 74.34.035):

- (a) All notification to DSHS shall be made immediately or as soon as practicable by telephone
- (b) Information provided shall include, if known:
 - 1. The name and address of the person making the report.
 - 2. The name and address of the vulnerable adult.
 - 3. The name and address of the facility or agency providing care for the vulnerable adult.
 - 4. The name and address of the legal guardian or alternate decision maker.
 - 5. The nature and extent of the abandonment, abuse, financial exploitation, neglect, or self-neglect.
 - 6. Any history of previous abandonment, abuse, financial exploitation, neglect, or self-neglect.
 - 7. The identity of the alleged perpetrator, if known.
 - 8. Any other information that may be helpful in establishing the extent of abandonment, abuse, financial exploitation, neglect, or the cause of death of the deceased vulnerable adult.

313.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

313.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated. If the investigation reveals that a crime may

DuPont Police Department

Policy Manual

Adult Abuse

have been committed, the City prosecutor shall be provided a written report of the incident (RCW 74.34.063(3)).

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom the victim made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

313.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for oneself, the officer should make reasonable attempts to contact DSHS. Generally, removal of an adult abuse victim from the abuse victim's family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from the abuse victim's family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to DSHS.

DuPont Police Department

Policy Manual

Adult Abuse

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without the person's consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency, or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency, or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

DuPont Police Department

Policy Manual

Adult Abuse

313.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Criminal Investigations Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including DSHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Criminal Investigations Unit supervisor that the officer has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

313.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Criminal Investigations Unit supervisor so an interagency response can begin.

313.10 STATE MANDATES AND OTHER RELEVANT LAWS

Washington requires or permits the following:

313.10.1 ARREST WITHOUT WARRANT

When an officer has confirmed that a valid court order for protection, including a temporary order, exists and has probable cause to believe that a person has violated that order, the officer has the authority to arrest the person without a warrant (RCW 10.31.100).

313.10.2 RECORDS SECTION RESPONSIBILITIES

The Records Section is responsible for:

- (a) Providing a copy of the adult abuse report to DSHS as required by law.
- (b) Retaining the original adult abuse report with the initial case file.

DuPont Police Department

Policy Manual

Adult Abuse

313.10.3 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (RCW 74.34.035(9); RCW 74.34.095).

313.10.4 PROTECTIVE ORDERS

In any situation which an officer reasonably believes that a vulnerable adult has been abused, abandoned, or subjected to financial exploitation or neglect, or threatened with such actions, the officer should obtain a protective order against the person alleged to have committed or threatened such abuse pursuant to RCW 74.34.110 or RCW 7.105.100.

313.11 TRAINING

The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

Discriminatory Harassment

314.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

314.2 POLICY

The DuPont Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

314.3 DEFINITIONS

Definitions related to this policy include:

314.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

DuPont Police Department

Policy Manual

Discriminatory Harassment

314.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

314.3.3 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

314.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and Washington State Human Rights Commission guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

314.4 RESPONSIBILITIES

This policy applies to all department members, who shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Human Resources Director, or the City Administrator.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment or discrimination, is

DuPont Police Department

Policy Manual

Discriminatory Harassment

encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

314.4.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Human Resources Director, or the City Administrator for further information, direction, or clarification.

314.4.2 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or the Human Resources Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

314.4.3 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline in a manner that is consistent with established procedures.

314.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all

DuPont Police Department

Policy Manual

Discriminatory Harassment

complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

314.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

314.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The member assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Human Resources Director, or the City Administrator.

314.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

314.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- (a) Approved by the Chief of Police, the City Administrator, or the Human Resources Director, depending on the ranks of the involved parties.

Child Abuse

315.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when DuPont Police Department members are required to notify the Department of Children, Youth, and Families, Child Protective Services (CPS) of suspected child abuse.

315.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency.

315.2 POLICY

The DuPont Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

315.3 MANDATORY NOTIFICATION

Members of the DuPont Police Department shall notify CPS when a report of abuse or neglect of a child is received or when there is reasonable cause to believe that a child has suffered abuse or neglect (RCW 26.44.030).

For purposes of notification, abuse or neglect of a child includes sexual abuse, sexual exploitation, female genital mutilation, and human trafficking; injury inflicted by any person under circumstances that cause harm to the child's health, welfare, or safety, excluding lawful discipline; and the negligent treatment or maltreatment by a person who is responsible for, or providing care to, a child (RCW 26.44.020).

Officers shall promptly notify CPS whenever a child under 16 years of age is in a vehicle being driven by the child's parent, guardian, legal custodian, sibling, or half-sibling and that person is being arrested for a drug or alcohol-related driving offense (RCW 46.61.507).

If, during an investigation of drug manufacturing, an officer discovers that a child is present at the investigation site, the officer shall notify CPS immediately (RCW 26.44.200).

315.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (RCW 26.44.030(5)):

- (a) In emergency cases, notification to CPS should be made immediately when the child's welfare is endangered but in all such cases within 24 hours.

DuPont Police Department

Policy Manual

Child Abuse

- (b) In non-emergency cases, notification to CPS shall be made within 72 hours after a report is received.
- (c) Notification, when possible, should include (RCW 26.44.040):
 - 1. The name, address and age of the child.
 - 2. The name and address of the child's parents, stepparents, guardians or other persons having custody of the child.
 - 3. The nature and extent of the alleged injury or injuries.
 - 4. The nature and extent of the alleged neglect.
 - 5. The nature and extent of the alleged sexual abuse.
 - 6. Any evidence of previous injuries, including the nature and extent of the injury.
 - 7. Any other information that may be helpful in establishing the cause of the child's death, injury or injuries, and the identity of the alleged perpetrator or perpetrators.
- (d) The Department shall forward all case dispositions to CPS.

315.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies, and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians, and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (RCW 26.44.180).

315.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

DuPont Police Department

Policy Manual

Child Abuse

- (c) Any relevant statements the child may have made and to whom the child made the statements.
- (d) If a child was taken into protective custody, the reasons, the name, and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.
- (k) Applicable local protocol regarding child abuse investigations (RCW 26.44.185).

If it is a physical abuse incident involving the death of a child, or there is a reasonable expectation that the child will die, or if it is a sexual abuse incident and the suspect is a stranger, the officer shall notify a supervisor who will initiate a detective callout.

All cases of the unexplained death of a child require a detective callout and should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

The investigating officer shall complete an Incident Report to include the officer's observations and doctor's diagnosis if applicable. If possible, a signed medical records release form should be obtained and included with the report.

In all Incident Reports, CPS should be added to the "Additional Distribution" box to ensure that a CPS caseworker receives a copy of the report in a timely manner.

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from the child's family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

DuPont Police Department

Policy Manual

Child Abuse

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (RCW 26.44.050):

- (a) A court order has been issued authorizing the removal of the child.
- (b) There is probable cause to believe that taking the child into custody is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, a high-potency synthetic opioid (e.g., fentanyl), or a pattern of severe neglect, and that the child would be seriously injured or could not be taken into custody if it were necessary to first obtain a court order (e.g., the child could be taken and concealed).

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

315.7.3 TRAINING REQUIREMENT

Only those members who have successfully completed Washington State Criminal Justice Training Commission (WSCJTC) sponsored training on interviewing child victims of sexual abuse shall participate in or conduct such interviews. Interviews of children who are suspected victims

Child Abuse

of sexual abuse will be conducted in compliance with the training standards set forth in RCW 43.101.224.

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

315.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking, or use of narcotics.

315.9.1 SUPERVISOR RESPONSIBILITIES

The Criminal Investigations Unit Supervisor should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Criminal Investigations Unit Supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

315.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Criminal Investigations Unit Supervisor so an interagency response can begin.

The DuPont Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

- (b) Possession or use of alcohol at any work site or while on-duty, except as authorized in the performance of an official assignment. A member who is authorized to consume alcohol is not permitted to do so to such a degree that it may impair on-duty performance.
- (c) Unauthorized possession, use of, or attempting to bring a controlled substance, illegal drug or non-prescribed medication to any work site.

Information Technology Use

321.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the proper use of department information technology resources, including computers, electronic devices, hardware, software and systems.

321.1.1 DEFINITIONS

Definitions related to this policy include:

Computer system - All computers (on-site and portable), electronic devices, hardware, software, and resources owned, leased, rented, or licensed by the DuPont Police Department that are provided for official use by its members. This includes all access to, and use of, Internet Service Providers (ISP) or other service providers provided by or through the Department or department funding.

Hardware - Includes but is not limited to computers, computer terminals, network equipment, electronic devices, telephones (including cellular and satellite), modems, or any other tangible computer device generally understood to comprise hardware.

Software - Includes but is not limited to all computer programs, systems, and applications, including shareware and firmware. This does not include files created by the individual user.

Temporary file, permanent file, or file - Any electronic document, information, or data residing or located, in whole or in part, on the system including but not limited to spreadsheets, calendar entries, appointments, tasks, notes, letters, reports, messages, photographs, or videos.

321.2 POLICY

It is the policy of the DuPont Police Department that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the Department in a professional manner and in accordance with this policy.

321.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts, or anything published, shared, transmitted, or maintained through file-sharing software or any internet site that is accessed, transmitted, received, or reviewed on any department computer system.

The Department reserves the right to access, audit, and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received, or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network, and/or any information placed into storage on any department system or device. This includes records of all keystrokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices, or networks.

DuPont Police Department

Policy Manual

Information Technology Use

Employees may not be asked or required to disclose logon information for their personal social networking accounts or to provide access to their personal social networking accounts unless otherwise allowed under RCW 49.44.200 (RCW 49.44.200).

321.4 RESTRICTED USE

Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Watch Supervisors.

Members shall not use another person's access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

321.4.1 SOFTWARE

Members shall not copy or duplicate any copyrighted or licensed software except for a single copy for backup purposes in accordance with the software company's copyright and license agreement.

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software onto any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Chief of Police or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of department- or City-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

321.4.2 HARDWARE

Access to technology resources provided by or through the Department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation or who otherwise have a legitimate law enforcement or department-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.

DuPont Police Department

Policy Manual

Information Technology Use

321.4.3 INTERNET USE

Internet access provided by or through the Department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include but are not limited to adult forums, pornography, gambling, chat rooms, and similar or related internet sites. Certain exceptions may be permitted with the express approval of a supervisor as a function of a member's assignment.

Downloaded information from the internet shall be limited to messages, mail, and data files.

321.4.4 OFF-DUTY USE

Members shall only use technology resources provided by the Department while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This includes the use of telephones, cell phones, texting, email or any other "off the clock" work-related activities. This also applies to personally owned devices that are used to access department resources.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology.

Department-issued devices will not be taken outside the state of Washington except in the performance of official duties.

321.5 PROTECTION OF SYSTEMS AND FILES

All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care, and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off, and password protections enabled whenever the user is not present. Access passwords, logon information, and other individual security data, protocols, and procedures are confidential information and are not to be shared. Password length, format, structure, and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor. Passwords for accounts that access CJI are governed by the CJIS Access, Maintenance, and Security Policy.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the internet) to a supervisor.

321.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of their supervisory duties or based on cause.

DuPont Police Department

Policy Manual

Information Technology Use

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the Department involving one of its members or a member's duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

The IT staff may extract, download or otherwise obtain any and all temporary or permanent files residing or located in or on the department computer system when requested by a supervisor or during the course of regular duties that require such information.

Report Preparation

322.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

322.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

322.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department-approved form unless otherwise approved by a supervisor.

322.2.1 CRIMINAL ACTIVITY

When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution.

Activity to be documented in a written report includes:

- (a) All arrests
- (b) All felony crimes
- (c) Non-felony incidents involving threats or stalking behavior
- (d) Situations covered by separate policy. These include:
 - 1. Use of Force Policy

4. Adult Abuse Policy
5. Hate Crimes Policy
6. Suspicious Activity Reports Policy

- (e) All misdemeanor crimes where the victim desires a report

Misdemeanor crimes where the victim does not desire a report shall be documented using the department-approved alternative reporting method (e.g., dispatch log).

322.2.2 NON-CRIMINAL ACTIVITY

Incidents that require documentation on the appropriate approved report include:

- (a) Any time an officer points a firearm at any person.
- (b) Any use of force against any person by a member of this department (see the Use of Force Policy).
- (c) Any firearm discharge (see the Firearms Policy).
- (d) Any time a person is reported missing, regardless of jurisdiction (see the Missing Persons Reporting Policy).
- (e) Any found property or found evidence.
- (f) Any traffic collisions above the minimum reporting level (see Traffic Collision Reporting Policy).
- (g) Suspicious incidents that may indicate a potential for crimes against children or that a child's safety is in jeopardy.
- (h) All protective custody detentions.
- (i) Suspicious incidents that may place the public or others at risk.
- (j) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor.

322.2.3 DEATH CASES

Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with the Death Investigation Policy. An officer handling a death investigation should notify and apprise a supervisor of the circumstances surrounding the incident and a determination will be made on how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

- (a) Sudden or accidental deaths.
- (b) Suicides

DuPont Police Department

Policy Manual

Report Preparation

- (c) Homicide or suspected homicide.
- (d) Unattended deaths (No physician in attendance within 36 hours preceding death).
- (e) Found dead bodies or body parts.

322.2.4 INJURY OR DAMAGE BY CITY PERSONNEL

Reports shall be taken if an injury occurs that is a result of City property or an act of a City employee. Additionally, reports shall be taken involving damage to City property or City equipment.

322.2.5 MISCELLANEOUS INJURIES

Any injury that is reported to this department shall require a report when:

- (a) The injury is a result of drug overdose.
- (b) Attempted suicide.
- (c) The injury is major/serious, whereas death could result.
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident the supervisor deems necessary.

322.2.6 ALTERNATE REPORTING FOR VICTIMS

Reports that may be submitted by the public via online or other self-completed reporting processes include:

- (a) Lost property.
- (b) Misdemeanor thefts of property, other than firearms or materials that threaten public safety, when there is no suspect information, serial number or ability to trace the item.

- (h) Online or email fraud solicitations without an identifiable suspect and if the financial loss classifies the crime as a misdemeanor.
- (i) Hit-and-run vehicle collisions with no suspect or suspect vehicle.
- (j) Supplemental property lists.

Members at the scene of one of the above incidents should not refer the reporting party to an alternate means of reporting without authorization from a supervisor. Members may refer victims

DuPont Police Department

Policy Manual

Report Preparation

to online victim assistance programs (e.g., Federal Communications Commission (FCC) website for identity theft, Internet Crime Complaint Center (IC3) website for computer crimes).

322.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

322.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for department consistency.

322.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

322.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should complete the Report Correction form stating the reasons for rejection. The original report and the correction form should be returned to the reporting employee for correction as soon as practical. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

322.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Section for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Section may be corrected or modified by the authoring officer only with the knowledge and authorization of the reviewing supervisor.

322.6 CERTIFICATION/DECLARATION

The DuPont Police Department has established a procedure for use by all employees of the DuPont Police Department. The Chief of Staff shall be responsible for maintaining the certification/declaration procedure and ensuring that each employee creates a unique, confidential password for system use.

- Employees may only use the certification/declaration procedure for official reports or other official communications.
- Each employee shall be responsible for the security of their confidential password and shall promptly notify a supervisor if the password has or may have been compromised or misused.

Media Relations

323.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

323.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police, however, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Bureau Chiefs, Watch Supervisors and designated Press Information Officer(s) may prepare and release information to the media in accordance with this policy and the applicable law.

323.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.
- (b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comment(s) to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

323.3 MEDIA ACCESS

Authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions:

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 - 1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the department Press Information Officer or other designated spokesperson.

DuPont Police Department

Policy Manual

Media Relations

2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Supervisor. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).
- (c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee in accordance with the [accompanying procedure](#).
- (d) Media interviews with individuals who are in custody shall not be permitted without the approval of the Chief of Police and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media should be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Press Information Officer.

323.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

323.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Watch Supervisor. When requested, additional information may be made available (RCW 42.56.070(1)). This log will generally contain the following information:

- (a) The date, time, location, case number, type of crime, extent of injury or loss and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.
- (b) The date, time, location, case number, name, birth date and charges for each person arrested by this department unless the release of such information would endanger

DuPont Police Department

Policy Manual

Media Relations

the safety of any individual or jeopardize the successful completion of any ongoing investigation.

- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner's Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the Public Records Officer, or if unavailable, to the Watch Supervisor. Such requests will generally be processed in accordance with the provisions of the Public Records Act (RCW Chapter 42.56.001 et seq.).

323.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department (see the Records Maintenance and Release and Personnel Files policies). When in doubt, authorized and available legal counsel should be obtained.

If the authorized employee believes the release of any information permitted by these guidelines might interfere with the administration of justice, the employee should contact the Chief of Police immediately to ensure that sensitive information is not inadvertently released.

323.5 PHOTOGRAPHS

File photographs of adults arrested or wanted for serious crimes may be released to the public and the news media under the following conditions (mug shots are the property of the Pierce County Sheriff's Department and must be released via their agency):

- (a) To aid in the capture or to warn the general public of dangerous wanted persons, for whom a warrant exists, with authorization from the investigating detective responsible for the case and the Chief of Police.
- (b) To assist law enforcement in conducting investigations.

When file photographs are authorized for release, booking numbers and other identification numbers shall be removed prior to release.

Photographs of juveniles will not be released to the news media or the public without the consent of their parents or guardians, or by court order.

Subpoenas and Court Appearances

324.1 PURPOSE AND SCOPE

This policy establishes the guidelines for department members who must appear in court. It will allow the DuPont Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

324.2 POLICY

DuPont Police Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

324.3 SUBPOENAS

Criminal subpoenas may also be served upon a member by first-class mail in a limited criminal matter. A criminal subpoena in Superior Court may be served by first-class mail together with a waiver of personal service and instructions for returning such waiver to complete service (Criminal Rules, CrRLJ 4.8; Criminal Rules, CrR 4.8).

324.3.1 SUBPOENAS WHILE ILL OR INJURED

When department members are off-duty due to an extended illness or injury/disability leave (i.e., more than ten days), the court will be notified of the officer's unavailability by the member's direct supervisor.

324.3.2 SPECIAL NOTIFICATION REQUIREMENTS

Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the City Attorney or the prosecutor shall notify the member's immediate supervisor without delay regarding:

- (a) Any civil case where the City or one of its members, as a result of the member's official capacity, is a party.
- (b) Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of the member's official capacity, is a party.
- (c) Any criminal proceeding where the member is called to testify or provide information on behalf of the defense.

The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

324.3.3 CIVIL SUBPOENA

The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The Department should seek reimbursement for the member's compensation through the civil attorney of record who subpoenaed the member.

324.3.4 OFF-DUTY RELATED SUBPOENAS

Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

324.4 FAILURE TO APPEAR

Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

324.5 STANDBY

To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department.

If a member on standby changes their location during the day, the member shall notify the designated department member of how they can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

324.6 COURTROOM PROTOCOL

When appearing in court, members shall:

- (a) Be punctual when appearing in court and prepared to proceed immediately with the case for which they are scheduled to appear.
- (b) Dress in full department uniform or business attire.

Reserve Officers

325.1 PURPOSE AND SCOPE

This policy establishes the guidelines for DuPont Police Department reserve officers to supplement and assist regular full-time police officers in their duties. These officers provide volunteer professional and special functions that augment regular staffing levels.

325.1.1 DEFINITIONS

Definitions related to this policy include:

Reserve officer - An officer of the DuPont Police Department who does not serve on a full-time basis but who, when called into active service, is fully commissioned on the same basis as full-time officers to enforce the criminal laws of the state (RCW 10.93.020).

325.2 RECRUITMENT AND SELECTION

The DuPont Police Department shall endeavor to recruit and appoint only those applicants who meet the high ethical, moral, and professional standards set forth by this department.

All applicants shall be required to meet and pass the same pre-employment procedures as regular police officers before appointment.

Prior to appointment, an applicant must have completed, or be in the process of completing, a CJTC-approved basic academy or reserve academy (WAC 139-05-810).

325.2.1 APPOINTMENT

Applicants who are selected for appointment as reserve officers shall, on the recommendation of the Chief of Police, be sworn in and take the Oath of Office in accordance with the Oath of Office Policy and as required for the position.

The DuPont Police Department shall immediately notify the CJTC of appointments on a CJTC personnel action report form (WAC 139-05-810).

Reserve officers are considered at-will employees and may be dismissed at the discretion of the Chief of Police, with or without cause. Reserve officers shall have no property interest in continued appointment. However, if a reserve officer is removed for alleged misconduct, the reserve officer will be afforded an opportunity solely to clear their name through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

325.3 TERMINATION OF RESERVE OFFICER

If a reserve officer is terminated for any reason, including resignation, the DuPont Police Department shall notify the CJTC on a CJTC personnel action form within 15 days of the termination (WAC 139-05-810).

DuPont Police Department

Policy Manual

Reserve Officers

325.4 POLICY

The DuPont Police Department shall ensure that reserve officers are properly appointed, trained, and supervised and that they maintain the appropriate certifications and readiness to carry out their assigned duties.

325.5 IDENTIFICATION AND UNIFORMS

Reserve officers will be issued DuPont Police Department uniforms, badges, and identification cards. The uniforms and badges shall be the same as those worn by regular full-time police officers. The identification cards will be the standard DuPont Police Department identification cards, with the exception that "Reserve" will be indicated on the cards.

325.6 AUTHORITY

Reserve officers shall perform law enforcement officer duties within the scope of their approved training. Reserve officers:

- (a) Perform law enforcement functions and have the authority to arrest on behalf of this department.
- (b) Shall not exercise law enforcement officer duties when off-duty.

325.7 PERSONNEL WORKING AS RESERVE OFFICERS

Qualified regular department personnel, when authorized, may also serve as reserve officers. However, this department shall not utilize the services of reserve officers in such a way that it would violate employment laws or labor agreements (e.g., a detention officer working as a reserve officer for reduced or no pay). Therefore, the reserve coordinator should consult with the Department of Human Resources prior to allowing regular department personnel to serve in a reserve officer capacity (29 CFR 553.30).

325.8 COMPLIANCE

Reserve officers shall be required to adhere to all department policies and procedures. A copy of the policies and procedures will be made available to each reserve officer upon appointment. The reserve officer shall become thoroughly familiar with these policies.

Whenever a rule, regulation, or guideline in this Policy Manual refers to a regular full-time police officer, it shall also apply to a reserve officer unless by its nature it is inapplicable.

Reserve officers are required by this department to meet department-approved training requirements.

All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the reserve coordinator.

325.9 FIREARMS

Reserve officers shall successfully complete department-authorized training in the use of firearms. Their appointments must be approved by the City prior to being issued firearms by this department or otherwise acting as reserve officers on behalf of the DuPont Police Department.

DuPont Police Department

Policy Manual

Reserve Officers

Reserve officers will be issued duty firearms as specified in the Firearms Policy. Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon or any optional firearm may do so only in compliance with the Firearms Policy.

Reserve officers are required to maintain proficiency with firearms used in the course of their assignments. Reserve officers shall comply with all training and qualification requirements set forth in the Firearms Policy.

325.9.1 OPTIONAL FIREARMS

An instance may arise where a reserve officer is assigned to a plainclothes detail for their assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a pistol more suited to the assignment, but only with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to department standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by the department armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall demonstrate proficiency with said weapon.

325.10 RESERVE COORDINATOR

The Chief of Police shall delegate certain responsibilities to a reserve coordinator.

The reserve coordinator shall be appointed by and directly responsible to the Operations Bureau Chief or the authorized designee.

The reserve coordinator may appoint a senior reserve officer or other designee to assist in the coordination of reserve officers and their activities.

The responsibilities of the coordinator or the authorized designee include but are not limited to:

- (h) Maintaining a liaison with other agency reserve coordinators.

325.11 FIELD TRAINING

All reserve officers shall complete the same department-specified field training as regular full-time police officers as described in the Field Training Officer Program Policy.

DuPont Police Department

Policy Manual

Reserve Officers

325.12 SUPERVISION

Reserve officers may perform the same duties as regular full-time officers of this department provided they are under the direct or indirect supervision of a supervisor or officer in charge. Reserve officers shall never supervise a regular full-time officer.

325.12.1 EVALUATIONS

While in training, reserve officers should be continuously evaluated using standardized daily and weekly observation reports. The reserve officer will be considered a trainee until they have satisfactorily completed training. Reserve officers who have completed their field training should be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve officer.

325.12.2 INVESTIGATIONS AND COMPLAINTS

If a reserve officer has a personnel complaint made against them or becomes involved in an internal investigation, the matter shall be investigated in compliance with the Personnel Complaints Policy.

Outside Agency Assistance

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

326.2 POLICY

It is the policy of the DuPont Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

326.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Watch Supervisor for approval. In some instances, a mutual aid agreement or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Watch Supervisor may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable. The supervisor shall notify the Chief of Police or designee of all emergency mutual aid requests from adjoining police jurisdictions.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

326.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the DuPont Police Department shall notify the officer's supervisor or the Watch Supervisor and the Communications Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

326.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

DuPont Police Department

Policy Manual

Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

The Watch Supervisor or designee may request assistance from federal law enforcement agencies. The Chief of Police will be notified of all federal assistance requests and give the approval if assistance is necessary.

326.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report, shift report, or as directed by the Watch Supervisor.

326.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administrative Services Bureau Chief or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the supplies and equipment.
 - 2. The members trained in the use of the supplies and equipment.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to the Communications Center and the Watch Supervisor to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Sergeant should maintain documentation that the appropriate members have received the required training.

Registered Offender Information

327.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the DuPont Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered offenders.

327.2 POLICY

It is the policy of the DuPont Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

327.3 REGISTRATION

The Criminal Investigations Unit supervisor shall establish a process to reasonably accommodate registration of certain offenders in accordance with the [accompanying procedure](#). The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Washington State Patrol (WSP) within five working days in accordance with RCW 43.43.540. The Washington Association of Sheriffs and Police Chiefs (WASPC) shall be provided any requested information for the administration of the Sex Offender Information website (RCW 4.24.550).

A criminal investigation for failure to register will be initiated if a registrant refuses to provide any of the required information or complete the process.

327.3.1 CONTENTS OF REGISTRATION FOR SEX OR KIDNAPPING OFFENDERS

Sex or kidnapping offenders who are required to register must appear in person and provide the following (RCW 9A.44.130):

- Name
- Complete residential address or where the offender plans to stay
- Date and place of birth
- Place of employment
- Crime for which the person has been convicted
- Date and place of conviction
- Aliases
- Social Security number

DuPont Police Department

Policy Manual

Registered Offender Information

- Biological sample if one has not already been submitted to the WSP (see the Biological Samples Policy for collection protocol) (RCW 43.43.754)

Offenders lacking a fixed residence must report weekly, in person, to the sheriff's office where the offender is registered. Forms used to record where the offender stayed during the week should include an express request for offenders to provide an accurate accounting of where they stayed to the county sheriff.

The registering member shall take photographs and fingerprints, which may include palmprints, of all sex/kidnapping offenders.

327.3.2 CONTENTS OF REGISTRATION FOR FELONY FIREARM OFFENDERS

Felony firearm offenders who are required to register must appear in person and provide the following (RCW 9.41.330; RCW 9.41.333):

- Name and any aliases
- Complete residential address or where the offender plans to stay
- Identifying information, including a physical description
- Crime for which the person has been convicted
- Date and place of conviction
- Names of any other county where the firearm offender may have registered

The registering member may take photographs and fingerprints of the felony firearm offender.

327.4 MONITORING OF REGISTERED OFFENDERS

The Criminal Investigations Unit supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with registration requirements after the initial registration. This verification should include, as applicable:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search, drive-by of the declared residence or address verification under RCW 9A.44.135.
 1. When notice is received that a sex offender is moving outside the jurisdiction of the DuPont Police Department, the Criminal Investigations Unit supervisor is responsible for address verification until the registrant completes registration with a new residential address (RCW 9A.44.130(5)).
- (b) Review of information on the WASPC Sex Offender Information website.
- (c) Contact with a registrant's community correction officer.
- (d) Review any available Washington State database of felony firearm offenders.

Any discrepancies with sex/kidnapping offenders should be reported to ACCESS (A Central Computerized Enforcement Service System), which is administered by WSP, and, in the case of sex offenders only, to WASPC.

DuPont Police Department

Policy Manual

Registered Offender Information

The Criminal Investigations Unit supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to DuPont Police Department personnel, including timely updates regarding new or relocated registrants.

327.4.1 OFFENDERS TRAVELING OUT OF THE COUNTRY

When written notice is received from a registrant who intends to travel outside of the United States, the Sheriff shall notify the United States Marshals Service as soon as practicable after receipt of notification and also of any further notice of changes or cancellation of travel plans (RCW 9A.44.130(3)).

327.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular sex/kidnapping registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a sex/kidnapping registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex/kidnapping registrants should be provided the WASPC Sex Offender Information website or the DuPont Police Department's website.

The Records Manager shall release local sex/kidnapping registered offender information to residents in accordance with RCW 4.24.550 and in compliance with a request under the Public Records Act (RCW 42.56.001 et seq.).

Information pertaining to felony firearm offenders should not be disseminated to the public. All inquiries should be referred to WSP.

327.5.1 RELEASE NOTIFICATIONS FOR SEX OR KIDNAPPING OFFENDERS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The DuPont Police Department has no authority to direct where an offender may live.

327.5.2 MANDATORY NOTIFICATION

The Operations Bureau Chief shall ensure that:

DuPont Police Department

Policy Manual

Registered Offender Information

- (a) A public notification is made for sex offenders who are classified as Risk Level III and who register in the County. The notice shall conform to the guidelines established in RCW 4.24.5501.
- (b) All information on sex/kidnapping offenders registered in the County is regularly updated and posted on the WASPC Sex Offender Information website (RCW 4.24.550(5)).

327.5.3 DISCRETIONARY DISSEMINATION FOR SEX OFFENDERS

Dissemination should be predicated upon the levels detailed below (RCW 4.24.550(3)):

- (a) Offenders classified as Risk Level I: The Department may disclose, upon request, relevant, necessary and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the sex offender resides, expects to reside or is regularly found, and to any individual who requests information regarding a specific offender.
- (b) Offenders classified as Risk Level II: In addition to the dissemination for Level I, the Department may also disclose relevant, necessary and accurate information to public and private schools, child day care centers, family day care providers, public libraries, businesses and organizations that serve primarily children, women or vulnerable adults, and neighbors and community groups near the residence where the sex offender resides, expects to reside or is regularly found.
- (c) Offenders classified as Risk Level III: In addition to the dissemination of Level I and Level II, the Department may also disclose relevant, necessary and accurate information to the public at large.
- (d) Homeless and transient sex offenders may present unique risks to the community due to the impracticality of localized notification. The Department may also disclose relevant, necessary and accurate information to the public at large for sex offenders registered as homeless or transient.

327.5.4 SCHOOL NOTIFICATIONS

The Sheriff has the responsibility of notifying the appropriate person at a school or other educational institution as set forth in RCW 9A.44.138 of any sex/kidnapping offender who attends or is employed there, and for providing the following information about the offender:

- Name
- Complete residential address
- Date and place of birth
- Place of employment
- Crime for which the person has been convicted
- Date and place of conviction

327.6 SEX OFFENDER RISK ASSESSMENT

The Operations Bureau Chief shall establish a procedure to review and assign an initial risk level classification of sex offenders who have moved or are released into this jurisdiction and the risk assessment level has not already been assigned by the Washington Department of Corrections. That procedure shall address (RCW 4.24.550(6)):

- The circumstances under which the DuPont Police Department is authorized to assign its own risk level.
- Risk level classification criteria.
- What risk assessment tools may be used and how such tools are scored.
- Assessment of known aggravating or mitigating factors related to the risk posed by the offender to the community.
- Notification process following a change in the risk level classification.
- The process for an offender to petition for review of the risk level classification.

Major Incident Notification

328.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

328.2 POLICY

The DuPont Police Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

328.3 MINIMUM CRITERIA FOR NOTIFICATION

Most situations where the media show a strong interest are also of interest to the Chief of Police and the affected Bureau Chief. The following list of incident types is provided as a guide for notification and is not intended to be all-inclusive:

- Homicides.
- Traffic accidents with fatalities.
- Officer-involved shooting on- or off-duty (See the Officer-Involved Shootings and Deaths Policy for special notifications).
- Significant injury or death to employee on- or off-duty.
- Death of a prominent DuPont official.
- Arrest of Department employee or prominent DuPont official.
- Aircraft crash with major damage and/or injury or death.
- In-custody deaths.

328.4 WATCH SUPERVISOR RESPONSIBILITY

The Watch Supervisor is responsible for making the appropriate notifications. The Watch Supervisor shall make reasonable attempts to obtain as much information on the incident as possible before notification. The Watch Supervisor shall attempt to make the notifications as soon as practical. Notification should be made by calling the home phone number first and then any additional contact numbers supplied.

328.4.1 STAFF NOTIFICATION

In the event an incident occurs described in MINIMUM CRITERIA FOR NOTIFICATION, the Chief of Police shall be notified along with the affected Bureau Chief and the Detective Supervisor if that unit is affected.

328.4.2 DETECTIVE NOTIFICATION

If the incident requires that a detective respond from home, the immediate supervisor of the appropriate detail shall be contacted who will then contact the appropriate detective.

DuPont Police Department

Policy Manual

Major Incident Notification

328.4.3 TRAFFIC NOTIFICATION

In the event of a traffic fatality or major injury, the Watch Supervisor shall be notified who will then contact the appropriate accident investigator. The Watch Supervisor will notify the Operations Bureau Chief.

328.4.4 PRESS INFORMATION OFFICER (PIO)

The Press Information Officer shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.

Death Investigation

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The thoroughness of death investigations and use of appropriate resources and evidence gathering techniques is critical.

329.2 POLICY

It is the policy of the DuPont Police Department to respond, document, and investigate incidents where a person is deceased. Investigations involving the death of a person, including those from natural causes, accidents, workplace incidents, suicide, and homicide, shall be initiated, conducted, and properly documented.

329.3 INVESTIGATION CONSIDERATIONS

Emergency medical services shall be called in all suspected death cases unless death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether follow-up investigation is required and notify the Operations Bureau Chief as necessary. The Watch Supervisor will make notification to command staff in accordance with the Major Incident Notification Policy.

329.3.1 MEDICAL EXAMINER JURISDICTION OVER REMAINS

The Medical Examiner has jurisdiction of bodies of all deceased persons who come to their death suddenly in any of the following cases (RCW 68.50.010):

- (a) When in apparent good health without medical attendance within the thirty-six hours preceding death.
- (b) Where the circumstances of death indicate death was caused by unnatural or unlawful means.
- (c) Where death occurs under suspicious circumstances.
- (d) Where a Medical Examiner's autopsy or postmortem or Medical Examiner's inquest is to be held.
- (e) Where death results from unknown or obscure causes.
- (f) Where death occurs within one year following an accident.
- (g) Where the death is caused by any violence whatsoever.
- (h) Where death results from a known or suspected abortion; whether self-induced or otherwise.

DuPont Police Department

Policy Manual

Death Investigation

- (i) Where death apparently results from drowning, hanging, burns, electrocution, gunshot wounds, stabs or cuts, lightning, starvation, radiation, exposure, alcoholism, narcotics or other addictions, tetanus, strangulations, suffocation, or smothering.
- (j) Where death is due to premature birth or still birth.
- (k) Where death is due to a violent contagious disease or suspected contagious disease which may be a public health hazard.
- (l) Where death results from alleged rape, carnal knowledge, or sodomy.
- (m) Where death occurs in a jail or prison.
- (n) Where a body is found dead or is not claimed by relatives or friends.

The body or human remains shall not be disturbed or moved from the position or place of death without permission of the Medical Examiner (RCW 68.50.050).

329.3.2 INDIGENOUS PERSONS

Upon knowledge that the remains are of an indigenous person, officers shall attempt to identify and contact, as soon as practicable, family members and any affected tribes, tribal organizations, and communities prior to removal or disturbance of the remains, except where deemed necessary by the Medical Examiner and officers in the interest of safety or to preserve evidence for any ongoing criminal investigation. Efforts shall include attempts to facilitate contact through the regional liaison for missing and murdered indigenous persons pursuant to RCW 43.43.874 within 10 days of the Medical Examiner having jurisdiction over the remains (RCW 68.50.325).

The lead investigator in cooperation with the Medical Examiner shall provide the family member or representative of a list that contains any prohibited conduct when interacting with the remains including an explanation of why the conduct is prohibited. Additionally, any practices or ceremonies related to the remains by the family or representative require proper authorization by the Medical Examiner and the lead investigator while the remains are under the jurisdiction of the Medical Examiner (RCW 68.50.325).

329.3.3 REPORTING

All incidents involving a death shall be documented on the appropriate form.

329.3.4 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this department who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the regional Washington Division of Occupational Safety and Health (DOSH) office is notified of all pertinent information.

329.3.5 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Criminal Investigations Unit shall be notified to determine the possible need for an investigator to respond to the scene.

DuPont Police Department

Policy Manual

Death Investigation

If the on-scene supervisor, through consultation with the Watch Supervisor or Criminal Investigations Unit supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of the investigator's supervisor, request the Medical Examiner to conduct physical examinations and tests, and to provide a report.

329.4 UNIDENTIFIED DEAD BODY

If the identity of a dead body cannot be established, the handling officer will request from the Medical Examiner a unique identifying number for the body. The number shall be included in any report.

329.5 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports.

Identity Theft

330.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

330.2 REPORTING

This department will initiate an incident report whenever a person reasonably suspects that the person's financial information or means of identification has been unlawfully obtained, used, or transferred to another person or entity in all cases where the victim resides or works within this jurisdiction, or where any part of the crime occurred within this jurisdiction. The employee receiving the report will ensure that the complainant receives a copy of the incident report (RCW 9.35.050).

In cases where the reporting party does not reside or work within this jurisdiction and there is no known or suspected criminal activity occurring within this jurisdiction the reporting party may be referred to the appropriate law enforcement agency having jurisdiction. If it is not reasonably practical for the reporting party to file a timely report with the reporting party's home jurisdiction the receiving employee should take a courtesy incident report to be forwarded to the agency having jurisdiction.

Reports should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

The employee preparing the report should also cross-reference all other known reports made by the victim (e.g., US Secret Service, credit reporting bureaus, US Postal Service and DOL) with all known report numbers.

Following supervisory review and department processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Limited English Proficiency Services

331.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

331.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been authorized to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language) while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

331.2 POLICY

It is the policy of the DuPont Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

331.3 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

DuPont Police Department

Policy Manual

Limited English Proficiency Services

- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

331.4 TYPES OF LEP ASSISTANCE AVAILABLE

DuPont Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

331.5 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

331.6 AUTHORIZED INTERPRETERS

Any person designated to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

331.6.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.

DuPont Police Department

Policy Manual

Limited English Proficiency Services

- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

331.6.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

331.7 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

331.8 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The DuPont Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

331.9 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

DuPont Police Department

Policy Manual

Limited English Proficiency Services

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

331.10 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

331.11 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

331.12 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare,

DuPont Police Department

Policy Manual

Limited English Proficiency Services

the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

331.13 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

331.14 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

331.15 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

Chaplains

333.1 PURPOSE AND SCOPE

This policy establishes the guidelines for DuPont Police Department chaplains to provide counseling or emotional support to members of the Department, their families and members of the public (RCW 41.22.030; RCW 41.22.040).

333.2 POLICY

The chaplain will be a certified member of the Pierce County Chaplaincy.

All chaplains will be assigned to duties by the chaplain coordinator or the authorized designee.

Chaplains may not proselytize or attempt to recruit members of the Department or the public into a religious affiliation while representing themselves as chaplains with this department. If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Public Safety Video Surveillance System

334.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

334.2 POLICY

The DuPont Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

334.3 SYSTEM ADMINISTRATOR

The Chief of Police shall appoint an authorized system administrator who will be responsible for system security to capture, download, and/or reposition system cameras as deemed necessary.

334.4 OPERATIONAL GUIDELINES

Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

334.4.1 PLACEMENT AND MONITORING

Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

Cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public safety video surveillance system may be useful for the following purposes:

- (a) To prevent, deter and identify criminal activity.

DuPont Police Department

Policy Manual

Public Safety Video Surveillance System

- (b) To target identified areas of gang and narcotics complaints or activity.
- (c) To respond to critical incidents.
- (d) To assist in identifying, apprehending and prosecuting offenders.
- (e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers.
- (f) To augment resources in a cost-effective manner.
- (g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed in the Watch Supervisor's office and the Communications Center. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Watch Supervisor or trained the Communications Center personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

334.4.2 CAMERA MARKINGS

Except in the case of covert operations or confidential investigations, all public areas monitored by public safety surveillance equipment shall be marked in a conspicuous manner with appropriate signs to inform the public that the area is under police surveillance. Signs should be well lit, placed appropriately and without obstruction to ensure visibility.

334.4.3 INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

334.5 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

DuPont Police Department

Policy Manual

Public Safety Video Surveillance System

334.5.1 VIDEO LOG

A log should be maintained at all locations where video surveillance monitors are located. The log should be used to document all persons not assigned to the monitoring locations who have been given access to view or monitor images provided by the video surveillance cameras. The logs should, at a minimum, record the:

- (a) Date and time access was given.
- (b) Name and agency of the person being given access to the images.
- (c) Name of person authorizing access.
- (d) Identifiable portion of images viewed.

334.5.2 PROHIBITED ACTIVITY

Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

Public safety video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target individuals or groups based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

Video surveillance equipment shall not be used to harass, intimidate, or discriminate against any individual or group.

334.6 STORAGE AND RETENTION OF MEDIA

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule.

334.6.1 EVIDENTIARY INTEGRITY

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

334.7 RELEASE OF VIDEO IMAGES

All recorded video images gathered by the public safety video surveillance equipment are for the official use of the DuPont Police Department.

DuPont Police Department

Policy Manual

Public Safety Video Surveillance System

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records and in accordance with the Records Maintenance and Release Policy.

Requests for recorded images from other law enforcement agencies shall be referred to the Chief of Police or designee for release in accordance with a specific and legitimate law enforcement purpose and upon written request.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

334.8 VIDEO SURVEILLANCE AUDIT

The Chief of Police or the authorized designee will conduct an annual review of the public safety video surveillance system. The review should include an analysis of the cost, benefit and effectiveness of the system, including any public safety issues that were effectively addressed or any significant prosecutions that resulted, and any systemic operational or administrative issues that were identified, including those related to training, discipline or policy.

The results of each review shall be appropriately documented and maintained by the Chief of Police or the authorized designee and other applicable advisory bodies. Any recommendations for training or policy should be promptly addressed.

334.9 TRAINING

All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.

Child and Dependent Adult Safety

335.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

335.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The DuPont Police Department will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

335.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of their child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that they will receive appropriate care.

335.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered, children or dependent adults.

DuPont Police Department

Policy Manual

Child and Dependent Adult Safety

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - (a) Officers should consider allowing the person to use their cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that they know and trust because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify the Department of Social and Health Services, if appropriate.
- (e) Notify the field supervisor or Watch Supervisor of the disposition of children and dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

Officers shall promptly notify Child Protective Services (CPS) whenever a child under 13 years of age is present in a vehicle and the child's parent, guardian or legal custodian is arrested for a drug or alcohol driving offense in accordance with the department Child Abuse Policy (RCW 26.44.250).

335.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

DuPont Police Department

Policy Manual

Child and Dependent Adult Safety

335.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether they reasonably appear able to care for themselves
 - 5. Disposition or placement information if they are unable to care for themselves

335.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

335.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

335.5 TRAINING

The Training Sergeant is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

336.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure that the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act (ADA).

336.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size, and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

All references to "service animals" in this policy also mean a dog or miniature horse undergoing training to become a service animal (RCW 49.60.040).

336.2 POLICY

It is the policy of the DuPont Police Department to provide services and access to services, programs, and activities of the Department to persons with service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

336.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the DuPont Police Department affords to all members of the public (28 CFR 35.136).

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness, or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors, or flipping switches for people who have limited use of their hands, arms, or legs.

DuPont Police Department

Policy Manual

Service Animals

- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

336.4 INQUIRIES REGARDING SERVICE ANIMALS

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about their disabilities nor should members ask any individual to provide any license, certification, or identification card for the service animal.

336.5 CONTACT WITH SERVICE ANIMALS

Service animals are not pets. Department members should not interfere with a service animal by talking to, petting, or otherwise initiating contact.

336.6 REMOVAL OF SERVICE ANIMALS

If a service animal is not housebroken, exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, a department supervisor may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136 (b); 28 CFR 35.139).

Each incident must be considered individually, and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse access to services, programs, and activities to an individual with a disability. Members are expected to provide all services, programs, and activities that are reasonably available to an individual with a disability, with or without a service animal.

DuPont Police Department

Policy Manual

Service Animals

336.7 COMPLAINTS

When handling calls of a complaint regarding a service animal, members should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Volunteer Program

337.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase department responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

337.1.1 DEFINITION OF VOLUNTEER

An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered other than authorized assignment-related expenses. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

337.2 VOLUNTEER MANAGEMENT

337.2.1 VOLUNTEER COORDINATOR

The Volunteer Program shall be administered by the Chief of Police. The Volunteer Coordinator shall be appointed by the Operations Bureau Chief. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or designee, shall be responsible for the following:

- (a) Recruiting, selecting and training qualified volunteers for various positions.
- (b) Facilitating the implementation of new volunteer activities and assignments.
- (c) Maintaining records for each volunteer.
- (d) Tracking and evaluating the contribution of volunteers.
- (e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
- (f) Maintaining a record of volunteer schedules and work hours.
- (g) Completion and dissemination as appropriate of all necessary paperwork and information.
- (h) Planning periodic recognition events.
- (i) Administering discipline when warranted.

DuPont Police Department

Policy Manual

Volunteer Program

- (j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

337.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

337.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and applicants shall be processed for criminal history.
- (b) Employment.
- (c) References.
- (d) Credit check.

A polygraph exam may be required of each applicant depending on the type of assignment.

337.2.4 SELECTION AND PLACEMENT

Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

Volunteer Program

337.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

337.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when their judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver's license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

337.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while they are off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

337.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space, necessary office supplies and equipment.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

337.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or department policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

337.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty.

Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

Volunteers are covered for liability under the Risk Management Service Agency (RMSA) Coverage Agreement. The Department does not provide coverage for damage to the volunteer's personal property.

337.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing and department-approved driver safety course.
- (b) Verification that the volunteer possesses a valid Washington Driver's License.
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and volunteers are not authorized to operate a Department vehicle Code-3.

337.5.2 RADIO AND MDC USAGE

Volunteers shall successfully complete Central Computerized Enforcement Service System (ACCESS) and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and ACCESS training is provided for volunteers whenever necessary.

337.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear their name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

337.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

337.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the

Policy Manual

Volunteer Program

best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

Off-Duty Law Enforcement Actions

338.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the DuPont Police Department with respect to taking law enforcement action while off-duty.

338.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving, or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any officer of this department who becomes aware of an incident or circumstance that the officer reasonably believes would justify the use of deadly force or result in significant property damage may take reasonable action to minimize or eliminate the threat (see the Use of Force Policy).

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

338.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication or any combination thereof that would tend to adversely affect the officer's senses or judgment.

338.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

DuPont Police Department

Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

338.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an DuPont Police Department officer until acknowledged. Official identification should also be displayed.

338.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

338.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

338.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

338.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Supervisor as soon as practicable. The Watch Supervisor shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Department Use of Social Media

339.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that any use of social media on behalf of the Department is consistent with the department mission.

The Chief of Police may develop specific guidelines identifying the type of content that may be posted. Any content that does not strictly conform to the guidelines should be approved by a supervisor prior to posting.

Requests to post information over department social media by members who are not authorized to post should be made through the member's chain of command.

339.4 AUTHORIZED CONTENT

339.4.1 INCIDENT-SPECIFIC USE

339.5 PROHIBITED CONTENT

Content that is prohibited from posting includes, but is not limited to:

- (a) Content that is abusive, discriminatory, inflammatory or sexually explicit.
- (b) Any information that violates individual rights, including confidentiality and/or privacy rights and those provided under state, federal or local laws.

- (d) Any information that could tend to compromise or damage the mission, function, reputation or professionalism of the DuPont Police Department or its members.
- (e) Any information that could compromise the safety and security of department operations, members of the Department, victims, suspects or the public.
- (f) Any content posted for personal use.
- (g) Any content that has not been properly authorized by this policy or a supervisor.

Any member who becomes aware of content on this department's social media site that the member believes is unauthorized or inappropriate should promptly report such content to a supervisor. The supervisor will ensure its removal from public view and investigate the cause of the entry.

DuPont Police Department

Policy Manual

Department Use of Social Media

339.5.1 PUBLIC POSTING PROHIBITED

Department social media sites shall be designed and maintained to prevent posting of content by the public.

The Department may provide a method for members of the public to contact department members directly.

339.6 MONITORING CONTENT

The Chief of Police or designee will, at least annually, review the use of department social media to evaluate the resources being used, the effectiveness of the content, any unauthorized or inappropriate content and the resolution of any issues.

339.7 RETENTION OF RECORDS

The Administrative Services Bureau Chief should work with the Public Records Officer to establish a method of ensuring that public records generated in the process of social media use are retained in accordance with established records retention schedules.

339.8 TRAINING

Authorized members should receive training that, at a minimum, addresses legal issues concerning the appropriate use of social media sites, as well as privacy, civil rights, dissemination and retention of information posted on department sites.

Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, unassociated funerary objects, sacred objects, or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.5).

DuPont Police Department

Policy Manual

Extreme Risk Protection Orders

341.4.1 REQUIREMENTS OF PETITION

An application for an extreme risk protection order should be prepared, filed, and served consistent with state law and the procedures developed by the extreme risk protection order coordinator (RCW 7.105.100; RCW 7.105.105; RCW 7.105.110).

Officers petitioning the court shall use any standard petition, order, and confidential party information forms created by the administrative office of the courts (RCW 7.105.105).

The petition shall (RCW 7.105.100; RCW 7.105.105; RCW 7.105.110):

- (a) Allege that the person poses a significant danger of causing personal injury to the person or others by having in the person's control or custody, purchasing, possessing, accessing, receiving, or attempting to purchase or receive a firearm and be accompanied by the confidential party form and declaration signed under penalty of perjury that provides the specific statements and circumstances for which relief is sought.

An officer may also seek an ex parte extreme risk protection order, without notice to the person, by including in the petition detailed allegations based on personal knowledge that the person poses a significant danger of causing personal injury to the person or others in the near future by having in the person's custody or control, purchasing, possessing, accessing, receiving, or attempting to purchase or receive a firearm. If necessary, the ex parte order may be obtained from an on-call, after-hours judge using the same procedures for after-hours search warrants (RCW 7.105.110).

341.4.2 NOTICE TO PERSONS AT RISK

When a member petitions for an extreme risk protection order, the member shall make a good-faith effort to provide notice to an intimate partner or family or household member of the person and to any known third party who the member reasonably believes may be at risk of violence. The notice shall state the intention to seek an extreme risk protection order or that the order has already been sought and include referrals to appropriate resources, including behavioral health, domestic violence, and counseling (RCW 7.105.110).

341.5 SERVICE OF ORDERS

Service of orders should be made in accordance with the agency protocols.

DuPont Police Department

Policy Manual

Extreme Risk Protection Orders

Personal service of orders shall include copies of all forms with the exception of the confidential party information form completed by the protected party and the proof of service form (RCW 7.105.155).

Service of orders should take precedence over the service of other orders, except for orders of a similar emergency nature (RCW 7.105.155).

341.5.1 PERSONAL SERVICE REQUIREMENTS

When personally serving an order, including an ex parte order, the first attempt to serve an extreme risk protection order should be made within 24 hours after receipt from the court unless an emergency situation renders the service infeasible. If an emergency situation prevents a first attempt at service within 24 hours, service shall be attempted as soon as possible. If the first attempt is unsuccessful, at least two additional attempts should be made. If the order is issued against a minor under the age of 18, officers shall also make reasonable efforts to serve a copy of the order on the parent or guardian of the minor at the address where the minor resides, or the Department of Children, Youth, and Families in the case where the minor is the subject of a dependency or court approved out-of-home placement. A minor shall not be served at the minor's school unless no other address for service is known. All attempts at service must be documented on a proof of service form and submitted to the court in a timely matter (RCW 7.105.150; RCW 7.105.155; RCW 7.105.330(5)).

If personal service is not completed within 10 days, the officer should notify the petitioner, attempt to gain new information sufficient to permit service, and continue to attempt service unless otherwise notified by the court. If the petitioner is unable to provide a service address or there is evidence that the person is evading service, the officer shall use law enforcement databases to assist in locating the person. If service is not successful, all service attempts shall be documented on the proper form and submitted to the Records Manager for filing with the court (RCW 7.105.155).

If the protected person is present when service is attempted, the officer should take reasonable steps to separate the protected person before completing service or inquiring about any firearms (RCW 7.105.155).

341.5.2 SAFETY CONSIDERATIONS

Upon receipt of extreme risk protection order, the operations director or the authorized designee should evaluate the circumstances of the order and consider what precautions are appropriate for service of the protection order.

When appropriate based on the circumstances and department procedures, service of an order should be executed pursuant to the Operations Planning and Deconfliction Policy.

At least two officers should be present when an order is being served.

341.7 RECORDS MANAGER RESPONSIBILITIES

The Records Manager is responsible for ensuring that:

- (a) Orders received from the court are entered into the national instant criminal background check system or any other federal or state computer-based system used by the Department that identifies prohibited purchasers of firearms, and into any other computer-based criminal intelligence information systems used by the Department that lists outstanding warrants (RCW 7.105.350).

- (d) Expired or terminated orders entered into computer-based systems by the Department are removed (RCW 7.105.350).
- (e) Orders that could not be personally served should be returned to the issuing court on the next judicial day following the last service attempt (RCW 7.105.155).
 - 1. The return should be made on the appropriate form and include the reason that service was unsuccessful.

341.8 COURT-ORDERED FIREARMS SURRENDERS

Authorized members should accept firearms and a concealed pistol license from any person who is the subject of an extreme risk protection order. The member receiving any firearm shall:

- (a) Fulfilling any additional service requirements for the order to show cause
- (b) Providing the court a complete list of firearms surrendered by the person pursuant to the extreme risk protection order that are in the possession of the Department

- (d) Filing an affidavit with the court where there is reasonable suspicion that the person who is subject to the extreme risk protection order is not in full compliance with the terms, including the basis for the belief

341.10 RELEASE OF FIREARMS

Firearms that were taken into custody or surrendered pursuant to an extreme risk protection order should be returned to the restrained person upon the expiration of the order, in accordance with the Property and Evidence Policy (RCW 7.105.345).

341.11 STANDARD FOR ARREST

When an officer has confirmed that a valid extreme risk protection order exists and has probable cause to believe the person has knowledge of the order and violated that order, the officer shall make an arrest and take the person into custody (RCW 10.31.100).

341.12 RENEWAL OF EXTREME RISK PROTECTION ORDER

The Criminal Investigations Unit supervisor is responsible for review of an extreme risk protection order obtained by the Department, to determine if renewal should be requested within the time prescribed by law (RCW 7.105.410).

Examples of information-sharing methods include:

- (a) Community meetings.

DuPont Police Department

Policy Manual

Community Relations

a complaint to the department regarding alleged misconduct or inappropriate job performance by department members.

342.9 SAFETY AND OTHER CONSIDERATIONS

Department members responsible for community relations activities should consider the safety of the community participants and, as much as reasonably practicable, not allow them to be present in any location or situation that would jeopardize their safety.

Department members in charge of community relations events should ensure that participating community members have completed waiver forms before participation, if appropriate. A parent or guardian must complete the waiver form if the participating community member has not reached 18 years of age.

Community members are subject to a criminal history check before approval for participation in certain activities, such as citizen academies.

342.10 COMMUNITY ADVISORY COMMITTEE

The Chief of Police should establish a committee of volunteers consisting of community members, community leaders and other community stakeholders (e.g., representatives from schools, churches, businesses, social service organizations). ADA Compliance

343.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for equal access to DuPont Police Department services, programs, and activities for persons with disabilities, in accordance with Title II of the Americans with Disabilities Act (ADA).

This policy also includes guidelines to provide effective communication with persons with disabilities. See the Service Animals Policy for guidance on protecting the rights of individuals who use service animals in accordance with the ADA.

343.1.1 DEFINITIONS

Definitions related to this policy include (28 CFR 35.104):

ADA coordinator - The member designated by the Chief of Police to coordinate the department's efforts to comply with the ADA (28 CFR 35.107).

Assistive devices, auxiliary aids, and services - Tools used by persons with disabilities to facilitate their participation in services, programs, and activities offered by the DuPont Police Department and to facilitate effective communication. They include but are not limited to the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; a qualified reader; or a qualified interpreter.

Disability - A physical or mental impairment that substantially limits a major life activity including hearing, seeing, or speaking, regardless of whether the person uses assistive devices, auxiliary aids, and services. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102; 28 CFR 35.108).

Facility - All aspects of department buildings, structures, sites, complexes, equipment, rolling stock or other conveyances, roads, walkways, parking areas, and other real or personal property (28 CFR 35.108).

Modification - Any change, adjustment, alteration, adaptation, or accommodation that renders a department service, program, or activity suitable for use, enjoyment, or participation by a person with a disability. This may include alteration of existing buildings and facilities.

A modification includes any change or exception to a policy, practice, or procedure that allows a person with a disability to have equal access to services, programs, and activities. It also includes the provision or use of assistive devices, auxiliary aids, and services.

Qualified interpreter - A person who is able to interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters, and intermediary interpreters. Qualified interpreters should be certified pursuant to RCW 2.42.110.

DuPont Police Department

Policy Manual

ADA Compliance

343.2 POLICY

It is the policy of the DuPont Police Department that persons with disabilities, including victims, witnesses, suspects, and arrestees, have equal access to services, programs, and activities of the Department.

The Department will not discriminate against or deny any individual access to services, programs, or activities based upon the presence or suspected presence of disabilities.

343.3 ADA COORDINATOR RESPONSIBILITIES

The responsibilities of the ADA coordinator include but are not limited to (28 CFR 35.130):

- (a) Collaborating with the City ADA coordinator regarding the DuPont Police Department's efforts to provide equal access to services, programs, and activities.
 - 1. Maintaining department compliance with accessibility standards for department web content and mobile applications as required by 28 CFR 35 Subpart H (28 CFR 35.200).
- (b) Collaborating with the City ADA coordinator to facilitate a process of periodic self-evaluation. The process should include:
 - 1. Inspection of current department facilities to identify access issues.
 - 2. Review of current department services, activities, and programs for access issues.
 - 3. Assessment and update, if necessary, of current compliance measures.
 - 4. Identification of recurring areas of complaint for which new methods of modification should be considered.
 - 5. Review of the department's emergency programs, services, and activities as they apply to persons with disabilities.
 - 6. Recommendation of a schedule to implement needed improvements.
- (c) Acting as a liaison with local disability advocacy groups or other disability-focused groups regarding access to department services, programs, and activities.
- (d) Developing procedures that will enable members to access assistive devices, auxiliary aids, and services, and making the procedures available as appropriate.
 - 1. A list of qualified interpreter services with contact and availability information should be maintained and easily accessible to members.
- (e) Developing procedures for the review and processing of requests for modifications that will help members provide persons with disabilities access to department services, programs, and activities, as appropriate.
- (f) Establishing procedures for the booking process to assist members with managing commonly encountered disabilities such as sight or mobility impairments and intellectual or developmental disabilities.
- (g) Providing notice to the public regarding the rights and protections afforded by the ADA. This may include posters, published notices, handbooks, manuals, and pamphlets.

Policy Manual

ADA Compliance

describing department services, programs, and activities and the availability of assistive devices, auxiliary aids, and services, as well as modifications (28 CFR 35.106).

- (h) Collaborating with other city departments during the planning process to provide that new construction and any alteration to an existing building or facility are undertaken in compliance with the ADA (28 CFR 35.151).
- (i) Developing, implementing, and publishing appropriate procedures to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to services, programs, and activities. The complaint procedures should include an appeal process (28 CFR 35.107).
- (j) Verifying that third parties providing department services, programs, or activities through contract, outsourcing, licensing, or other arrangement have established reasonable policies and procedures to prevent discrimination against and denial of access to persons with disabilities.
- (k) Recommending amendments to this policy as needed.

343.4 REQUESTS

The goal of any modification should be to allow a person with a disability to participate in a service, program, or activity the same as a person who does not have a disability.

Upon receiving a request for a modification, members should make reasonable efforts to accommodate the request based on the preference of the person with the disability. Members should not ask about the nature and extent of a person's disability but should limit questions to elicit information necessary to determine the need for a modification and the appropriate type of modification.

If the requested modification or an alternative modification can reasonably be made at the time of the request, the member should make the modification. A member who is unable to accommodate a request or unsure about whether a request should be accommodated should contact a supervisor.

The supervisor should review and approve the request, if practicable and appropriate. Otherwise, the supervisor should document the requesting person's contact information and the modification being requested and forward the request to the ADA coordinator for processing as soon as reasonably practicable.

343.4.1 DENIAL OF A REQUEST

The following should be considered before denying a request for modification:

- (a) Requests for modifications should be approved unless complying with the request would result in (28 CFR 35.150):
 - 1. A substantial alteration of the service, program, or activity.
 - 2. An undue financial or administrative burden on the Department. All resources available for use in the funding and operation of the service, program, or activity at issue should be considered in this determination.

DuPont Police Department

Policy Manual

ADA Compliance

3. A threat to or the destruction of the historic significance of a historic property.
 4. A direct threat to the health or safety of others (28 CFR 35.139).
- (b) If any of these circumstances are present, the ADA coordinator should work with department members and the person requesting the modification to determine if an alternative modification is available.
- (c) Where new construction or physical modification of an existing building or facility would be unfeasible or unduly burdensome, the ADA coordinator should work with department members to determine whether alternative modifications are available. Alternative methods that should be considered include (28 CFR 35.150):
1. Reassigning services, programs, or activities to accessible buildings or facilities.
 2. Utilizing technology, equipment, rolling stock, or other conveyances.
 3. Delivering the services, programs, or activities directly to a person with a disability by way of home visits or meeting the person at an accessible location.
 4. Any other means or methods that would make services, programs, or activities readily accessible.
- (d) If no alternative modification is appropriate, the ADA coordinator shall issue a written statement explaining why a modification of the service, program, or activity will not be made (28 CFR 35.150).

343.4.2 PERSONAL DEVICES AND ASSISTANCE

Although members should make every effort to comply with requests, the provision of personal devices or assistance (e.g., wheelchairs, eyeglasses, hearing aids, personal assistance in eating or using the restroom) to persons with disabilities is not required (28 CFR 35.135).

343.4.3 SURCHARGES

Surcharges shall not be imposed upon persons with disabilities to cover the costs of providing modifications (28 CFR 35.130(f)).

343.5 COMMUNICATIONS WITH PERSONS WITH DISABILITIES

Members should remain alert to the possibility of communication problems when engaging with persons with disabilities. When a member knows or suspects an individual requires assistance to effectively communicate, the member should identify the individual's choice of assistive devices, auxiliary aids, and services. The individual's preferred communication method should be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method may be effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length, and complexity of the communication involved.
- (c) The context of the communication.

DuPont Police Department

Policy Manual

ADA Compliance

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever modification reasonably appears effective under the circumstances. This may include exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter. Once the emergency has ended, the method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

343.5.1 TYPES OF ASSISTANCE AVAILABLE

Department members shall not refuse an available type of assistive device, auxiliary aid, or service to a person with a disability who is requesting assistance. The Department will not require persons with disabilities to furnish their own assistive device, auxiliary aid, or service as a condition for receiving access to department services, programs, and activities. The Department will make every reasonable effort to provide equal access and timely assistance to persons with disabilities through a variety of assistive devices, auxiliary aids, and services (28 CFR 35.160).

The Department will not require that persons with disabilities use department-provided assistive devices, auxiliary aids, and services. Department-provided assistive devices, auxiliary aids, and services may include but are not limited to the means described in this policy.

343.5.2 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment. If such a recording is not available, members may read aloud from the appropriate form or provide forms with enlarged print.

343.5.3 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect, or arrestee) with individuals who normally rely on sign language or speechreading (i.e., lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the matter. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a legal proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time.
- (b) Experienced in providing interpretation services related to law enforcement matters in the person's primary language.
- (c) Familiar with the use of text- and video-based communications products and systems.
- (d) Certified in either American Sign Language (ASL) or Signing Exact English (SEE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

DuPont Police Department

Policy Manual

ADA Compliance

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity or when it is reasonably apparent that an interpreter is needed. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Persons with disabilities shall not be required to provide an interpreter (28 CFR 35.160).

343.5.4 TELECOMMUNICATION SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., during booking or attorney contacts), members must also provide those with communication-related disabilities the opportunity to place calls using an available TTY, TDD, or other voice, text, or video-based communications product or system. Members shall provide additional time, as needed, for effective communication due to the slower nature of assisted communications.

The Department will accept all TDD and computer modem calls placed by individuals with communications-related disabilities and received via a telecommunications relay service (28 CFR 35.162).

343.5.5 COMMUNITY VOLUNTEERS

Where qualified interpreters are unavailable to assist members, department-approved community volunteers who have demonstrated competence in communication services, such as ASL or SEE, may be called upon to provide interpreter services when appropriate. However, department members must carefully consider the nature of the interaction and the relationship between the individual with the disability and the volunteer to be reasonably satisfied that the volunteer can provide neutral and unbiased assistance.

343.5.6 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the interaction and relationship between the individual with the disability and the person offering services must be carefully considered to determine whether the family member or friend can provide neutral and unbiased assistance.

Except in an emergency involving an imminent threat to the safety or welfare of any person and no qualified interpreter is reasonably available, members shall not use a minor child as an interpreter (28 CFR 35.160).

343.5.7 FIELD ENFORCEMENT CONSIDERATIONS

Due to the unpredictable and varied nature of field enforcement, the Department recognizes that it is impracticable to provide immediate access to a comprehensive supply of assistive devices, auxiliary aids, and services to every member of this department. Members involved in interactions with persons with disabilities that occur in the field should assess each situation to determine if communication assistance is necessary. The length, complexity, and importance of the communication, as well as the individual's preferred method of communication, should be

DuPont Police Department

Policy Manual

ADA Compliance

considered when determining what, if any, resources should be used and whether a qualified interpreter or other service is needed.

343.6 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals with disabilities are protected during a custodial interrogation, this department will provide reasonable modifications before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that the individual understands the process and desires to proceed without receiving a modification. *Miranda* warnings should be provided to a suspect via the individual's preferred method of communication.

Interrogations should be recorded whenever reasonably practicable. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

343.7 ARREST

If an individual with a communication-related disability is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter as soon as reasonably practicable, unless the individual indicates a preference for a different assistive device, auxiliary aid, or service, or the officer reasonably determines another effective method of communication exists under the circumstances. The interpreter shall be present for any *Miranda* warnings, statements, or interrogations (RCW 2.42.120).

Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

343.8 WEBSITE ACCESS

The ADA coordinator should work with the appropriate parties to develop online content that is readily accessible to persons with disabilities. Department web content should be developed in conformance with the most current guidelines issued by the U.S. Department of Justice and federal regulations (28 CFR 35 Subpart H; 28 CFR 35.200).

Department website content should also be made available to persons with disabilities in an alternative format upon request, if reasonably practicable.

343.9 DOCUMENTATION

Whenever any modification has been provided, the member involved should document:

- (a) The type of modification, assistive device, auxiliary aid, or service provided.
- (b) Whether the individual elected to use an assistive device, auxiliary aid, or service provided by the Department or another identified source, as applicable.
- (c) Whether the individual's express preference for the modification was not honored and the reason why an alternative method was used.

The documentation and any written communications exchanged should be maintained consistent with the Records Maintenance and Release Policy.

DuPont Police Department

Policy Manual

ADA Compliance

All written communications exchanged in a criminal case shall be attached to the member's report or placed into evidence.

343.10 COMPLAINTS

A member who receives a complaint or becomes aware of potential disability discrimination, an ADA violation, or a person's inability to access the department's programs, services, or activities should document the complaint and promptly refer the matter to the ADA coordinator (28 CFR 35.107). The Department shall assist persons with disabilities who require assistance to file a complaint regarding members of this department. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate.

343.11 TRAINING

Members should receive periodic training on ADA compliance, to include:

- (a) Awareness and understanding of this policy, related procedures, forms, and available resources.
- (b) Procedures for handling requests for modifications.
- (c) Accessing assistive devices, auxiliary aids, and services needed to accommodate requests for modifications.
- (d) General requirements of the ADA, including modifying policies and practices, communicating with individuals with disabilities, and identifying alternate ways to provide access to programs, services, and activities as appropriate to the member's job duties.

Management staff, even if they do not interact regularly with individuals with disabilities, should receive training as appropriate to understand and reinforce this policy.

The Training Sergeant should maintain records of all training provided and retain a copy in each member's training file in accordance with the established records retention schedule.

343.11.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of department assistive devices, auxiliary aids, and services for communicating with individuals with communication-related disabilities. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing calls using TTY, TDD, or other voice, text, and video-based communications products and systems.
- (d) Hands-on experience in using TTY, TDD, or other voice, text, and video-based communications products and systems.

DuPont Police Department

Policy Manual

ADA Compliance

Training should be provided for all the Communications Center members who may have contact with individuals from the public who have communication-related disabilities. Refresher training should be provided as appropriate.

Vehicle Pursuits

344.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public, and fleeing suspects.

344.1.1 DEFINITIONS

Definitions related to this policy include:

Boxing-in - A low-speed tactic designed to stop a fleeing vehicle by surrounding it with emergency vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed tactic designed to apply lateral pressure to the rear quarter panel of a fleeing vehicle, causing it to spin out, stall, and come to a stop (also known as a Precision Immobilization Technique).

Ramming - The deliberate act of impacting a fleeing vehicle with another vehicle to functionally damage or otherwise force the fleeing vehicle to stop.

Roadblock - A tactic designed to stop a fleeing vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the fleeing vehicle.

Tire deflation device - A device designed to be placed on the roadway and puncture the tires of a fleeing vehicle, sometimes referred to as spike strips.

Vehicle pursuit - An attempt by a uniformed officer in a vehicle equipped with emergency lights and a siren to stop a moving vehicle where the operator of the moving vehicle appears to be aware that the officer is signaling the operator to stop the vehicle and the operator of the moving vehicle appears to be willfully resisting or ignoring the officer's attempt to stop the vehicle by increasing vehicle speed, making evasive maneuvers, or operating the vehicle in a reckless manner that endangers the safety of the community or the officer (RCW 10.116.060).

344.2 POLICY

It is the policy of this department to balance the need to apprehend a fleeing suspect with the risks associated with vehicle pursuits.

344.3 INITIATING A PURSUIT

When balancing the risk of a pursuit with the need to apprehend the suspect, officers shall consider (RCW 10.116.060):

- (a) The seriousness of the known or reasonably suspected crime committed by the suspect and the threat to the safety of the public if the suspect remains at large.
- (b) Whether the identity of the suspect is known with enough certainty to enable apprehension at a later time.

DuPont Police Department

Policy Manual

Vehicle Pursuits

- (c) The speed of the vehicles relative to the conditions of the area, such as the population density, amount of vehicular and pedestrian traffic (e.g., school zones), time of day, and road and weather conditions.
- (d) The pursuing officer's driving capabilities, familiarity with the area, and quality of radio communications with the dispatcher/supervisor.
- (e) The nature of the pursuing unit (e.g., marked vs. unmarked) and its speed and performance capabilities in relation to the fleeing vehicle (e.g., performance motorcycle).
- (f) Whether there are other persons in or on the fleeing vehicle and their relationship to the situation (e.g., passengers, co-offenders, hostages, minors).
- (g) Whether the pursuing unit is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist.
- (h) The availability of other resources such as air support or vehicle locator/deactivation technology.

See attached [Vehicle Pursuit Matrix](#) for further reference.

344.3.1 LIMITATIONS FOR INITIATING A PURSUIT

Officers are not authorized to initiate a pursuit unless the following criteria exist (RCW 10.116.060):

- (a) Reasonable suspicion exists to believe that a person has violated the law.
- (b) The pursuit is necessary for the purpose of identifying or apprehending the person.
- (c) The person poses a threat to the safety of others, and the safety risks of failing to apprehend or identify the person are considered to be greater than the safety risks of the vehicle pursuit under the circumstances.

344.4 PURSUIT UNITS

Vehicle pursuits should be limited to three police department emergency vehicles (two pursuit units and the supervisor vehicle). However, an officer or supervisor may request that additional units join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of officers involved may be insufficient to safely arrest the number of suspects.

344.4.1 EMERGENCY EQUIPMENT

Vehicle pursuits shall only be conducted using authorized police department vehicles that are equipped with emergency lighting and sirens as required by law. Each pursuit unit's emergency lights and sirens should remain activated throughout the unit's participation in the pursuit.

Officers operating vehicles not equipped with emergency lights and siren are prohibited from pursuing a fleeing vehicle or joining a pursuit. Officers in such vehicles may provide support to pursuing units when needed, but should operate the vehicle in compliance with all traffic laws and should discontinue such support immediately upon arrival of a sufficient number of authorized emergency vehicles or any air support.

DuPont Police Department

Policy Manual

Vehicle Pursuits

344.4.2 MOTORCYCLES AND UNMARKED UNITS

When involved in a pursuit, police department motorcycles and unmarked vehicles should be replaced by marked four-wheel emergency vehicles as soon as practicable.

344.4.3 PRIMARY UNIT

The initial pursuing officer should be designated as the primary unit and will be responsible for the conduct of the pursuit unless that unit is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to themselves or others.

The primary pursuing officer shall notify a supervisor immediately upon initiating a vehicle pursuit. The officer and the supervisor shall consider alternatives to the vehicle pursuit, as well as the justification for the pursuit, and other safety considerations (RCW 10.116.060).

As soon as practicable, the primary unit shall notify the Communications Center of the pursuit, request priority radio traffic, and provide appropriate information including:

- (a) The location, direction of travel, and estimated speed of the pursuit.
- (b) The description of the fleeing vehicle, including the license plate number, if known.
- (c) The reason for the pursuit.
- (d) A description of the fleeing vehicle's evasive driving behavior (e.g., rapid lane changes, no headlights, driving on the wrong side of the road).
- (e) Known or suspected weapons, threat of force, violence, injuries, hostages, or other unusual hazards.
- (f) The suspected number of occupants and their identities or descriptions.
- (g) The weather, road, and traffic conditions.
- (h) The need for any additional resources or equipment.
- (i) The identities of other law enforcement agencies involved in the pursuit.

The primary unit is responsible for broadcasting the progress of the pursuit until a secondary or air unit joins the pursuit. Once an additional unit joins the pursuit, the primary unit should relinquish the responsibility of broadcasting the progress to the secondary or air unit unless circumstances reasonably indicate otherwise.

344.4.4 SECONDARY UNIT

The second officer in the pursuit should be designated as the secondary unit and is responsible for:

- (a) Notifying the Communications Center of their entry into the pursuit.
- (b) Broadcasting the progress of the pursuit, updating known or critical information, and providing changes in the pursuit, unless the situation indicates otherwise.
- (c) Identifying the need for and requesting additional resources or equipment as appropriate.
- (d) Serving as backup to the primary unit once the fleeing vehicle has been stopped.

DuPont Police Department

Policy Manual

Vehicle Pursuits

344.4.5 AIR UNITS

When available, air unit assistance should be requested. The air unit should assume responsibility of broadcasting the pursuit once they have established visual contact with the fleeing vehicle. Ground units should maintain operational control and consider whether the continued close proximity and/or involvement in the pursuit is warranted.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit, and provide pursuing units with details of upcoming traffic congestion, road hazards, or other information pertinent to evaluating whether to continue the pursuit. If ground units are not within visual contact of the fleeing vehicle and the air unit determines that it is unsafe to continue the pursuit, the air unit should recommend termination.

344.5 PURSUIT DRIVING

The decision to use specific driving tactics requires consideration of the same factors as initiating a pursuit. In addition, officers involved in the pursuit should adhere to the following:

- (a) Pursuing units should space themselves far enough from other involved vehicles to be able to see and avoid hazards and react safely to maneuvers by the fleeing vehicle.
- (b) Pursuing units should exercise caution and slow down as necessary when proceeding through intersections.
- (c) Pursuing units should not follow a fleeing vehicle driving against traffic (wrong way) and should instead:
 - 1. Request assistance from available air support.
 - 2. Maintain visual contact with the fleeing vehicle by paralleling it on the correct side of the roadway.
 - 3. Request other units to observe exits available to the fleeing vehicle.
- (d) Pursuing units should request that the Communications Center notify the Washington State Patrol and/or another law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Pursuing units should not attempt to pass other pursuit units unless the situation indicates otherwise or they are requested to do so. Passing another pursuit unit should only be attempted with a clear understanding of the maneuver.

344.5.1 RULES OF THE ROAD

Officers shall drive with due regard for the safety of all persons and property. However, when in pursuit, if there is no unreasonable risk to persons and property, officers may (RCW 46.61.035):

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (b) Exceed the speed limit.
- (c) Disregard regulations governing direction of movement or turning in specified directions.

DuPont Police Department

Policy Manual

Vehicle Pursuits

344.5.2 OFFICERS NOT INVOLVED IN THE PURSUIT

Officers not directly involved in the pursuit should stay alert to its progress and location and may proceed safely to intersections ahead of the pursuit to warn cross traffic. When clearing intersections along the pursuit path, officers are authorized to use emergency equipment and should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or a suspect intentionally trying to ram the police department vehicle.

Other than clearing intersections along the pursuit path, uninvolved officers should avoid operating under emergency conditions (emergency lights and siren) and should remain in their assigned areas unless directed otherwise by a supervisor.

When needed, non-pursuing officers and officers who have dropped out of the pursuit should respond to the pursuit termination point in a non-emergency manner, observing the rules of the road. Officers should not parallel the pursuit route.

344.6 SUPERVISORY CONTROL AND RESPONSIBILITIES

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor, will be responsible for (RCW 10.116.060):

- (a) Immediately notifying the involved units and the dispatcher of supervisory presence and ascertaining all reasonably available information in order to continuously assess the situation and risk factors associated with the pursuit.
- (b) Exercising management and control of the pursuit and, when appropriate, engaging in the pursuit to provide on-scene supervision.
- (c) Confirming that no more pursuing units than required are involved in the pursuit.
- (d) Directing that the pursuit be terminated if, in the supervisor's judgment, continuing the pursuit is not justified under the guidelines of this policy.
- (e) Assessing the emotional state of the officers involved and directing an officer to disengage from the pursuit if it appears they are unable to control their emotions.
- (f) Requesting additional assistance from air support, canines, or other resources, if available and appropriate.
- (g) Verifying that the proper radio channel is being used.
- (h) Confirming the Watch Supervisor has been notified of the pursuit.
- (i) Overseeing the notification and/or coordination of outside agencies if the pursuit leaves or is likely to leave the jurisdiction of this department.
- (j) Continuing the management and control of DuPont Police Department units when a pursuit enters another jurisdiction.
- (k) Preparing documentation of the pursuit and conducting a post-pursuit review, as required.

DuPont Police Department

Policy Manual

Vehicle Pursuits

344.6.1 WATCH SUPERVISOR RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Watch Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Supervisor has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

344.7 THE COMMUNICATIONS CENTER

Radio communications during a pursuit should be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

344.7.1 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved units and personnel.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Watch Supervisor as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

344.8 INTERJURISDICTIONAL CONSIDERATIONS

Unless entry into another jurisdiction is expected to be brief, the primary unit or supervisor should ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

344.8.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

When a pursuit enters another agency's jurisdiction, the primary unit or the supervisor should determine whether to request the other agency assume the pursuit, taking into consideration the distance traveled, familiarity with the area, and other pertinent facts.

Once another agency has agreed to assume the pursuit, pursuing units should relinquish control and discontinue participation unless the continued assistance of the DuPont Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may, with supervisory approval, proceed to the termination point in order to provide information and assistance for the arrest of the suspect and reporting of the incident. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for department reports.

DuPont Police Department

Policy Manual

Vehicle Pursuits

344.8.2 PURSUITS EXTENDING INTO THIS JURISDICTION

Officers from this department should not join a pursuit being conducted by another agency unless specifically requested to do so by that agency and with approval from a supervisor.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of the DuPont Police Department, the Watch Supervisor or supervisor should review the request as soon as practicable, taking into consideration:

- (a) Whether the need to apprehend the fleeing suspect outweighs the risks of the pursuit to officers and the public.
- (b) Whether there is adequate staffing to continue the pursuit.
- (c) The available units' capabilities to maintain the pursuit.
- (d) The number of available units and other resources of the pursuing agency.

Assistance to a pursuing agency by officers of this department should terminate at the City limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this department should continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers should provide appropriate assistance to the pursuing agency such as scene control, inter-agency coordination, completion of supplemental reports, and any other reasonable assistance requested or needed.

344.9 PURSUIT INTERVENTION

Pursuit interventions should only be used when it reasonably appears that using the intervention will contain or prevent the pursuit, and the need to immediately stop the fleeing vehicle outweighs the risks of injury or death to officers and others.

Pursuit interventions may be construed as a use of force, including deadly force, and are subject to the policies guiding such use. Officers should consider the guidelines for the use of force when deciding how, when, where, and if a pursuit intervention should be employed. Refer to the Use of Force Policy for additional guidance.

Whenever practicable, an officer should seek approval from a supervisor before employing any pursuit intervention to stop a fleeing vehicle. Officers should not attempt a pursuit intervention unless they have received the appropriate training for the intervention being used.

As soon as practicable after initiating a pursuit, the primary pursuing officer and supervisor, if available, shall develop a plan for the termination of the pursuit using available intervention options (RCW 10.116.060).

344.9.1 TIRE DEFLATION DEVICE

Before deploying a tire deflation device, officers should consider factors such as:

- (a) Speed of the fleeing vehicle - Traveling at high speeds increases the risk the suspect will lose control of the vehicle after driving over or swerving to avoid a tire deflation device.

DuPont Police Department

Policy Manual

Vehicle Pursuits

- (b) Weather and visibility - Tire deflation devices should only be deployed when the location, weather, and other conditions allow the deploying officer to clearly see the fleeing vehicle, pursuit units, and other approaching traffic.
- (c) Cover - Deployment should occur in a location that provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicles.
- (d) Road conditions - Soft or loose material such as dirt or gravel may prevent a tire deflation device from puncturing the vehicle's tire. Deploying the device on loose pavement or icy or wet roads increases the risk of the suspect losing control of the vehicle.
- (e) Characteristics of the deployment area - A tire deflation device should not be deployed in areas that are heavily populated with pedestrians, at times of heavy traffic, or at a location where there is a heightened chance of striking a fixed object.
- (f) Characteristics of the fleeing vehicle - Except in extraordinary circumstances, a tire deflation device should not be used when the fleeing vehicle is a motorcycle or other vehicle with fewer than four wheels, an ATV, a vehicle transporting hazardous materials, or a school bus transporting children.

Because of the risks to deploying officers, the intent to deploy a tire deflation device and its location should be clearly communicated to the dispatcher and all involved units.

344.9.2 PIT

A PIT should only be attempted in a vehicle with a reinforced bumper.

Before conducting a PIT, officers should consider factors such as:

- (a) Speed of the fleeing vehicle - Conducting a PIT while traveling at high speeds increases the risk of the suspect or officer losing control of their vehicle. A PIT should not be conducted at speeds greater than the speed at which the officer has received training.
- (b) Road conditions - Because the intention of a PIT is to cause the fleeing vehicle to spin out by reducing the friction between the tires and the roadway, the material of the roadway (e.g., pavement, gravel, dirt) should be considered and a PIT should not be attempted when road conditions are wet or icy.
- (c) Characteristics of the deployment area - A PIT should not be attempted in areas that are heavily populated with pedestrians, at times of heavy traffic, or at a location where there is a heightened chance of striking a fixed object.
- (d) Characteristics of the fleeing vehicle - A PIT should not be used when the pursued vehicle is a motorcycle or other vehicle with fewer than four wheels, an ATV, a vehicle transporting hazardous materials, or a school bus transporting children. The increased risk of rolling over should be evaluated on vehicles with a high center of gravity.
- (e) Number of pursuit units - A PIT should not be used unless there is a sufficient number of pursuit units available to prevent further movement of the fleeing vehicle after spinning out.

DuPont Police Department

Policy Manual

Vehicle Pursuits

344.9.3 BOXING-IN

Boxing-in should only be used when the fleeing vehicle is stopped or traveling at a low speed.

Boxing-in requires the participation of multiple units and therefore must be carefully coordinated with all involved.

344.9.4 RAMMING AND ROADBLOCKS

Ramming and roadblocks shall only be used when deadly force is warranted and all other reasonable alternatives have been exhausted or reasonably appear ineffective.

344.9.5 FIREARMS

Specific guidance on the use of a firearm during a vehicle pursuit is addressed in the Use of Force Policy.

344.10 TERMINATING A PURSUIT

The factors considered when initiating a pursuit should be continually re-evaluated by pursuing units during the pursuit, as the circumstances and conditions change, and as new information becomes available. If at any time the risk of continuing the pursuit outweighs the need to immediately apprehend the suspect, the pursuit should be terminated.

In addition, a pursuit should be terminated when:

- (a) A supervisor directs the pursuit to be terminated.
- (b) The location of the fleeing vehicle is no longer known.
- (c) The distance between the pursuing units and the fleeing vehicle is so great that further pursuit would be futile or would continue for an unreasonable time and/or distance.
- (d) The pursuing unit sustains damage or a mechanical failure that makes it unsafe to drive or renders the emergency lighting and sirens partially or completely inoperable and there are no additional units readily available to take over the pursuit.

When a pursuit terminates for any reason, all pursuit units should verbally acknowledge termination, turn off emergency lights and sirens, reduce their speed, and obey all traffic laws. The primary unit should communicate the location of pursuit termination to the dispatcher.

344.10.1 LOSS OF PURSUED VEHICLE

When a pursuit is terminated because the location of the fleeing vehicle is no longer known, the primary unit should broadcast pertinent information for other units to assist in locating the suspect. The primary unit or supervisor will be responsible for coordinating any further search for the pursued vehicle.

344.10.2 APPREHENSION OF SUSPECTS

Officers should exercise proper self-discipline and sound professional judgment at the conclusion of a pursuit and while apprehending the suspect.

Unless otherwise directed by a supervisor, an officer other than the primary unit should coordinate efforts to apprehend the suspect following the pursuit.

DuPont Police Department

Policy Manual

Vehicle Pursuits

Any use of force necessary to apprehend the suspect shall be consistent with the Use of Force Policy.

344.11 DEBRIEFING

Participating officers should return to the Department as soon as practical following a pursuit to debrief with a supervisor.

344.12 REPORTING REQUIREMENTS

Appropriate reports should be completed as required by applicable laws, policies, and procedures.

- (a) Pursuing officers should complete appropriate crime/arrest and pursuit reports.
- (b) The involved supervisor, or if unavailable, the on-duty field supervisor, shall obtain available information and promptly complete appropriate written notification to the Chief of Police or the authorized designee. The notification should briefly summarize the pursuit and include, at a minimum:
 - 1. Date and time of the pursuit.
 - 2. Reason and circumstances surrounding the pursuit (e.g., seriousness of the crime, road and traffic conditions, speed and driving behavior of the fleeing vehicle) that warranted initiation and continuation of the pursuit.
 - 3. Length of pursuit in distance and time, including the starting and termination points.
 - 4. Involved vehicles and officers.
 - 5. Alleged offenses.
 - 6. Whether a suspect was apprehended, as well as the means and methods used.
 - 7. Arrestee information, if applicable.
 - 8. Any injuries and/or medical treatment.
 - 9. Any property or equipment damage.
 - 10. Name of supervisor at the scene or who handled the incident.

After receiving copies of the written notification, reports, and other pertinent information, the Chief of Police or the authorized designee shall conduct or assign a post-pursuit review, as appropriate.

The Chief of Police should direct an annual documented management review and analysis of department vehicle pursuits to minimally address policy suitability, policy compliance, procedure, personnel issues, and training or equipment needs. The review should not contain the names of officers, suspects, or case numbers. The Chief of Police shall review and approve the final report.

344.13 PURSUIT TRAINING

The Training Sergeant should ensure that members of this department receive initial and annual training on vehicle pursuits relevant to their role (e.g., officers, supervisors, air units, dispatchers).

Officer training should address decision-making involved in initiating, continuing, and terminating a pursuit by balancing the need to apprehend the suspect with the risk of a pursuit. Subject to

DuPont Police Department

Policy Manual

Vehicle Pursuits

available resources, training on pursuit driving and the deployment of pursuit intervention tactics should include scenario-based training and behind-the-wheel practice, in addition to classroom instruction.

344.13.1 STATE-SPECIFIC TRAINING REQUIREMENTS

All officers engaging in vehicle pursuits shall have completed an emergency vehicle operator course, shall have completed refresher training in emergency vehicle operation within the two years prior to the pursuit, and shall be certified in at least one pursuit intervention option (RCW 10.116.060).

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of DuPont, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours per day seven days per week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions.
- (b) Crime prevention activities such as residential inspections, business inspections, community presentations, etc.
- (c) Calls for service, both routine and emergency in nature.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.
- (f) Community Oriented Policing and Problem Solving activities such as citizen assists and individual citizen contacts of a positive nature.
- (g) The sharing of information between the Patrol and other divisions within the Department, as well as other outside governmental agencies.
- (h) The application of resources to specific problems or situations within the community, which may be improved or resolved by Community Oriented Policing and problem solving strategies.
- (i) Traffic direction and control.

400.1.2 TERRORISM

It is the goal of the DuPont Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism related reports and FIs are forwarded to the Criminal Investigations Unit Supervisor in a timely fashion.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the DuPont Police Department.

DuPont Police Department

Policy Manual

Patrol Function

400.2.1 CRIME ANALYSIS UNIT

The Crime Analysis Unit (CAU) will be the central unit for information exchange. Criminal information and intelligence reports can be distributed to all divisions within the Department through daily and special bulletins.

400.2.2 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.2.3 PATROL BRIEFING

Patrol supervisors, detective sergeants, and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol Briefings as time permits.

400.2.4 INFORMATION CLIPBOARDS

Several information clipboards will be maintained in the briefing room and will be available for review by officers from all divisions within the Department. These will include, but not be limited to, the patrol check clipboard, the wanted persons clipboard, and the written directive clipboard.

400.2.5 BULLETIN BOARDS

A bulletin board will be kept in the briefing room and the Criminal Investigations Unit for display of suspect information, intelligence reports and photographs. New Departmental Directives will be made available for patrol supervisors and will be discussed at briefings and shift meetings. A copy of the Departmental Directive will be placed on the briefing room clipboard.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the DuPont Police Department's commitment to policing that is fair and objective. Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships) (RCW 43.101.410).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing or improper profiling - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin (including limited English proficiency), religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement.

401.2 POLICY

The DuPont Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.3.1 OTHER PROHIBITIONS

The DuPont Police Department also condemns the illegal use of an individual or group's attire, appearance, or mode of transportation, including the fact that an individual rides a motorcycle or wears motorcycle-related paraphernalia, as a factor in deciding to stop and question, take enforcement action, arrest, or search a person or vehicle with or without a legal basis under the United States Constitution or Washington State Constitution (RCW 43.101.419).

Additionally, members shall not collect information from a person based on religious belief, practice, or affiliation unless permitted under state law. Members shall not (RCW 42.60.020; RCW 42.60.030):

DuPont Police Department

Policy Manual

Bias-Based Policing

- (a) Provide or disclose to federal government authorities personally identifiable information about a person's religious belief, practice, or affiliation unless the member is being questioned as a witness to a crime.
- (b) Assist federal government authorities in compiling personal information about a person's religious belief, practice, or affiliation.
- (c) Investigate or enforce any requirement that a person register with the federal government or a federal agency based on religion.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform their duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING TRAFFIC STOPS

Each time an officer makes a traffic stop, the officer shall report any demographic information required by the Department (RCW 43.101.410).

401.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer and their supervisor in a timely manner.
 - 1. Supervisors should document these discussions in the prescribed manner.
- (b) Supervisors should periodically review Mobile Audio/Video (MAV) recordings, body-worn camera (BWC) media, Mobile Data Computer (MDC) data, and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings or data that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.

DuPont Police Department

Policy Manual

Bias-Based Policing

- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

401.6 STATE REPORTING

Subject to any fiscal constraints, the Department should review available data related to traffic stops, including demographic data, existing procedures, practices, and training, as well as complaints. The data should be analyzed for any patterns or other possible indicators of racial- or bias-based profiling and included in an annual report for the Washington Association of Sheriffs and Police Chiefs (WASPC) (RCW 43.101.410(3)).

401.7 ADMINISTRATION

The Operations Bureau Chief shall review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police. The report should also include a documented review of department activities with potential for bias. This may include traffic and field contacts, asset forfeiture efforts, citizen complaints, and any corrective measures taken. The annual report should not contain any identifying information about any specific complaint, member of the public, or officer. It shall be reviewed and approved by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the department annual report and the annual report submitted to the WASPC, and discuss the results with those they are assigned to supervise.

401.7.1 INCIDENT REVIEW AND ANALYSIS

The annual report shall include a management review and analysis of bias-based profiling incidents and should address any policy, procedure, training, and/or personnel issues identified during the review process.

401.8 TRAINING

Training on fair and objective policing and review of this policy shall be conducted annually and include (RCW 43.101.410):

- (a) Explicit and implicit biases.
- (b) Avoiding improper profiling.

Briefing

402.1 PURPOSE AND SCOPE

This policy discusses the activity of briefing and includes the tasks that should be accomplished during this short period.

402.2 POLICY

Briefing is intended to facilitate the accurate flow of information in order to enhance coordination of activities, improve performance and safety, and outline the expected actions of members.

402.3 BRIEFING

All divisions and specialized units will conduct regular briefing to discuss, disseminate, and exchange information among department members, work groups, and other organizations. A supervisor generally will conduct briefing. However, the supervisor may delegate this responsibility to a subordinate member in their absence or for training purposes.

Briefing should include but is not limited to:

- (a) Providing members with information regarding daily activities, with particular attention given to changes in the status of:
 - 1. Wanted persons.
 - 2. Crime patterns.
 - 3. Suspect descriptions.
 - 4. Intelligence reports and photographs.
 - 5. Community issues affecting law enforcement.
 - 6. Major investigations.
- (b) Notifying members of changes in schedules and assignments.
- (c) Reviewing recent incidents for situational awareness and training purposes.
- (d) Providing training on a variety of subjects.
- (e) Conducting periodic personnel inspections.

Supervisors should also ensure that all members are informed about Departmental Directives and any recent policy changes.

402.3.1 RETENTION OF BRIEFING TRAINING RECORDS

Briefing training materials and a curriculum or summary shall be forwarded to the Training Sergeant for inclusion in training records, as appropriate.

402.4 PREPARATION OF MATERIALS

The member conducting briefing is responsible for preparation of the materials necessary for a constructive briefing.

Briefing

402.5 TRAINING

Briefing training should incorporate short segments on a variety of subjects or topics and may include:

- (a) Review and discussion of new or updated policies.
- (b) Presentation and discussion of the proper application of existing policy to routine daily activities.
- (c) Presentation and discussion of the proper application of existing policy to unusual activities.
- (d) Review of recent incidents for training purposes.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY

It is the policy of the DuPont Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until the officer is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured

persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 OPERATIONS BUREAU CHIEF RESPONSIBILITIES

The Operations Bureau Chief is responsible for ensuring procedures are established that are consistent with the Washington State Patrol Crime Laboratory Division Crime Scene Procedures Manual, including, but not limited to:

- (a) Ensuring reasonable access to qualified personnel, equipment and supplies for processing crime scenes.

Ride-Along Policy

404.1 PURPOSE AND SCOPE

The Ride-Along Program provides an opportunity for citizens to experience the law enforcement function first hand. This policy provides the requirements, approval process, and hours of operation for the Ride-Along Program.

404.1.1 ELIGIBILITY

The DuPont Police Department Ride-Along Program is offered to residents, students and those employed within the City. Every attempt will be made to accommodate interested persons however any applicant may be disqualified without cause.

The following factors may be considered in disqualifying an applicant and are not limited to:

- Being under 16 years of age.
- Prior criminal history.
- Pending criminal action.
- Pending lawsuit against the Department.
- Denial by any supervisor.

404.1.2 AVAILABILITY

The Ride-Along Program is available on most days of the week, with certain exceptions. The ride-along days and times are limited to those when a Watch Supervisor is on-duty.

404.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by the Watch Supervisor. The participant will complete a ride-along waiver form. Information requested will include a valid ID or Washington driver's license, address, and telephone number. If the participant is under 18 years of age, a parent/guardian must be present to complete the Ride-Along Form.

The Watch Supervisor will schedule a date, based on availability, at least one week after the date of application. If approved, a copy will be forwarded to the respective Watch Supervisor as soon as possible for scheduling considerations.

If the ride-along is denied after the request has been made, a representative of the Department will contact the applicant and advise the applicant of the denial.

404.2.1 PROGRAM REQUIREMENTS

Once approved, civilian ride-alongs will be allowed to ride no more than once every six months. An exception would apply to the following: RSVP, Chaplains, Reserves, police applicants, and all others with approval of the Watch Supervisor.

Citizen Academy participants are authorized to ride for one four-hour shift.

DuPont Police Department

Policy Manual

Ride-Along Policy

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time.

Probationary officers are not authorized to have a civilian ride along.

404.2.2 SUITABLE ATTIRE

Any person approved to ride along is required to be suitably dressed in collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the police vehicle. The Watch Supervisor or field supervisor may refuse a ride along to anyone not properly dressed.

404.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty members of this department or any other law enforcement agency will not be permitted to ride-along with on-duty officers without the expressed consent of the Watch Supervisor. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent themselves as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

404.3 OFFICER'S RESPONSIBILITY

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

The Watch Supervisor is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, the form shall be returned to the Watch Supervisor with any comments which may be offered by the officer.

404.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct the ride-along in the conditions that necessarily limit their participation. These instructions should include:

- (a) The ride-along will follow the directions of the officer.
- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any police equipment.
- (c) The ride-along may terminate the ride-along at any time and the officer may return the observer to their home or to the station if the ride-along interferes with the performance of the officer's duties.
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety.

DuPont Police Department

Policy Manual

Ride-Along Policy

- (e) Officers will not allow any ride-alongs to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen.
- (f) Under no circumstance shall a civilian ride along be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person.

Hazardous Material Response

405.1 PURPOSE AND SCOPE

Exposure to hazardous materials present potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities.

405.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material - A substance which, by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

405.2 POLICY

It is the policy of the DuPont Police Department to respond to hazardous material emergencies with due regard for the safety of the public and those members responding to such incidents.

405.3 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill, or fire. When members come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond to and mitigate most incidents involving hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training. A responder entering the area may require decontamination before the responder is allowed to leave the scene, and should be evaluated by appropriate technicians and emergency medical services personnel for signs of exposure.

405.4 CONSIDERATIONS

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potentially hazardous material from a safe distance.
- (b) Notify the Communications Center, appropriate supervisors, the appropriate fire department and hazardous response units.
 - 1. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
- (c) Wear personal protective equipment (PPE), being cognizant that some hazardous material can be inhaled.

DuPont Police Department

Policy Manual

Hazardous Material Response

- (d) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (e) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars or spotting scopes) if they are available. Identification can be determined by:
 - 1. Placards or use of an emergency response guidebook.
 - 2. Driver's manifest or statements or shipping documents from the person transporting the material.
 - 3. Information obtained from any involved person with knowledge regarding the hazardous material. Information should include:
 - (a) The type of material.
 - (b) How to secure and contain the material.
 - (c) Any other information to protect the safety of those present, the community and the environment.
- (f) Provide first-aid to injured parties if it can be done safely and without contamination.
- (g) Make reasonable efforts to secure the scene and prevent access from unauthorized individuals and to protect and identify any evidence.
- (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered; mandatory evacuation may be necessary and will depend on the type of material.
- (i) Establish a decontamination area when needed.
- (j) Activate automated community notification systems, if applicable.
- (k) Dependent upon the substance and other specific conditions, consider initiating an emergency public notification or evacuation. The decision to initiate public notifications and/or evacuations shall be in accordance with the DuPont Local Emergency Planning Committee (LEPC) procedures.

405.5 REPORTING EXPOSURE

Department members who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an incident report that shall be forwarded via chain of command to the Watch Supervisor as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report as applicable.

DuPont Police Department

Policy Manual

Hazardous Material Response

405.5.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that a member has been exposed to a hazardous material, the supervisor shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure or continued exposure.

To ensure the safety of members, PPE is available from supervisors. PPE items not maintained by this department may be available through the appropriate fire department or emergency response team.

Hostage and Barricade Incidents

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

406.2 POLICY

It is the policy of the DuPont Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

406.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

406.3.1 EMERGENCY COMMUNICATIONS

A supervisor may order the telephone company to cut, reroute or divert telephone lines in order to prevent a suspect from communicating with anyone other than designated personnel in a barricade or hostage situation (RCW 70.85.100).

DuPont Police Department

Policy Manual

Hostage and Barricade Incidents

406.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

406.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should the subject attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Press Information Officer.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

DuPont Police Department

Policy Manual

Hostage and Barricade Incidents

- (k) Establish a command post.

406.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should the subject attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

406.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command

DuPont Police Department

Policy Manual

Hostage and Barricade Incidents

and assume the role of Incident Commander until properly relieved. This includes requesting the Pierce County Metro Cities SWAT Team (SWAT Team) response if appropriate and apprising the SWAT Team Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or the Communications Center.
- (i) Identify a media staging area outside the outer perimeter and have the department Press Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

406.6 SWAT TEAM RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the SWAT Team Commander, whether to deploy the SWAT Team during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SWAT Team Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SWAT Team. The Incident Commander and the SWAT Team Commander or the authorized designee shall maintain communications at all times.

406.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the DuPont Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

407.2 POLICY

It is the policy of the DuPont Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

407.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement, and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Supervisor is immediately advised and informed of the details. This will enable the Watch Supervisor to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

407.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

407.4.1 DUPONT POLICE DEPARTMENT FACILITY

If the bomb threat is against the DuPont Police Department facility, the Watch Supervisor will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as the Watch Supervisor deems appropriate.

407.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the DuPont Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Supervisor deems appropriate.

DuPont Police Department

Policy Manual

Response to Bomb Calls

407.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

407.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of DuPont, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Supervisor is immediately notified so that the Watch Supervisor can communicate with the person in charge of the threatened facility.

407.5.1 ASSISTANCE

The Watch Supervisor should be notified when police assistance is requested. The Watch Supervisor will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Supervisor determine that the Department will assist or control such an incident, the Watch Supervisor will determine:

- (a) The appropriate level of assistance.

DuPont Police Department

Policy Manual

Response to Bomb Calls

- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

407.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Watch Supervisor including:
 - 1. The time of discovery.

Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

407.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

407.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

Emergency Detentions

408.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under an emergency detention.

408.2 POLICY

It is the policy of the DuPont Police Department to protect the public and individuals through legal and appropriate use of the emergency detention process.

408.3 AUTHORITY

An officer may take a person into emergency detention when either (RCW 71.05.150; RCW 71.05.153; RCW 71.05.201; RCW 71.34.710; RCW 71.34.351):

- (a) There is reasonable cause to believe that a person is suffering from a behavioral health disorder (e.g., mental disorder, substance abuse disorder) and presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled
- (b) The officer has received an order authorizing emergency detention from a court or a designated crisis responder

Persons taken into emergency detention should be transported to an appropriate facility as soon as practicable.

408.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for emergency detention, the officer may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person.
- (b) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

If at any point the individual changes their mind regarding voluntary evaluation, officers should proceed with the emergency detention process, if appropriate.

408.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for emergency detention should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.

DuPont Police Department

Policy Manual

Emergency Detentions

- (d) Community or other resources available to assist in dealing with behavioral health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Emergency detentions should be preferred over arrest for individuals with behavioral health disorders who are suspected of committing minor crimes or creating other public safety issues.

408.5 TRANSPORTATION

Transport for any individual into emergency detention shall be conducted in accordance with the Transporting Persons in Custody Policy.

Officers may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy.

408.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntary treatment, the officer should provide the staff member with the written application for an emergency detention and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

408.7 DOCUMENTATION

The officer should complete an application for emergency detention, provide it to the facility staff member assigned to the individual, and retain a copy of the application for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

408.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into emergency detention should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for emergency detention has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the emergency detention.

DuPont Police Department

Policy Manual

Emergency Detentions

- (c) Facilitate the individual's transfer to the jail facility.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for emergency detention.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard), and other relevant factors in making this decision.

408.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into emergency custody, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officers should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

408.10 TRAINING

This department will endeavor to provide department-approved training on interaction with persons with behavioral health disorders, emergency detentions and crisis intervention.

Citation Releases

409.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the DuPont Police Department with guidance on when to release adults who are suspected offenders on a citation and notice to appear in court for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

409.2 POLICY

The DuPont Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation and notice to appear in court, when authorized to do so.

409.3 RELEASE

A suspected offender may be released on issuance of a citation and notice to appear in court by an officer whenever a person is arrested or could have been arrested pursuant to statute for a violation of law which is punishable as a misdemeanor or gross misdemeanor (Criminal Rules, CrRLJ 2.1(b)(1)).

409.4 PROHIBITIONS

The release of a suspected offender on a citation and notice to appear or the issuance of a criminal complaint is not permitted when:

- (a) A person has been arrested pursuant to RCW 10.31.100(2) (restraining orders).

And the officer has knowledge that the person has a prior offense as defined in RCW 46.61.5055 (alcohol and drug violators), or that the person is charged with or is awaiting arraignment for an offense that would qualify as a prior offense under RCW 46.61.5055 if it were a conviction (RCW 10.31.100; Criminal Rules, CrRLJ 3.2(o)(3)).

See the Domestic Violence Policy for release restrictions related to those investigations.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

Rapid Response and Deployment

411.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

411.2 POLICY

The DuPont Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

411.3 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

411.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

DuPont Police Department

Policy Manual

Rapid Response and Deployment

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be made based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel, This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

411.5 PLANNING

The Operations Bureau Chief should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

411.6 SCHOOL NOTIFICATION

The Operations Bureau Chief should establish protocols for public and private school notification in the event an incident reasonably appears to require a lockdown or evacuation. Protocols

Rapid Response and Deployment

should include notification to all known schools in the vicinity of the incident that may be similarly threatened (RCW 28A.320.125).

411.7 TRAINING

The Training Sergeant should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

412.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Washington constitutions.

412.4 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

412.5 INFORMATION SHARING

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Criminal Investigations Unit supervisor assigned to oversee the handling of any related case. The Criminal Investigations Unit supervisor should:

DuPont Police Department

Policy Manual

- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

412.7.1 TIME FRAME FOR COMPLETION

The Criminal Investigations Unit supervisor should ensure that the certification for the U visa or T visa is processed within 90 days of the request, unless the victim is in federal immigration removal proceedings, in which case the certification shall be executed within 14 days after the request is received. Emergency Utility Service

413.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

413.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by the Communications Center or by contacting the Public Works on-call representative directly.

413.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

413.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

413.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by the Communications Center. Department members may also contact the on-call Public Works representative directly.

413.2 TRAFFIC SIGNAL MAINTENANCE

The City of DuPont contracts with a private maintenance company to furnish maintenance for all traffic signals within the City, other than those maintained by the State of Washington.

413.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise the Communications Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Aircraft Accidents

415.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

415.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

415.2 POLICY

It is the policy of the DuPont Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

415.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.

415.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

DuPont Police Department

Policy Manual

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

Suspected criminal activity should be documented on the appropriate crime report.

415.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.

Aircraft Accidents

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Contacts and Temporary Detentions

416.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

416.1.1 DEFINITIONS

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that their contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions or physical force, causes an individual to reasonably believe the individual is required to restrict their movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

416.2 POLICY

The DuPont Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

416.3 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable

DuPont Police Department

Policy Manual

Contacts and Temporary Detentions

suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, pat-down searches should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

416.4 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the DuPont Police Department to strengthen community involvement, community awareness, and problem identification.

416.4.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that the individual is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that the individual is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests the individual is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.

DuPont Police Department

Policy Manual

Contacts and Temporary Detentions

- (i) Prior criminal record or involvement in criminal activity as known by the officer.

416.4.2 JUVENILE FIELD CONTACTS

An officer shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference, before the juvenile waives any constitutional rights anytime an officer detains a juvenile based on probable cause of involvement in criminal activity or requests the juvenile provide consent to an evidentiary search of the juvenile's property, dwellings, or vehicles under their control (RCW 13.40.740). See the Temporary Custody of Juveniles Policy, Interviewing or Interrogating Juvenile Suspects section for additional guidance and exceptions.

416.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

416.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent.

416.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

416.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Watch Supervisor with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Watch Supervisor should review and forward the photograph to one of the following locations:

- (a) If the photo and associated FI or memorandum is relevant to criminal organization/enterprise enforcement, the Watch Supervisor will forward the photo and documents to the designated criminal intelligence system supervisor. The supervisor will ensure

DuPont Police Department

Policy Manual

Contacts and Temporary Detentions

the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.

- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Section.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

416.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

416.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to their departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Obtaining Air Support

417.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

417.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

417.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Watch Supervisor, or designee, will call the closest agency having helicopter support available. The Watch Supervisor on duty will apprise that agency of the specific details of the incident prompting the request.

417.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements.
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard.
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard.
- (e) Vehicle pursuits.

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

Criminal Organizations

418.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the DuPont Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

418.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

418.2 POLICY

The DuPont Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

418.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20 and RCW 43.43.762.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

418.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Section. Any supporting documentation for an entry shall be retained by the Records Section in accordance

DuPont Police Department

Policy Manual

Criminal Organizations

with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Records Manager may not purge such documents without the approval of the designated supervisor.

418.3.2 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information into a criminal intelligence system operated by the state patrol and authorized by RCW 43.43.762. Entries into such a database shall be based upon reasonable suspicion of criminal activity or actual criminal activity, and must be supported by documentation, where documentation is available (RCW 43.43.762(2)).

418.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

418.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Section or Evidence Room, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, the Communications Center records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

DuPont Police Department

Policy Manual

Criminal Organizations

418.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged in compliance with the department records retention schedule or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

418.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Sergeant to train members to identify information that may be particularly relevant for inclusion.

418.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

418.7 CRIMINAL STREET GANGS

The Criminal Investigations Unit supervisor should ensure that there are an appropriate number of department members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members and patterns of criminal gang activity.
- (b) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

Criminal Organizations

418.8 TRAINING

The Training Sergeant should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties
- (b) Participation in a multi-agency criminal intelligence system.
- (c) Submission of information into a multi-agency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.
- (f) All users of the Washington criminal street gang database shall receive training on its use prior to accessing the database (RCW 43.43.762).

Watch Supervisors

419.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with department policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each watch.

419.2 DESIGNATION AS ACTING WATCH SUPERVISOR

When a Sergeant is unavailable for duty as Watch Supervisor, in most instances a corporal or the senior qualified officer in charge shall be designated as acting Watch Supervisor. This policy does not preclude designating a corporal or less senior officer in charge as an acting Watch Supervisor when operational needs require or training permits.

Mobile Data Computer Use

420.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use, and application of the Mobile Data Computer (MDC) system in order to ensure proper access to confidential records from local, state, and national law enforcement databases, and to ensure effective electronic communications between department members and the Communications Center. See the CJIS Access, Maintenance, and Security Policy for additional guidance.

420.2 POLICY

DuPont Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

420.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

420.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use, Protected Information, and CJIS Access, Maintenance, and Security policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Supervisors.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks, or communications that are directly related to the business, administration, or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from their supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing, or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

DuPont Police Department

Policy Manual

Mobile Data Computer Use

420.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

420.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Supervisor or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

420.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

420.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Supervisor are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

420.6 EQUIPMENT CONSIDERATIONS

420.6.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify the

DuPont Police Department

Policy Manual

Mobile Data Computer Use

Communications Center. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

420.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Body-Worn Cameras

421.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of body-worn cameras (BWCs) by members of this department while in the performance of their duties.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any DuPont Police Department facility, authorized undercover operations, wiretaps, or eavesdropping (concealed listening devices).

421.2 POLICY

The DuPont Police Department may provide members with BWCs for use during the performance of their duties. The use of BWCs is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public. The Chief of Police or designee shall determine which officers, based on assignment, will be required to use and operate the BWC in accordance with their official duties. Every patrol officer is issued and is required to use a BWC.

421.3 COORDINATOR

The Chief of Police or the authorized designee should appoint a coordinator responsible for:

- (a) Establishing procedures for the security, storage, and maintenance of data and recordings.
- (b) Establishing procedures for transferring, downloading, tagging, or marking events.
- (c) Establishing procedures for members communicating to non-English speakers, those with limited English proficiency, or those who are deaf or hard of hearing that a portable recorder is being used.
- (d) Establishing procedures for accessing data and recordings.
- (e) Establishing procedures for logging or auditing access.
- (f) System maintenance, upgrades, updates, and repairs.

421.4 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity of the department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

421.5 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that they are equipped with a BWC issued by the Department, and that the BWC is in good working order. If the BWC is not in working order or the member becomes aware of a malfunction at any time, the member shall document the malfunction in the Computer Automated Dispatch (CAD) log and promptly report the failure to their supervisor and obtain a functioning device as soon as

DuPont Police Department

Policy Manual

Body-Worn Cameras

reasonably practicable. Uniformed members should wear the BWC in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved BWC at any time the member believes that such a device may be useful or as required by this policy. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the BWC in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable BWC, the assigned member shall record their name, DPD identification number, and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should dock their devices at the end of each shift and download any recordings prior to going off duty or any time storage capacity has been reached.

421.6 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the BWC should be used, although there are many situations where its use is appropriate. Members should activate the BWC any time they believe it would be appropriate or valuable to record an incident and any time they have contact with a member of the public in the performance of their official duties.

The BWC should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops, including but not limited to traffic violations, stranded motorist assistance, and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify the Communications Center
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording
- (e) Search warrants, to include knock and notice

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

No member of this department may record a face-to-face conversation without first announcing to everyone present that the conversation is going to be recorded and ensuring the announcement is recorded except pursuant to a warrant, or when the communication is of an emergency nature

DuPont Police Department

Policy Manual

Body-Worn Cameras

or relates to communications by a hostage holder or barricaded suspect (RCW 9.73.030). Officers will make an effort to communicate to non-English speakers, those with limited English proficiency, deaf persons, or persons hard of hearing that they are being recorded.

As soon as practicable, officers shall verbally notify individuals that they are being recorded using a BWC in the following circumstances (RCW 9.73.090):

- During an arrest, including the reading of *Miranda* rights
- During a traffic stop or other encounter simultaneously recorded by a portable recorder and an in-car camera system

At no time is a member expected to jeopardize their safety in order to activate a BWC or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

Members must remember that use of the BWC is mandatory as outlined in this policy. However, with the specific exception of covertly recording other police personnel or unauthorized review of BWC recordings, it is the specific intent of this policy to be non-punitive in nature. In essence, no disciplinary action for violations of this policy will be proposed unless the employee refuses actively or passively, as illustrated by repeated instances of their failure, to properly check out, or use the BWC.

If an officer does not activate the BWC for any reason, mutes the audio recording associated with a BWC recording, or terminates the recording of the BWC for any reason, the officer shall document in their case report the circumstances and reason(s) why this occurred. If no case report is taken, a CAD entry documenting the circumstances of the recording is acceptable.

421.6.1 CESSATION OF RECORDING

Once activated, the BWC should remain on continuously until the member reasonably believes that the member's direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

421.6.2 SURREPTITIOUS USE OF THE AUDIO/VIDEO RECORDER

Washington law prohibits any individual from surreptitiously recording any conversation, except as provided in RCW 9.73.040, RCW 9.73.090 and RCW 9.73.210.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

421.6.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

DuPont Police Department

Policy Manual

Body-Worn Cameras

421.6.4 TEMPORARY DEACTIVATION OF AUDIO ONLY (MUTING)

Audio recording contemporaneous with a BWC may be temporarily disabled for conversations with other members not involved with the call pursuant to RCW 9.73.090(1)(c). When muting or omitting sensitive communications, the recording officer must verbally state they are muting the conversation, and summarize the reason why.

421.6.5 PROHIBITED RECORDING

Members are prohibited from recording:

- (a) Communications with undercover officers or confidential informants.
- (b) While in a jail unless for a direct criminal justice purpose.
- (c) While in the interiors of medical, mental health, counseling, or therapeutic facilities unless investigating a crime in progress (e.g., recording of an investigation of a crime committed at the facility, the drawing of blood at a facility following a driving under the influence (DUI), the taking of a statement from a suspect or witness while in a facility, etc. would be permitted).

421.7 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued BWCs and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with a department-issued or personally owned recorder, including a BWC. Members shall not duplicate, share, or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Supervisor. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

421.8 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.

DuPont Police Department

Policy Manual

Body-Worn Cameras

- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

421.9 INADVERTENT/ACCIDENTAL RECORDING

In the event a member inadvertently or accidentally records themselves or others and this recording was not in the performance of duties, that member shall notify the on-duty patrol supervisor via email that an inadvertent/accidental recording was made. The member must include the recording date and time. The on-duty patrol supervisor will review the recording and if they agree that the video should be deleted, they shall request that the Administrative Services Division Manager delete the video. The requesting supervisor and the Administrative Services Division Manager or designee shall document the reason for the deletion within the audit trail.

421.10 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

421.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

421.11 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

DuPont Police Department

Policy Manual

Body-Worn Cameras

- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

Any member viewing a video shall ensure an accurate entry into the audit trail of the viewer application is recorded stating the purpose for viewing the video.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

421.12 TRAINING

The Training Sergeant should ensure that those members issued a portable recorder receive initial training upon issue and periodic training thereafter.

Public Recording of Law Enforcement Activity

422.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

422.2 POLICY

The DuPont Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

422.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, themselves or others.

422.4 OFFICER/DEPUTY RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For

DuPont Police Department

Policy Manual

Public Recording of Law Enforcement Activity

example, rather than directing an individual to clear the area, an officer could advise the person that they may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

422.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

422.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Medical Cannabis

423.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for handling and distinguishing between claims of medical cannabis use under Washington's Medical Use of Cannabis Act and criminal controlled substance violations (RCW 69.51A.005 et seq.).

423.1.1 DEFINITIONS

Definitions related to this policy include (RCW 69.51A.010):

Authorization - Documentation that is signed and dated by a qualifying patient's health care professional, authorizing use of medical cannabis.

Designated provider - A person who:

- Is 21 years of age or older and is the parent or guardian of a qualifying patient who is 17 years of age or younger and holds a recognition card.
- Has been designated in writing by a qualifying patient to serve as the designated provider for that patient.
- Has an authorization from the qualifying patient's health care professional.
- Has been entered into the medical cannabis authorization database as being the designated provider to a qualifying patient and has been provided a recognition card.

An individual may act as a designated provider to no more than one patient at a time, is prohibited from consuming cannabis obtained for the use of the qualifying patient, and may only provide cannabis to the patient designated to the provider.

Medical use of cannabis - The manufacture, production, possession, transportation, delivery, ingestion, application, or administration of cannabis for the exclusive benefit of a qualifying patient in the treatment of the patient's terminal or debilitating medical condition.

Qualifying patient - Any person who meets all of the following criteria:

- Has been diagnosed by the person's health care professional as having a terminal or a debilitating medical condition
- Is a resident of the state of Washington at the time of such diagnosis
- Has been advised by the person's health care professional about the risks and benefits of the medical use of cannabis
- Has been advised by the health care professional that the person may benefit from the medical use of cannabis
- Has an authorization from the person's health care professional or has been entered into the medical cannabis authorization database and has been provided a recognition card
- Is not under supervision for a crime that does not allow for the use of medical cannabis

DuPont Police Department

Policy Manual

Medical Cannabis

Recognition card - A card issued to qualifying patients and designated providers by a cannabis retailer with a medical cannabis endorsement that has entered them into the medical cannabis authorization database.

423.2 POLICY

It is the policy of the DuPont Police Department to prioritize resources to avoid making arrests related to cannabis that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Washington medical cannabis laws are intended to provide protection from prosecution for those who use, possess, deliver, or produce cannabis to mitigate the symptoms of certain debilitating or terminal medical conditions. However, Washington medical cannabis laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of cannabis.

Officers should exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both the individuals protected under Washington law and the resources of the Department.

423.3 INVESTIGATION

Investigations involving the possession, delivery, or production of cannabis generally fall into one of several categories:

- (a) No medicinal claim is made.
- (b) A medicinal claim is made by a qualifying patient or designated provider who is in possession of amounts within the limits designated by RCW 69.51A.040.
- (c) A medicinal claim is made by a qualifying patient or designated provider who is in possession of amounts exceeding the limits designated by RCW 69.51A.040 or who presented no authorization when initially contacted.

423.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, or production of cannabis where there is no claim that the cannabis is for medicinal purposes, the officer should proceed with reasonable enforcement action. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the cannabis is possessed or produced for medicinal purposes.

423.3.2 MEDICAL CLAIMS BY QUALIFYING PATIENTS OR DESIGNATED PROVIDERS

A qualifying patient or designated provider who was entered into the medical cannabis authorization database and who possesses a valid recognition card or who holds a valid authorization but has not been entered into the authorization database nor issued a recognition card should not be arrested or cited if the patient or provider possesses no more than six plants in the patient's or provider's residence with up to 8 ounces of useable cannabis from these plants and any of the following (RCW 69.51A.040):

DuPont Police Department

Policy Manual

Medical Cannabis

- (a) 48 ounces of cannabis-infused product in solid form
- (b) 3 ounces of useable cannabis
- (c) 216 ounces of cannabis-infused product in liquid form
- (d) 21 grams of cannabis concentrates

A qualifying patient may be allowed to possess up to 15 plants with up to 16 ounces of useable cannabis in the patient's residence for the personal medical use of the patient with appropriate health care professional authorization (RCW 69.51A.210).

Qualifying patients and designated providers who have not been entered into the authorization database may purchase cannabis only at a retail outlet at the same quantities as non-patients (RCW 69.50.360; RCW 69.51A.210). Qualifying patients and designated providers may purchase immature plants or clones and cannabis seeds from a licensed cannabis producer (RCW 69.51A.310).

If a person is both a qualifying patient and a designated provider for another, the person may possess no more than double the amounts described above (RCW 69.51A.040(1)).

Officers may take enforcement action against a designated provider even when the above thresholds are not exceeded if there is evidence that the provider has converted the patient's cannabis for the provider's personal use or benefit or has provided for more than one patient within a 15-day period (RCW 69.51A.040).

Officers may take enforcement action against a qualifying patient even when the above thresholds are not exceeded if there is evidence that the patient sold, donated, or supplied the cannabis to another person (RCW 69.51A.040).

423.3.3 EXCESS AMOUNTS OR NO AUTHORIZATION

A qualifying patient or designated provider may raise an affirmative defense to charges that the amount of cannabis in the patient's or provider's possession exceeds the amount legally allowed by RCW 69.51A.040 based upon medical need (RCW 69.51A.045).

Officers should conduct a thorough investigation in such cases, but in general, should not arrest a subject for possession, delivery, or production of cannabis if an excess amount appears reasonable based upon the above policy consideration. Similarly, if an officer can verify that authorization exists, even though a recognition card was not presented or obtained by a qualified patient or designated provider, an arrest generally should not be made (RCW 69.51A.040).

All facts should be thoroughly documented and if evidence is not seized, it shall be photographed and detailed in the report.

423.3.4 ADDITIONAL CONSIDERATIONS

Prior to making a physical arrest or confiscating cannabis plants, usable cannabis, or product, officers should consider the following:

DuPont Police Department

Policy Manual

Medical Cannabis

- (a) Whenever the initial investigation reveals an amount greater than specified by law, officers should, in anticipation of an affirmative defense, consider and document:
 - 1. The medical condition itself.
 - 2. The quality of the cannabis (chemical content).
 - 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 - 4. The timing of the possession in relation to a harvest (patient may be storing cannabis).
 - 5. Whether the cannabis is being cultivated indoors or outdoors, and the climate.
- (b) Before proceeding with enforcement related to collective gardens, cooperatives, or commercial producers, officers should consider conferring with appropriate legal counsel and the Washington State Liquor and Cannabis Board for license-related issues (WAC 314-55-410).
- (c) Medical use and possession of cannabis authorized under the Washington medical cannabis statute does not support the forfeiture of property as set forth in the Asset Forfeiture Policy (RCW 69.51A.050).
- (d) Laws and regulations do provide for the cultivation of industrial hemp. The Washington State Department of Agriculture should be contacted should questions arise regarding possible industrial hemp activity (RCW 15.140.030).
- (e) A medical endorsement can be added to a cannabis retail license to allow a retailer to sell cannabis for medical use to qualifying patients and designated providers. Transaction limits apply (WAC 314-55-080; WAC 314-55-095).
- (f) The Washington State Department of Health maintains a Medical Cannabis Authorization Database and regulates cannabis retail outlets with medical cannabis endorsements. This database may be accessed by authorized law enforcement officials for specific criminal investigations (WAC 246-71-080).

423.4 EXCEPTIONS

This policy does not apply to the following offenses; officers may take enforcement action if the person (RCW 69.51A.060):

- (a) Engages in the medical use of cannabis in a way that endangers the health or well-being of any person through the use of a motorized vehicle on a street, road, or highway, including violations of RCW 46.61.502 or RCW 46.61.504, or equivalent local ordinances.
- (b) Uses or displays medical cannabis in a manner or place open to the view of the public.

423.5 FEDERAL LAW ENFORCEMENT

Officers may exchange information regarding a cannabis investigation with federal law enforcement authorities when information is requested by federal law enforcement authorities or whenever the officer reasonably believes federal law enforcement authorities would request the information if the authorities were aware of the information.

Medical Cannabis

423.6 EVIDENCE ROOM SUPERVISOR RESPONSIBILITIES

The Evidence Room Supervisor shall ensure that cannabis, drug paraphernalia, or other related property seized from a person engaged or assisting in the use of medical cannabis is not destroyed and booked in accordance with department procedure.

Upon a determination by the prosecuting attorney that the person from whom cannabis, drug paraphernalia, or related property was seized is entitled to possession under the law, the Evidence Room Supervisor should return to that person any usable cannabis, plants, drug paraphernalia, or other seized property. That determination is the result of a decision not to prosecute, by the dismissal of charges or an acquittal.

The Evidence Room Supervisor may destroy cannabis that was alleged to be for medical purposes upon receipt of a court order.

The Evidence Room Supervisor may release cannabis to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Criminal Investigations Unit Supervisor.

Foot Pursuits

424.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

424.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

424.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.

DuPont Police Department

Policy Manual

Foot Pursuits

- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

424.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of their location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders the officer incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the dispatcher or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of their firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

DuPont Police Department

Policy Manual

Foot Pursuits

- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

424.5 RESPONSIBILITIES IN FOOT PURSUITS

424.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of the officer's location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

424.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that the officer is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

424.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible;

DuPont Police Department

Policy Manual

Foot Pursuits

the supervisor does not, however, need to be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

424.5.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Watch Supervisor as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

424.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.
- (k) A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

DuPont Police Department

Policy Manual

Foot Pursuits

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

First Amendment Assemblies

425.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

425.2 POLICY

The DuPont Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

425.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

DuPont Police Department

Policy Manual

First Amendment Assemblies

425.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

425.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Communications Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

425.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

425.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

DuPont Police Department

Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

425.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

DuPont Police Department

Policy Manual

First Amendment Assemblies

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

425.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

425.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, the Incident Commander or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

425.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

DuPont Police Department

Policy Manual

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

425.8 ARRESTS

The DuPont Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

425.9 MEDIA RELATIONS

The Press Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

425.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

DuPont Police Department

Policy Manual

First Amendment Assemblies

425.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, the Communications Center records/tapes
- (g) Media accounts (print and broadcast media)

425.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

425.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Civil Disputes

426.1 PURPOSE AND SCOPE

This policy provides members of the DuPont Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Washington law.

426.2 POLICY

The DuPont Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

426.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

426.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent

DuPont Police Department

Policy Manual

Civil Disputes

court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

426.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items (RCW 7.105.320). Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or the person may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

426.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

426.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

DuPont Police Department

Policy Manual

Civil Disputes

426.6.1 REQUEST TO REMOVE TRESPASSER DECLARATION

Officers possessing a lawful declaration signed under penalty of perjury and in the form required by law, may take enforcement action to remove a person from a residence when (RCW 9A.52.105):

- The person has been allowed a reasonable opportunity to secure and present evidence that the person is lawfully on the premises
- The officer reasonably believes they have probable cause to believe the person is committing criminal trespass under RCW 9A.52.070

An officer should give the trespasser a reasonable opportunity to vacate the premises before taking enforcement action.

426.7 SERVICE OF CIVIL PROCESS

DuPont Police Department will only become involved with the service of civil process under a limited number of circumstances:

- (a) Court orders issued by courts of jurisdiction specifically directing a police action.
- (b) Domestic Violence Orders where the party to be served resides or works within the city boundaries of DuPont.
- (c) Subpoenas stemming from DPD cases issued through the Pierce County Court System, Lakewood Municipal Court, and at the court or prosecutor's request.

DuPont Police Department will not become involved with the service of civil process related to:

- (a) Civil actions related to evictions and non-criminal landlord/tenant disputes.
- (b) Subpoenas for other agencies or from courts other than the Pierce County Court system.
- (c) Court orders absent specific orders for police action or wherein the court lacks jurisdiction.

Crisis Intervention Incidents

427.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

427.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage their behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

427.2 POLICY

The DuPont Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

427.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

DuPont Police Department

Policy Manual

Crisis Intervention Incidents

427.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Bureau Chief to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

427.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of the person's action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

427.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

DuPont Police Department

Policy Manual

Crisis Intervention Incidents

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

427.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take their medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

427.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).

DuPont Police Department

Policy Manual

Crisis Intervention Incidents

- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Bureau Chief.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

427.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

427.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Emergency Detentions Policy.

427.9.2 SUICIDE THREATS OR ATTEMPTS

Officers should consider a referral to mental health services when a person has threatened or attempted suicide and the person does not qualify for emergency detention or voluntarily consent to immediate evaluation at a behavioral health facility in accordance with the [accompanying procedure](#) (RCW 71.05.457).

- (a) Referrals should be made to the person by providing the name and phone number of the behavioral health agency and any available handouts.
- (b) The officer may notify the behavioral health agency of the referral by phone or other method, in addition to preparing a written incident report.

Incident reports documenting a referral to a behavioral health agency should be sufficiently detailed regarding the nature of the incident and the person's behavior, to facilitate the behavioral health agency's prioritization and nature of their response. The officer should promptly provide a copy of the report to the referred behavioral health agency (RCW 71.05.457).

427.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.

DuPont Police Department

Policy Manual

Crisis Intervention Incidents

- (b) If members believe that they are interacting with a person in crisis, members should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to themselves or others, an officer should be promptly summoned to provide assistance.

427.11 EVALUATION

The Bureau Chief designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

427.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

Training shall include mandated training in crisis intervention, certified by the Criminal Justice Training Commission, as required by Washington law (RCW 43.101.427; WAC 139-09-020 et seq.).

Medical Aid and Response

428.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

428.2 POLICY

It is the policy of the DuPont Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

428.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communications Center and request response by emergency medical services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

DuPont Police Department

Policy Manual

Medical Aid and Response

Injured persons shall be monitored while in law enforcement custody (Washington State Office of the Attorney General Model Use of Force Policy).

428.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are not in custody and who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

For guidelines regarding transporting ill or injured persons who are in custody, see the Transporting Persons in Custody Policy.

Members should not provide emergency escort for medical transport or civilian vehicles.

428.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with an emergency detention in accordance with the Emergency Detentions Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, the officer should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

428.6 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, the arrestee should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance to an appropriate medical facility.

DuPont Police Department

Policy Manual

Medical Aid and Response

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

428.6.1 STATE REQUIREMENTS

When an individual in custody for a violent or sex offense is taken to a hospital, the transporting officer shall remain with or secure the individual while the individual is receiving care, unless (RCW 10.110.020; RCW 10.110.030):

- (a) The medical care provider determines the individual does not need to be accompanied or secured.
- (b) The officer notifies the medical care provider that the officer is leaving after reasonably determining:
 1. The individual does not present an imminent and significant risk of causing physical harm to themselves or another person.
 2. There is no longer sufficient evidentiary basis to maintain the individual in custody.
 3. In the interest of public safety, the officer's presence is urgently required at another location and supervisor approval is obtained.
 - (a) The officer shall make a reasonable effort to ensure a replacement officer is provided or other means of securing the individual is provided as soon as possible.

428.7 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

428.8 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Operations Bureau Chief should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.

DuPont Police Department

Policy Manual

Medical Aid and Response

- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

428.9 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A semi-automatic external defibrillator or AED should only be used by members who have completed a course approved by the Washington State Department of Health (DOH) that includes instruction in CPR and the use of an AED (RCW 70.54.310).

428.9.1 AED USER RESPONSIBILITY

Members who are issued AEDs should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly shall be taken out of service and given to the Training Sergeant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED shall contact the Communications Center as soon as possible and request response by EMS (RCW 70.54.310).

428.9.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use. Any data from usage shall be made available, upon request, to EMS or other health care providers (RCW 70.54.310).

DuPont Police Department

Policy Manual

Medical Aid and Response

428.9.3 AED TRAINING AND MAINTENANCE

The Training Sergeant should ensure appropriate training is provided to members authorized to use an AED.

The Training Sergeant is responsible for ensuring AED devices are appropriately maintained and tested consistent with the manufacturer's operational guidelines, and will retain records of all maintenance in accordance with the established records retention schedule (RCW 70.54.310).

428.10 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members may administer opioid overdose medication in accordance with protocol specified by the health care practitioner who prescribed the overdose medication for use by the member (RCW 69.41.095).

428.10.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store, and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Sergeant.

Any member who administers an opioid overdose medication should contact the Communications Center as soon as possible and request response by EMS.

428.10.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Sergeant will ensure that the Records Manager is provided enough information to meet applicable state reporting requirements.

428.10.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Sergeant should ensure training is provided to members authorized to administer opioid overdose medication.

428.11 FIRST-AID TRAINING

The Training Sergeant should ensure officers receive periodic first-aid training appropriate for their position.

Body-Worn Cameras

429.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of a body-worn camera (BWC) by officers of this department and for the access, use, and retention of department BWC media (RCW 10.109.010).

The provisions of this policy, including notice, documentation, access, and retention, also apply to other portable audio/video recording devices used by members, where applicable.

This policy does not apply to undercover operations, wiretaps, or eavesdropping (concealed listening devices).

429.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - To place a BWC in active mode (also called event mode). In active mode, the BWC records both video and audio.

BWC media - The video, audio, and images captured by department BWCs and the associated metadata.

BWC media systems - Any software, including web-based programs and mobile applications, used by the Department to upload/download, store, view, transfer, and otherwise maintain BWC media.

Deactivate - To place a BWC in buffering mode (also called ready or pre-event mode). In buffering mode, the BWC records video (without audio) in short, predetermined intervals that are retained only temporarily. However, when a BWC is activated, the interval recorded immediately prior to activation is then stored as part of the BWC media. Deactivate does not mean powering off the BWC.

Event - A general term referring to a set of circumstances that may, but does not necessarily, correlate directly to a single public safety incident.

429.2 POLICY

It is the policy of the Department to use BWCs and BWC media for evidence collection and to accurately document events in a way that promotes officer safety and department accountability and transparency while also protecting the privacy of members of the public.

429.3 RESPONSIBILITIES

429.3.1 BWC COORDINATOR RESPONSIBILITIES

The Chief of Police or the authorized designee should delegate certain responsibilities to a BWC coordinator.

The responsibilities of the coordinator include:

DuPont Police Department

Policy Manual

Body-Worn Cameras

- (a) Serving as a liaison between the Department and the BWC manufacturer/distributor and any third-party media storage vendor.
- (b) Developing inventory procedures for issuing and tracking BWC equipment, including properly marking BWCs as property of the Department and recording the date each BWC is placed into or taken out of service.
- (c) Assisting with troubleshooting and maintenance of BWC equipment and media systems and, when necessary, coordinating the repair or replacement of BWCs.
 - 1. All equipment and system malfunctions and their resolutions should be documented, and maintenance and repair records should be maintained for all BWCs.
- (d) Managing BWC media systems so that:
 - 1. Access is limited to the minimum necessary authorized users and user privileges are restricted to those necessary for the member to conduct assigned department duties.
 - 2. Security requirements, such as two-factor authentication and appropriate password parameters, are in place for user credentials.
- (e) Configuring BWC media systems, or developing manual procedures, so that media is appropriately categorized and retained according to the event type tagged by officers.
- (f) Retaining audit logs or records of all access, alteration, and deletion of BWC media and media systems, and conducting periodic audits to ensure compliance with applicable laws, regulations, and department policy.
- (g) Developing and updating BWC training for officers who are assigned a BWC or for members given access to BWC media systems.
- (h) Coordinating with the community relations coordinator to (see the Community Relations Policy):
 - 1. Provide the public with notice of the department's use of BWCs (e.g., posting on the department website or social media pages).
 - 2. Gain insight into community expectations regarding BWC use.
- (i) Coordinating with the Records Manager to (see the Records Section and Records Maintenance and Release policies):
 - 1. Determine and apply proper retention periods to BWC media.
 - 2. Develop procedures for the appropriate release of BWC media.
- (j) Coordinating with the Evidence Room to develop procedures for the transfer, storage, and backup of evidentiary BWC media (see the Property and Evidence Policy).
- (k) Completing an annual administrative review of the BWC program and providing it to the Chief of Police for review.

429.3.2 OFFICER RESPONSIBILITIES

Every officer issued a BWC is responsible for its proper use, safekeeping, and maintenance.

DuPont Police Department

Policy Manual

Body-Worn Cameras

At the beginning of each shift or period of BWC use, the officer should inspect their assigned BWC to confirm it is charged and in good working order. As part of the inspection, the officer should perform a function test by activating the BWC and recording a brief video stating their name, identification number, assignment, and the date and time.

Officers should wear their assigned BWC on their outermost garment positioned at or near chest level and as close to the center of their body as practicable. Officers are responsible for ensuring there are no obstructions and that the BWC remains in a position suitable for recording.

When a BWC is not in the physical possession of the officer to which it is assigned, it should be placed on the charging dock and stored in a secure location.

Officers shall report any malfunction or damage to the BWC coordinator or on-duty supervisor as soon as practicable and, if possible, obtain a functioning BWC to use either temporarily while repairs are being made to the officer's BWC or as a permanent replacement.

429.4 BWC USE

The following guidelines apply to the use of BWCs:

- (a) Only department-issued BWCs should be used. Members are prohibited from using any other BWC without the express consent of the Chief of Police or the authorized designee.
- (b) BWCs should only be used by the officer or officers to whom it was issued unless otherwise authorized by a supervisor.
- (c) The use of department-issued BWCs shall be strictly limited to officers for department-related activities (RCW 10.109.030).
- (d) Members shall not use BWCs or BWC media systems for which they have not received prior authorization and appropriate training.
- (e) Members shall immediately report unauthorized access or use of BWCs or BWC media systems by another member to their supervisor or the Chief of Police.

429.4.1 PROHIBITIONS

BWCs should not be used to record:

- (a) Routine administrative activities of the Department that do not involve interactions with the public. Care should be taken to avoid incidentally recording confidential documents that the Department has a duty to keep secure (i.e., criminal justice information).
- (b) Areas within the department facilities where members have a reasonable expectation of privacy (e.g., locker rooms or dressing areas, breakrooms) unless responding to a call for service or conducting an investigation.
- (c) Conversations of other members without their knowledge.
- (d) When a member is taking an authorized break or otherwise engaged in personal activities.
- (e) In a courtroom unless responding to a call for service or emergency situation.

DuPont Police Department

Policy Manual

Body-Worn Cameras

- (f) Interactions with undercover officers or confidential informants.
- (g) Strip searches.

BWCs shall not be used for the purpose of embarrassment, harassment, or ridicule of any individual or group.

429.5 ACTIVATION OF BWC

Officers should activate their BWC during all calls for service and the performance of law enforcement-related functions. Officers are not required to activate their BWC during casual or informal contacts with members of the public that are not part of or related to law enforcement functions. However, officers should activate their BWC any time a contact with an individual becomes hostile or adversarial.

Unless otherwise authorized by this policy or approved by a supervisor, BWCs should remain activated until the call for service or law enforcement-related function has concluded. An officer may cease recording if they are simply waiting for a tow truck or a family member to arrive, or in other similar situations.

At no time is an officer expected to jeopardize their safety to activate their BWC. However, the BWC should be activated as soon as reasonably practicable in required situations.

If an officer attempts to activate their BWC but the BWC fails to record an event, the officer should notify their supervisor as soon as practicable.

429.5.1 NOTICE OF RECORDING

Unless otherwise approved based on unique circumstances, an officer should wear the BWC in a manner that is conspicuous and shall answer truthfully if asked whether they are equipped with a BWC or if their BWC is activated.

As soon as practicable, officers shall verbally notify individuals that they are being recorded using a BWC in the following circumstances (RCW 9.73.090):

- (a) During an arrest, including the reading of *Miranda* rights.
- (b) During a traffic stop or other encounter simultaneously recorded by BWC and an in-car camera system.

The notice should be captured on the recording or narrated by the officer.

429.5.2 PRIVACY CONSIDERATIONS

Officers should remain sensitive to the dignity of individuals being recorded and should exercise sound discretion with respect to privacy concerns.

When responding to a place where individuals have an expectation of privacy (e.g., private residences, medical or mental health facilities, restrooms) or to a sensitive situation (e.g., individuals partially or fully unclothed), officers are permitted to mute or deactivate their BWC if it reasonably appears that the privacy concern outweighs any legitimate department interest in recording the event. Officers may also mute or deactivate their BWC:

DuPont Police Department

Policy Manual

Body-Worn Cameras

- (a) To protect the privacy of a victim or witness.
- (b) When an individual wishes to provide information anonymously.
- (c) To avoid recording a confidential informant or undercover officer.
- (d) When discussing case tactics or strategy.
- (e) During private conversations with other members or emergency responders.

Officers should choose to mute rather than deactivate BWCs when practicable. Deactivation should only be used when muting the BWC will not accomplish the level of privacy necessary for the situation.

Before muting or deactivating their BWC, the officer should verbally narrate the reason on the recording. As soon as possible once the privacy concern is no longer an issue, or when circumstances change so that the privacy concern no longer outweighs the department's interest in recording the event (e.g., the individual becomes combative, the conversation ends), the officer should unmute or reactivate their BWC and verbally note that recording has resumed.

429.5.3 LIVESTREAMING

Livestreaming enables authorized individuals to remotely view the audio and video captured by an officer's BWC in real time. Only supervisors and dispatchers approved by the Chief of Police or the authorized designee shall have access to livestreaming capabilities.

Livestreaming should only be activated:

- (a) For purposes of officer safety when the officer is not responding to their radio or there is some other indication of distress.
- (b) To assist with situational awareness or tactical decisions during a significant incident.
- (c) When requested by the officer.

429.5.4 DOCUMENTATION

Officers are encouraged to provide narration while using a BWC when it would be useful to provide context or clarification of the events being recorded. However, the use of a BWC is not a replacement for written reports and should not be referred to in a written report in place of detailing the event.

Every report prepared by an officer who is issued a BWC should state "BWC available" or "BWC unavailable," as applicable, and should document:

- (a) To the extent practicable and relevant, the identity of individuals appearing in the BWC media.
- (b) An explanation of why BWC media is unavailable including any malfunction, damage, or battery issue that resulted in the failure of the BWC to capture all or part of the event.
- (c) Any exigency or other circumstances that prevented the officer from immediately activating the recording at the beginning of the event.

DuPont Police Department

Policy Manual

Body-Worn Cameras

- (d) Any period of the event in which the officer deactivated or muted their BWC and the reason for such action.
- (e) If livestreaming was activated during the event, the reason for livestreaming and the members who communicated or participated in the event through BWC livestreaming.

429.6 UPLOADING BWC MEDIA

Unless otherwise authorized by a supervisor, all media from an officer's BWC should be properly uploaded and tagged before the end of their shift. BWC media related to a serious or high-profile event (e.g., search for a missing child, active shooter situation) should be uploaded and tagged as soon as practicable upon returning to the Department.

Following an officer involved shooting or death or other event deemed necessary, a supervisor should take possession of the BWC for each officer present and upload and tag the BWC media.

429.6.1 TAGGING BWC MEDIA

Officers should tag all media captured by their BWC with their name and/or identification number, the case or incident number, and the event type. BWC media should be tagged upon uploading or, if capabilities permit tagging in the field, as close to the time of the event as possible. If more than one event type applies to BWC media, it should be tagged with each event type. If BWC media can only be tagged with a single event type, the media should be tagged using the event type with the longest retention period.

BWC media depicting sensitive circumstances or events should be tagged as restricted. BWC media should be flagged for supervisor review when it pertains to a significant event such as:

- (a) An incident that is the basis of a formal or informal complaint or is likely to result in a complaint.
- (b) When a member has sustained a serious injury or a line-of-duty death has occurred.
- (c) When a firearm discharge or use of force incident has occurred.
- (d) An event that has attracted or is likely to attract significant media attention.

Supervisors should conduct audits at regular intervals to confirm BWC media is being properly uploaded and tagged by their subordinates.

429.7 BWC MEDIA

All BWC media is the sole property of the Department. Members shall have no expectation of privacy or ownership interest in the content of BWC media.

All BWC media shall be stored and transferred in a manner that is physically and digitally secure with appropriate safeguards to prevent unauthorized modification, use, release, or transfer. Contracts with any third-party vendors for the storage of BWC media should include provisions specifying that all BWC media remains the property of the Department and shall not be used by the vendor for any purpose without explicit approval of the Chief of Police or the authorized designee.

DuPont Police Department

Policy Manual

Body-Worn Cameras

Members shall not alter, copy, delete, release, or permit access to BWC media other than as permitted in this policy without the express consent of the Chief of Police or the authorized designee.

BWC media systems should not be accessed using personal devices unless authorized by the Chief of Police or the authorized designee.

429.7.1 ACCESS AND USE OF BWC MEDIA

BWC media systems shall only be accessed by authorized members using the member's own login credentials and in accordance with the Information Technology Use Policy.

BWC media shall only be accessed and viewed for legitimate department-related purposes in accordance with the following guidelines:

- (a) BWC media tagged as restricted should only be accessible by those designated by the Chief of Police or the authorized designee.
- (b) Officers may review their own BWC media for department-related purposes. Officers should document in their report if they reviewed BWC media before completing the report.
- (c) Investigators may review BWC media pertaining to their assigned cases.
- (d) An officer testifying regarding a department-related event may review the pertinent BWC media before testifying.
- (e) Supervisors are permitted to access and view BWC media of their subordinates.
 - 1. Supervisors should review BWC media that is tagged as a significant event or that the supervisor is aware pertains to a significant event.
 - 2. Supervisors should conduct periodic documented reviews of their subordinate's BWC media at least annually to evaluate the officer's performance, verify compliance with department procedures, and determine the need for additional training. The review should include a variety of event types when possible. Supervisors should review BWC media with the recording officer when it would be beneficial to provide guidance or to conduct one-on-one informal training for the officer.
 - 3. Supervisors should conduct periodic reviews of a sample of each subordinate's BWC media to evaluate BWC use and ensure compliance with this policy.
- (f) The Training Sergeant is permitted to access and view BWC media for training purposes.
 - 1. The Training Sergeant should conduct a quarterly review of a random sampling of BWC media to evaluate department performance and effectiveness and to identify specific areas where additional training or changes to protocols would be beneficial. Training Committee members may review BWC media as part of their review to identify training needs.
 - 2. The Training Sergeant may use BWC media for training purposes with the approval of the Chief of Police or the authorized designee. The Training

DuPont Police Department

Policy Manual

Sergeant should use caution to avoid embarrassing or singling out a member and, to the extent practicable, should seek consent from the members appearing in the BWC media before its use for training. When practicable, sensitive issues depicted in BWC media should be redacted before being used for training.

- (g) The Records Manager may access BWC media when necessary to conduct department-related duties.
- (h) The BWC coordinator may access BWC media and the BWC media system as needed to ensure the system is functioning properly, provide troubleshooting assistance, conduct audits, and fulfill other responsibilities related to their role.

429.7.2 PUBLIC ACCESS

Unless disclosure is required by law or a court order, BWC media should not be released to the public if it depicts (RCW 42.56.050):

- (a) The interior of a private residence.
- (b) The interior of a facility that offers health care, mental health or substance abuse treatment, or social services.
- (c) An intimate image.
- (d) A minor.
- (e) The body of a deceased person.
- (f) The identity of or communications from a victim or witness of an incident involving domestic violence as defined in RCW 10.99.020 or sexual assault as defined in RCW 70.125.030, or disclosure of intimate images as defined in RCW 9A.86.010.
- (g) The identifiable location information of a community-based domestic violence program as defined in RCW 70.123.020, or emergency shelter as defined in RCW 70.123.020.

Requests for the release of BWC media shall be processed in accordance with the Records Maintenance and Release Policy. The Records Manager should review BWC media before public release.

429.8 RETENTION OF BWC MEDIA

Non-evidentiary BWC media should be retained in accordance with state records retention laws but in no event for a period less than 60 days (RCW 42.56.240).

Unless circumstances justify continued retention, BWC media should be permanently deleted upon the expiration of the retention period in a way that it cannot be retrieved. BWC media shall not otherwise be deleted by any person without the authorization of the Chief of Police or the authorized designee.

429.8.1 EVIDENTIARY BWC MEDIA

BWC media relevant to a criminal prosecution should be exported from the BWC media system and securely transferred to digital evidence storage according to established department procedures. Evidentiary BWC media is subject to the same laws, policies, and procedures as all

Body-Worn Cameras

other evidence, including chain of custody, accessibility, and retention periods (see the Property and Evidence Policy).

429.9 TRAINING

The BWC coordinator should ensure that each officer issued a BWC receives initial training before use, and periodic refresher training thereafter. Training should include (RCW 10.109.010):

- (a) Proper use of the BWC device and accessories.
- (b) When BWC activation is required, permitted, and prohibited.
- (c) How and when an individual should be informed of being recorded, including methods for communicating with persons with hearing disabilities or limited English proficiency.
- (d) How to respond to an individual's reluctance to being recorded or request to stop recording.
- (e) Proper use of the BWC media systems, including uploading and tagging procedures.
- (f) Security procedures for BWC media, including appropriate access and use.

Members who are not issued a BWC but who have access to BWC media systems shall receive training on the BWC media system, including appropriate access, use, and security procedures.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the DuPont Police Department. Information provided by the Electronic Traffic Information Processing (eTRIP) data retrieval system is a valuable resource for traffic accident occurrences and officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

DuPont Police Department

Policy Manual

Traffic Function and Responsibility

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

500.3.3 ARRESTS FOR TRAFFIC OFFENSES

Officers may issue a traffic citation for any criminal traffic offense or infraction when such violations are committed in an officer's presence or as allowed pursuant to RCW 10.31.100. With limited exceptions, the detention in such cases may not be for a period of time longer than is reasonably necessary to issue and serve a citation to the violator.

A traffic-related detention may expand to a physical arrest under the following circumstances:

- (a) When the officer has probable cause to believe that a felony has been committed, whether or not it was in the officer's presence
- (b) When the offense is one or more of the traffic violations listed in RCW 10.31.100
- (c) When a driver has been detained for a traffic offense listed in RCW 46.63.020 and fails to provide adequate identification or when the officer has reasonable grounds to believe that the person to be cited will not respond to a written citation. In such cases, officers should, when practicable, obtain the approval of a supervisor before making an arrest.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator who is also driving on a suspended or revoked license, the officer should issue a traffic citation or make an arrest as appropriate.

500.4.1 SUSPENDED, REVOKED OR CANCELED COMMERCIAL LICENSE PLATES

If an officer contacts a traffic violator who is operating a commercial truck, truck tractor or tractor with registration that a computer check confirms to be revoked, suspended or canceled, the officer shall confiscate the license plates. The Department may either recycle or destroy the plates (RCW 46.32.100).

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery, and equipment (23 CFR 655.601).

DuPont Police Department

Policy Manual

Traffic Function and Responsibility

Although intended primarily for use while performing traffic related assignments, high-visibility vests shall be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests shall be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment.

Examples of when high-visibility vests shall be worn include traffic control duties, accident investigations, lane closures, and while at disaster scenes, or anytime high visibility is desirable.

When emergency conditions preclude the immediate donning of the vest, officers shall retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle. Each vest should be stored inside the resealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Sergeant should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

500.6 HAZARDOUS ROAD CONDITIONS

The DuPont Police Department will make all reasonable efforts to address all reported hazardous road conditions in a timely manner as circumstances and resources permit. In the event an officer encounters major road hazards such as flooded roadways, large debris fields, fallen trees, etc., Public Works should be contacted for assistance and removal.

500.7 TRAFFIC COMPLAINTS BY CROSSING GUARDS

Crossing guards have the authority to submit reports to this department for certain violations occurring in and around crosswalks (RCW 46.61.275). Generally these reports may be for offenses involving a driver's failure to stop at a crosswalk or to exercise due care for pedestrians. Reports must be received no later than 72 hours after the violation occurred.

This department will give due consideration and will investigate, to a reasonable degree, reports of violations submitted by crossing guards, in an effort to identify the alleged violator. If the driver is identified and there is reasonable cause to believe a violation of RCW 46.61.235(5), RCW 46.61.245(2) or RCW 46.61.261(2) has occurred, a notice of traffic infraction should be issued.

DuPont Police Department

Policy Manual

Traffic Function and Responsibility

The Watch Supervisor shall ensure that appropriate forms for reporting violations are available to crossing guards and that a procedure for investigating the reports received by this department is in place.

500.7.1 NOTIFICATION OF INFRACTION

The Watch Supervisor or a designee may initiate an investigation of the reported violation after receiving a report from a crossing guard. The investigator shall contact the last known owner of the violator vehicle and request the owner to supply information identifying the driver. If the driver is identified and there is reasonable cause to believe that a traffic violation has occurred, a notice of infraction may be served upon the driver of the vehicle (RCW 46.61.275(2)).

500.8 SCHOOL BUS SAFETY CAMERAS

Any school district with buses properly equipped with cameras that capture stop-arm violations may report such violations to the DuPont Police Department whenever they occur within the department's jurisdiction.

The Watch Supervisor should establish a report form and procedure for school districts to report school bus stop-arm violations (RCW 46.63.180).

500.8.1 NOTIFICATION OF INFRACTION

The Watch Supervisor or the authorized designee should initiate an investigation of the reported violation after receiving a stop-arm violation report from a school district.

Issuance of a citation shall conform to state requirements (RCW 46.63.180). The notice of infraction shall be mailed to the registered owner or renter, if applicable, of the vehicle within 14 days of the violation.

Traffic Collision Reporting

501.1 PURPOSE AND SCOPE

This policy describes the circumstances in which members should prepare traffic collision reports.

501.2 TRAFFIC COLLISION REPORTS

All traffic collision reports taken by members of this department shall be forwarded to the Watch Supervisor for approval and submitted to South Sound 911 for data entry into the Records Management System. The Watch Supervisor will be responsible for monthly and quarterly reports on traffic collision statistics to be forwarded to the Operations Bureau Chief, or other persons as required.

501.2.1 STATEWIDE ELECTRONIC TICKET ONLINE RECORDS AND COLLISION REPORTING

This department utilizes SECTOR software to complete traffic citations and Enforcer software to complete traffic collision reports. Both SECTOR and Enforcer shall only be used by those authorized employees who have completed department-approved training in the use of the software. All traffic collision reports completed with Enforcer software shall comply with established report approval requirements.

All reports completed using Enforcer software should be submitted for entry into the Records Management System as soon as practicable or in any case prior to the end of the employee's workweek.

501.3 REPORTING SITUATIONS

501.3.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed and forwarded to the Operations Bureau Chief.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

501.3.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT MEMBERS

Any collision involving a DuPont Police Department vehicle requires notification to the Watch Supervisor as soon as reasonably possible. Any traffic collision with a department member is subject to review by the Employee Accident Review Board in accordance with the [accompanying procedure](#).

When a member of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the DuPont Police Department resulting in a serious injury or fatality, the Watch

DuPont Police Department

Policy Manual

Traffic Collision Reporting

Supervisor may notify the Metro Collision Response Team (MCRT) or the Washington State Patrol for assistance.

The term serious injury is defined as any injury that may result in a fatality.

501.3.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS

The Watch Supervisor may request assistance from the Metro Collision Response Team or the Washington State Patrol for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.

501.3.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

Traffic collision reports shall be taken when they occur on private property under any of the following circumstances:

- (a) When there is a death or injury to any person involved
- (b) When a hit-and-run violation occurred
- (c) When an RCW violation occurred
- (d) Property damage exceeds the dollar amount currently established by WSP

Traffic collision reports are not required for non-injury collisions occurring on private property.

501.3.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances:

- (a) When there is a death or injury to any persons involved in the collision
- (b) When there is an identifiable violation of the Revised Code of Washington
- (c) Property damage exceeding the dollar amount currently established by WSP
- (d) When hazardous materials are involved
- (e) When a report is requested by any involved driver

When a collision results in death or substantial bodily harm as defined in RCW 9A.04.110, officers shall use the current state authorized form to document the collision and submit it to the appropriate state department (RCW 46.52.070).

501.4 NOTIFICATION OF METRO COLLISION RESPONSE TEAM

In the event of a serious injury or death related traffic collision, the Watch Supervisor shall notify the Metro Collision Response Team to relate the circumstances of the traffic collision and seek assistance with the investigation. In the absence of the Metro Collision Response Team, the Watch Supervisor or any supervisor may assign an officer to investigate the traffic collision.

Vehicle Towing

502.1 PURPOSE AND SCOPE

This policy provides guidance related to vehicle towing. Nothing in this policy shall require a member of this department to tow a vehicle.

502.2 POLICY

The DuPont Police Department will tow vehicles when appropriate and in accordance with the law.

502.3 TOWING SERVICES

Members shall not show preference among towing services that have been authorized for use by the Department. A rotation or other system established by the Department for tow services should be followed.

502.4 REMOVAL OF VEHICLES DUE TO HAZARD

When a vehicle should be towed because it presents a hazard, the owner or operator should arrange for the towing. Department members may assist by communicating requests through the Communications Center to expedite the process.

If the owner or operator is unable to arrange for towing and the vehicle presents a hazard, the vehicle may be towed at the direction of the department member (RCW 46.55.080; RCW 46.55.085; RCW 46.55.113).

Vehicles that are not the property of the City should not be driven by department members unless it is necessary to move the vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant, or comply with posted signs.

502.5 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping for the arrestee's vehicle. The vehicle shall be stored whenever it is mandated by law, needed for the furtherance of an investigation or prosecution of the case, or when the Community Caretaker Doctrine would reasonably suggest it. For example, the vehicle would present a traffic hazard if not removed, or due to a high crime area the vehicle would be in jeopardy of theft or damage if left at the scene.

No impound should occur if other alternatives are available that would ensure the vehicle's protection. Factors that should be considered by officers in determining whether to impound a vehicle pursuant to this policy include:

- (a) Whether the offense for which the subject was arrested mandates vehicle impound (e.g., commercial sexual abuse of a minor, promoting commercial sexual abuse of a minor, or promoting travel for commercial sexual abuse of a minor (RCW 9A.88.140(2))).
- (b) Whether someone is available at the scene of the arrest to whom the vehicle could be released.

DuPont Police Department

Policy Manual

Vehicle Towing

- (c) Whether the vehicle is impeding the flow of traffic or is a danger to public safety.
- (d) Whether the vehicle can be secured.
- (e) Whether the detention of the arrestee will likely be of such duration as to require protection of the vehicle.
- (f) Whether there is some reasonable connection between the crime/arrest and the vehicle, or the vehicle is related to the commission of another crime (i.e., the vehicle itself has evidentiary value).
- (g) Whether the owner/operator requests that the vehicle be stored.
- (h) Whether the vehicle would be in jeopardy of theft or damage if left at the scene in a high-crime area.

In cases where a vehicle is not stored, the handling employee shall note in the report that the owner was informed that the Department will not be responsible for theft or damages to the vehicle.

502.6 HOLDS

An investigative hold may only be used when a vehicle is impounded (towed on officer's request). It will normally be used to hold a vehicle for evidence or processing. The tow truck driver must be advised that an Investigative hold has been placed on the impounded vehicle. Impounds and police holds shall be conducted in accordance with the [accompanying procedure](#).

A vehicle that is subject to an investigative hold may be held for up to seven days. After seven days, the tow company may release the vehicle. The hold may be extended by written request by the detective assigned the case and must state a specific hold termination date.

Officers assigning an investigative hold will notify the detective, who is responsible for the monitoring of all impounds and holds. Officers will provide the case number, location of the vehicle, vehicle information and reason for the hold. Officers will make note in the narrative of the report if an Investigative hold has been placed on the impounded vehicle.

502.6.1 RELEASE OF VEHICLE HOLDS

The detective is responsible to monitor the status of an impounded vehicle, and will be the sole individual authorized to release a vehicle hold. When a vehicle is to be released, the assigned detective will fax or email the appropriate towing vendor. The assigned detective will provide the case number, license plate and vehicle description. A copy of the fax or email will be placed into the case file. A Supplemental Report shall be prepared after a hold has been released, indicating what became of the vehicle.

In the event that a vehicle is to be held for processing only, the following shall apply:

- (a) If the vehicle is held at an impound lot, the responding detective will authorize the release of the vehicle.
- (b) If the vehicle is at Department Headquarters, the detective or designee will authorize the release of the vehicle.

Vehicle Towing

502.6.2 STOLEN VEHICLE RECOVERIES

The [accompanying procedure](#) addresses stolen vehicle recoveries including documentation and hit and run accidents involving allegedly stolen vehicles.

502.7 VEHICLE INVENTORY

The contents of all vehicles towed at the request of department members shall be inventoried and listed on the inventory report. When reasonably practicable, photographs may be taken to assist in the inventory.

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including but not limited to any unlocked glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats, and under the seats.
- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in any other type of unlocked compartments that are a part of the vehicle, including unlocked vehicle trunks and unlocked car top containers.
- (c) A locked vehicle trunk shall not be opened, even if it may be opened without a key from an accessible area of the passenger compartment. Locked or closed containers located within the passenger compartment should be inventoried as a sealed unit, absent exigent circumstances.
- (d) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money, small valuables, or hazardous materials.

Members should ask the occupants whether the vehicle contains any valuables or hazardous materials. Responses should be noted in the inventory report. If the occupant acknowledges that any closed container contains valuables or a hazardous material, the container shall be opened and inventoried. When practicable and appropriate, such items should be removed from the vehicle and given to the owner or booked into property for safekeeping.

Any cash, jewelry, or other small valuables located during the inventory process will be held for safekeeping, in accordance with the Property and Evidence Policy. A copy of the property form should be given to the person in control of the vehicle or, if that person is not present, left in the vehicle.

A copy of the vehicle inventory will be given to the tow truck operator.

These inventory procedures are for the purpose of protecting the vehicle owner's property, providing for the safety of department members, and protecting the Department against fraudulent claims of lost, stolen, or damaged property.

Towing a vehicle in order to perform an inventory should not be used as a pretext for an evidence search. Nothing in this policy prevents the towing of a vehicle that would occur for reasons

DuPont Police Department

Policy Manual

Vehicle Towing

independent of any suspicion that the vehicle may contain evidence if it is otherwise justified by law or this policy.

502.8 VEHICLES RELATED TO CRIMINAL INVESTIGATIONS

An officer should tow a vehicle when probable cause exists to believe the vehicle has been stolen or used in the commission of a felony, or the driver committed a traffic offense for which impoundment is authorized by law.

502.8.1 RECORDS SECTION RESPONSIBILITIES

Whenever a stolen vehicle is impounded by the DuPont Police Department, Records Section personnel will promptly attempt to notify the legal owner of the recovery.

502.9 SECURITY OF VEHICLES AND RETRIEVAL OF PROPERTY

If the search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, the department member conducting the search shall take such steps as are reasonably necessary to secure or protect the vehicle or property from such hazards.

Unless it would cause an unreasonable delay in towing the vehicle or create an issue of officer safety, reasonable accommodations should be made to permit the owner, operator, or occupant to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

Members who become aware that a vehicle may have been towed by the Department in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the owner or their agent to request a hearing to contest the tow.

502.10 RECORDS

Records Section members shall ensure that pertinent data regarding a towed vehicle is promptly entered into the appropriate database.

502.10.1 VEHICLE STORAGE REPORT

Department members towing a vehicle shall complete an impound authorization and inventory form. The report should be submitted to the Records Section as soon as practicable after the vehicle is towed.

Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound validity hearings.

503.2 IMPOUND HEARING

When a vehicle is impounded by any member of the DuPont Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or their agent (RCW 46.55.240).

503.2.1 HEARING PROCEDURES

When requested, a hearing will be held at the DuPont Police Department within five days of the receipt of the request. The Department will appoint a Hearing Officer who will conduct the hearing and render a judgment. The employee who caused the removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on an impounded vehicle shall be submitted in person, writing, or by telephone within ten days of the date appearing on the notice. The person requesting the hearing may record the hearing at person's own expense.

The vehicle impound hearing officer shall consider all information provided and determine whether the vehicle was impounded consistent with law and department policy. The Department will have the burden of proving by preponderance of the evidence that the vehicle was impounded lawfully and within policy.

If a decision is made that the vehicle was impounded within the law and department policy, the hearing officer shall advise the inquiring party that they may appeal the decision with the district court for a final judgment (RCW 46.55.240(1)(d)).

A decision that the vehicle was not impounded in a lawful manner or within department policy will require that the vehicle in impound be released immediately. Towing and storage fees will be paid at the Department's expense (RCW 46.55.120(3)(e)).

If a decision is made that the vehicle was not impounded in a lawful manner or within department policy, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Bureau Chief. The hearing officer will recommend to the appropriate Bureau Chief that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

504.2 POLICY

The DuPont Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Washington's impaired driving laws.

504.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Watch Supervisor will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The standardized field sobriety tests (SFSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Washington or another jurisdiction.
- (g) Whether a child under the age of 16 was present in the vehicle (RCW 46.61.507).

504.4 FIELD TESTS

The Watch Supervisor should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

504.5 CHEMICAL TESTS

A person implies consent under Washington law to a chemical test or tests of the person's breath and to providing the associated chemical sample under any of the following (RCW 46.20.308):

DuPont Police Department

Policy Manual

Impaired Driving

- (a) The arresting officer has reasonable grounds to believe the person was driving or in actual physical control of a motor vehicle while under the influence of intoxicating liquor or drug.
- (b) The arresting officer has reasonable grounds to believe a person under the age of 21 was driving or in actual physical control of a motor vehicle while having a blood alcohol concentration of at least 0.02 (RCW 46.61.503).
- (c) The officer has stopped a person operating a commercial motor vehicle license (CDL) and has reasonable grounds to believe that the person was driving while having alcohol in the person's system (RCW 46.25.120).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.5.1 STATUTORY NOTIFICATIONS

An officer requesting that a person submit to a chemical test shall provide the person, prior to administering the test, with the mandatory warnings pursuant to RCW 46.20.308(2) or if driving a commercial vehicle the warnings pursuant to RCW 46.25.120(3).

504.5.2 BREATH SAMPLES

The Watch Supervisor should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Watch Supervisor.

Generally, chemical tests to determine alcohol concentration shall be of the breath only (RCW 46.20.308; RCW 46.25.120).

504.5.3 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (RCW 46.61.506). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if the arrestee chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because the arrestee has a bleeding disorder or has taken medication that inhibits coagulation, the arrestee shall not be required to take a blood test.

DuPont Police Department

Policy Manual

Impaired Driving

Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

A blood sample may be obtained only with the consent of the individual or as otherwise provided in this policy (RCW 46.20.308; RCW 46.25.120).

504.6 REFUSALS

When an arrestee refuses to provide a chemical sample, officers shall:

- (a) Advise the arrestee of the requirement to provide a sample.
- (b) Audio- and/or video-record the admonishment and the response when it is practicable.
- (c) Document the refusal in the appropriate report.

504.6.1 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who has been arrested and does not consent to a blood test when any of the following conditions exist (RCW 46.20.308; RCW 46.25.120):

- (a) A search warrant has been obtained.
- (b) The officer can articulate that exigent circumstances exist.

Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

504.6.2 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that the arrestee will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of their duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances.

DuPont Police Department

Policy Manual

Impaired Driving

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

504.7 ARREST AND INVESTIGATION

504.7.1 WARRANTLESS ARREST

An officer having probable cause to believe that a person is DUI may make a warrantless arrest of the person whether or not the officer observed the violation first hand (RCW 10.31.100).

Arrests supported by probable cause for DUI are mandatory if the person has been convicted of DUI in the past 10 years or if the officer has knowledge based on the information available to them that the person is charged with, or is waiting arraignment for, an offense that would qualify as a prior offense as defined by RCW 46.61.5055 if it were a conviction (RCW 10.31.100).

504.7.2 OFFICER RESPONSIBILITIES

If a person refuses to submit to a chemical test, or the results from the test render a prohibited alcohol or THC concentration in the person's breath or blood, the officer shall (RCW 46.20.308(5)):

- (a) Serve the notice of intention to suspend, revoke, or deny the person's license or permit to drive.
- (b) Provide the person with a written notice of the person's right to a hearing before the Department of Licensing (DOL).
- (c) Advise the person that their license or permit is a temporary license.
- (d) Immediately notify the DOL of the arrest and within 72 hours transmit to the DOL a sworn report that states:
 1. The officer had reasonable grounds to believe the person was DUI.
 2. After having received the required statutory warnings, the person either refused to submit to a test of the person's blood or breath or submitted to a test that rendered a prohibited alcohol or THC concentration of the person's breath or blood.
- (e) Submit a sworn report to the DOL when the person has a CDL and either refused or had a test administered that disclosed a prohibited amount of alcohol or any amount of THC concentration (RCW 46.25.120(5)).

DuPont Police Department

Policy Manual

Impaired Driving

When a person is arrested for a violation of RCW 46.61.502 (DUI) or RCW 46.61.504 (Physical control of vehicle while DUI), the officer shall make a clear notation on the report if there is a child under the age of 16 present in the vehicle and promptly notify child protective services as required in the Child Abuse Policy (RCW 46.61.507).

504.7.3 ADDITIONAL TESTING

A person submitting to a chemical test pursuant to this policy may have a qualified person of their own choosing administer one or more tests in addition to any administered at the direction of an officer (RCW 46.20.308(2); RCW 46.61.506).

504.8 RECORDS SECTION RESPONSIBILITIES

The Records Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

504.9 ADMINISTRATIVE HEARINGS

The Records Manager will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DOL.

Any officer who receive notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and the DOL file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

504.10 TRAINING

The Training Sergeant should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Sergeant should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

505.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

505.2 RESPONSIBILITIES

The Watch Supervisor will ensure that all Department traffic citations in compliance with state law and the Judicial Council.

SECTOR shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

505.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Watch Supervisor. Upon a review of the circumstances involving the issuance of the traffic citation, the Watch Supervisor may request the Operations Bureau Chief to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Prior to requesting dismissal of the traffic citation by the court, the officer shall notify the officer's immediate supervisor of the circumstances surrounding the dismissal.

505.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. Officers shall notify a supervisor to approve the voiding of the citation. The citation shall then be forwarded to SECTOR.

505.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the request for correction to the court having jurisdiction.

505.6 DISPOSITION OF TRAFFIC CITATIONS

All citations submitted shall be filed and retained by SECTOR.

505.7 JUVENILE CITATIONS

The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Disabled Vehicles

506.1 PURPOSE AND SCOPE

This department has adopted the following policy on assisting motorists in disabled vehicles within this jurisdiction.

506.1 POLICY

It is the policy of the DuPont Police Department to assist motorists with disabled vehicles until those vehicles are safely removed from the roadway. Members should take appropriate action to mitigate potential problems when a vehicle constitutes a traffic hazard or the safety of the motorist is a concern.

506.4 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

506.5 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of department resources, and the vulnerability of the disabled motorist.

506.5.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

506.5.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.5.3 RELOCATION OF MOTORIST

The relocation of a motorist with a disabled vehicle should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport the motorist to a safe area to await pickup.

Abandoned and Junk Vehicles

507.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of unauthorized vehicles parked in violation of 24 hour time limitations.

507.2 MARKING VEHICLES

Vehicles suspected of being subject to removal from a highway after being left unattended for 24 hours shall be marked and issued an incident number with details of the violation noted in CAD. No case number is required at this time (RCW 46.55.010(14)).

A Courtesy Warning Notice shall be applied in a visible location and a visible paint mark should be placed on the front driver side and rear window. The paint mark should note the officer's unit designation, date, time, and the word "Tow". Any deviation in markings shall be noted in CAD (RCW 46.55.085(1)).

If a marked vehicle has been moved or the markings have been removed during a 24-hour investigation period, the vehicle shall be re-marked for another 24-hour period and the details entered in CAD under the original incident number.

507.2.1 MARKED VEHICLE FILE

All marked vehicle information shall be recorded in CAD under an incident number.

The issuing officer shall be responsible for the follow up investigation of all 24-hour unauthorized vehicle violations. If a marked vehicle has current Washington registration plates, the officer shall check the records to learn the identity of the last owner of record. Officers shall make a reasonable effort to contact the owner by telephone and provide notice that if the vehicle is not removed within twenty-four hours from the time the sticker was attached, the vehicle may be taken into custody and stored at the owner's expense (RCW 46.55.085(2)).

507.2.2 VEHICLE STORAGE

An officer may store any vehicle not removed 24 hours after marking (RCW 46.55.085(3)).

600.3 INITIAL INVESTIGATION

Investigation and Prosecution

600.3.3 ARRESTS BY PRIVATE PERSONS

Private persons may make a common law arrest for crimes constituting a breach of the peace or may detain a person under the authority of RCW 9A.16.020 (felonies, retail theft, etc.) Any officer presented with a private person wishing to make an arrest must determine whether there is probable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no probable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 - 1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 - 2. Absent probable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is probable cause to believe that a private person's arrest is lawful, the officer shall take a written statement from the person who has made the arrest. In addition, the officer may exercise one of the following options:
 - 1. Take the individual into physical custody for booking.
 - 2. Release the individual subsequent to the issuance of a citation for the individual to appear in the appropriate court.

600.4 CASE MANAGEMENT

The Criminal Investigations Unit supervisor is responsible for the proper management of all cases. The Criminal Investigations Unit supervisor or the authorized designee should use the department's case management system to screen all criminal reports for follow-up assignment or closure based on solvability factors. Solvability factors to consider include the following:

- (a) Witnesses to the crime
- (b) Suspect identification, description, or location
- (c) Vehicle identification
- (d) Motive
- (e) Physical evidence
- (f) Whether stolen property can be traced
- (g) Other potential suspects

600.5 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. See the Temporary Custody of Juveniles Policy for juvenile requirements.

DuPont Police Department

Policy Manual

Investigation and Prosecution

600.5.1 AUDIO/VIDEO RECORDINGS

The following custodial interrogations conducted at a place of detention (as defined by RCW 10.122.020) shall be electronically recorded (audio and video):

- (a) The interrogation of a juvenile
- (b) The interrogation of an adult who is suspected of a felony

The recording shall include any required warnings, advice of the rights of the individual being questioned, and waiver of rights. Consent to the electronic recording is not required, but the officer shall inform the suspect that they are being recorded (RCW 10.122.030).

A custodial interrogation at any place other than a place of detention shall be recorded by audio means at a minimum (RCW 10.122.030).

Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Criminal Investigations Unit supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate, and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5.2 DOCUMENTATION

If a custodial interrogation at a place of detention occurs without electronically recording it in its entirety, the officer shall prepare a written or electronic report explaining the reason and summarize the custodial interrogation process and the individual's statements. This report shall be completed as soon as practicable after completing the interrogation (RCW 10.122.030).

If the custodial interrogation occurs outside a place of detention, the officer shall complete a report as soon as practicable explaining the decision and summarize the custodial interrogation process and the individual's statements (RCW 10.122.030).

600.5.3 EXCEPTIONS

Exceptions to the recording requirements apply in the following circumstances:

- (a) When spontaneous utterances or statements are made outside the course of a custodial interrogation, or a statement made in response to a question asked routinely during the processing of the arrest of an individual (RCW 10.122.030).
- (b) Exigent circumstances exist that prevent an officer from electronically recording an interrogation. In those cases, the officer shall record electronically an explanation of

DuPont Police Department

Policy Manual

Investigation and Prosecution

the exigent circumstances before conducting the interrogation, if feasible, or as soon as practicable after the interrogation is completed (RCW 10.122.040).

- (c) The individual indicates a refusal to participate or further participate in the electronic recording. When feasible, the agreement of the individual to participate in the interrogation without recording or further participate should be recorded electronically (RCW 10.122.060).
- (d) The officer conducting an interrogation has no reason to believe the individual being interrogated committed an act that requires electronic recording of the interrogation (RCW 10.122.080).
 - 1. If during the interrogation, the individual being interviewed reveals facts and circumstances that give the officer conducting the interview a reason to believe that an act was committed that requires an electronic recording, the continued interrogation shall be recorded.
- (e) The officer or the officer's supervisor reasonably believes the electronic recording would disclose the identity of a confidential informant or jeopardize the safety of the officer, the individual being interrogated, or another person (RCW 10.122.090).
 - 1. If feasible and consistent with the safety of a confidential informant, an explanation of the basis for the belief that electronic recording would disclose the informant's identity must be electronically recorded at the time of the interrogation or if not feasible as soon as practicable after the interrogation is completed.
- (f) The equipment malfunctions (RCW 10.122.100).

600.5.4 RECORDING PROCEDURES

The Chief of Police should designate a member of the Department to be responsible for electronic recordings. Responsibilities should include but are not limited to (RCW 10.122.150):

- (a) Developing protocols on how a recording is made, including the following:
 - 1. Standards for angles, focus, and field of vision to promote accurate recording.
- (b) Developing procedures for the collection and review of recordings or absence of recordings by supervisors.
- (c) Assigning a specific supervisor responsibility to promote accountability, including but not limited to:
 - 1. Adequate staffing.
 - 2. Training.
 - 3. Material resources.
- (d) Developing procedures for preservation of chain of custody of recordings.
- (e) Developing a process for explaining noncompliance with procedures.

DuPont Police Department

Policy Manual

Investigation and Prosecution

600.6 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.7 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using the member's own equipment, the member should note the dates, times and locations of the information and report the discovery to

DuPont Police Department

Policy Manual

Investigation and Prosecution

the member's supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.8.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.9 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Bureau Chief or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

Asset Forfeiture

601.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the DuPont Police Department seizes property for forfeiture or when the DuPont Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Seizure - The act of law enforcement officials taking property, cash, or assets that have been used in connection with or acquired by specified illegal activities.

601.2 POLICY

The DuPont Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the DuPont Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

601.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

601.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Real or personal property subject to forfeiture identified in a court order authorizing seizure.
- (b) Property subject to forfeiture without a court order when the property is lawfully seized incident to an arrest, the service of a search warrant, or the service of an administrative inspection warrant.
- (c) Property subject to forfeiture can also be seized without a court order when:
 - 1. There is probable cause to believe that the property was used or is intended to be used for illegal gambling (RCW 9A.46.231).
 - 2. There is probable cause to believe that the property was used or is intended to be used for the commercial sexual abuse of a minor or promoting prostitution in the first degree (RCW 9A.88.150).
 - 3. There is probable cause to believe that the property was used or is intended to be used in the commission of any felony (RCW 10.105.010). See also separate statutes regarding seizures for felonies involving commercial metal, "bootlegging," criminal profiteering, or money laundering (RCW 19.290.230; RCW 66.32.020; RCW 9A.82.100; RCW 9A.83.030).
 - 4. There is probable cause to believe that the property was used or is intended to be used in violation of the Uniform Controlled Substances Act (RCW 69.50.505).
 - 5. There is probable cause to believe that the property was used or is intended to be used for poaching/wildlife crimes (RCW 77.15.070).

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

DuPont Police Department

Policy Manual

Asset Forfeiture

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method.

601.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.
- (b) Property from an "innocent owner," or a person who had no knowledge of the offense or who did not consent to the property's use.
- (c) No vehicle or other conveyance based on a misdemeanor involving the possession of cannabis (RCW 69.50.505).
- (d) Vehicles/conveyances that would be subject to forfeiture if more than 10 days have elapsed since the owner's arrest and no court order has been issued (RCW 9A.46.231; RCW 9A.88.150; RCW 69.50.505).

601.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

601.5 FORFEITURE REVIEWER

The Chief of Police will appoint a forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a course approved by the Department on asset forfeiture.

DuPont Police Department

Policy Manual

Asset Forfeiture

The responsibilities of the forfeiture reviewer include:

- (a) Remaining familiar with forfeiture laws, particularly those cited in this policy and the forfeiture policies of the forfeiture counsel.
- (b) Serving as the liaison between the Department and the forfeiture counsel and ensuring prompt legal review of all seizures.
- (c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing, and tracking forfeitures.
- (d) Deciding whether the forfeiture is more appropriately made under state or federal forfeiture laws. The forfeiture reviewer should contact federal authorities when appropriate.
- (e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.
- (f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form, and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:
 - 1. Names and contact information for all relevant persons and law enforcement officers involved.
 - 2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
 - 3. A space for the signature of the person from whom cash or property is being seized.
 - 4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure, and a detailed description of the items seized.
- (g) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs), or Departmental Directives. The training should cover this policy and address any relevant statutory changes and court decisions.
- (h) Reviewing each asset forfeiture case to ensure that:
 - 1. Written documentation of the seizure and the items seized is in the case file.
 - 2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.
 - 3. Notice of intent to seek forfeiture has been given in a timely manner to those who hold an interest in the seized property.
 - 4. Property is promptly released to those entitled to its return.

DuPont Police Department

Policy Manual

Asset Forfeiture

5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.
 6. Any cash received is deposited with the fiscal agent.
 7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.
 8. Current minimum forfeiture thresholds are communicated appropriately to officers.
 9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.
- (i) Ensuring that a written plan is available that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.
 - (j) Ensuring that the process of selling or adding forfeited property to the department's regular inventory is in accordance with all applicable laws and consistent with the department's use and disposition of similar property.
 - (k) Upon completion of any forfeiture process, ensuring that no property is retained by the DuPont Police Department unless the Chief of Police authorizes in writing the retention of the property for official use.
 - (l) Addressing any landlord claims for reimbursement through forfeited assets or damage to property (RCW 9.46.231; RCW 69.50.505).
 - (m) Compensating victims of commercial metal crimes within 120 days (RCW 19.290.230).

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives.

601.6 DISPOSITION OF PROPERTY

No member of this department may use property that has been seized for forfeiture until the forfeiture action has been completed and the Chief of Police has given written authorization to retain the property for official use. No department member involved in the decision to seize property should be involved in any decision regarding the disposition of the property.

Informants

602.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement to supply information to the DuPont Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money). This does not include individuals who provide members with information in the absence of a benefit.

602.2 POLICY

The DuPont Police Department does not utilize informants and does not maintain any files or funds. Members are prohibited from using informants without the express approval of the Chief of Police.

Eyewitness Identification

603.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

603.1.1 DEFINITIONS

Definitions related to the policy include:

Administrator - The individual conducting an identification procedure with a victim/witness.

Blind Presentation - An identification procedure in which the administrator does not know which physical lineup/photo array member is the suspect. Also known as double-blind presentation.

Blinded Presentation - An alternative to blind presentation in which the administrator knows which physical lineup/photo array member is the suspect. In this presentation, specific procedures are employed to prevent the administrator from knowing which physical lineup/photo array member is being viewed by the victim/witness at any time.

Eyewitness identification process - Any field identification, live lineup, or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Fillers - Non-suspect photographs or physical lineup members included with the suspect's photograph or suspect in an identification procedure.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photo Array - An identification procedure in which a series of photographs of persons, including a suspect, is displayed in order to determine whether the victim/witness recognizes a person involved with the crime.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

603.2 POLICY

The DuPont Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

603.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

DuPont Police Department

Policy Manual

Eyewitness Identification

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

603.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Criminal Investigations Unit supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

603.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing

DuPont Police Department

Policy Manual

Eyewitness Identification

details of the incident or of the identification process with other witnesses. Members should not provide the witness any feedback regarding their decision in an identification procedure.

Whenever feasible, the [eyewitness identification procedure](#) should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

603.5.1 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

When practicable, the person composing the lineup and the person presenting the lineup should not be directly involved in the investigation of the case. When this is not possible, the member presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

When practicable, the employee presenting a lineup to a witness should not know which photograph or person is the suspect.

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

The order of the suspect or the photos and the fillers should be randomized before being presented to each witness.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

603.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the officer should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.

DuPont Police Department

Policy Manual

Eyewitness Identification

4. The quality of the lighting when the suspect was observed by the witness.
 5. Whether there were distracting noises or activity during the observation.
 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
 - (d) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
 - (e) A person should not be shown to the same witness more than once.
 - (f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.
 - (g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
 - (h) If a witness positively identifies an individual as the perpetrator, officers should not conduct any further field identifications with other witnesses for that suspect. In such instances officers should document the contact information for any additional witnesses for follow up, if necessary.

603.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Brady Material Disclosure

604.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

604.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information - Information known or possessed by the DuPont Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

604.2 POLICY

The DuPont Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the DuPont Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

604.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

DuPont Police Department

Policy Manual

Brady Material Disclosure

604.4 BRADY PROCESS

The Chief of Police shall select a member of the Department to coordinate requests for *Brady* information. This person shall be directly responsible to the Administrative Services Bureau Chief or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Working with the appropriate prosecutors' offices and the City Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure (RCW 10.93.180).
- (b) Reporting to the appropriate prosecutor of any jurisdiction where an officer may testify (RCW 10.93.180):
 - 1. Any act by An officer that may be potentially exculpatory to a criminal defendant and/or misconduct that an officer engaged in that affects their credibility within 10 days of discovery of the act.
 - 2. Information about a newly hired officer with a prior potential impeachment disclosure within 10 days of hiring.
- (c) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
 - 1. Updating this list whenever potential *Brady* information concerning any department member becomes known to the Department or is placed into a personnel or internal affairs file.

604.5 DISCLOSURE OF REQUESTED INFORMATION

If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in-camera review by the court.
 - 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of

DuPont Police Department

Policy Manual

Brady Material Disclosure

such materials to the involved case and requiring the return of all copies upon completion of the case.

- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Chief of Police should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain *Brady* information. The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

604.6 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty, or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy (RCW 10.93.150).

604.7 SUBPOENA PROCESSING

The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member's name against the current list of those who are known to have *Brady* information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

604.8 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

Sexual Assault Investigations

605.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notification requirements are addressed in the Child Abuse and Adult Abuse policies.

605.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in RCW 9A.44.010 et seq. and RCW 9A.64.020.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

605.2 POLICY

It is the policy of the DuPont Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

605.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable.

DuPont Police Department

Policy Manual

Sexual Assault Investigations

605.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

605.5 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim Witness Assistance Policy.

605.5.1 VICTIM PERSONAL REPRESENTATIVE AND ADVOCATE

A victim may choose a personal representative to accompany the victim to the hospital or other health care facility and to any proceeding concerning the alleged sexual assault, including interviews. A personal representative includes a friend, relative, attorney, or employee or volunteer from a community sexual assault program or specialized treatment service provider (RCW 70.125.030; RCW 70.125.060).

The victim may also choose to consult with a sexual assault survivor's advocate throughout the investigatory process of the case. The assigned investigator should ensure the advocate has access to the victim during the process (RCW 70.125.110).

605.5.2 POLYGRAPH EXAMINATION OF VICTIM

Victims of alleged sex offenses shall not be asked or required to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of the offense. The refusal of a victim to submit to a polygraph or other truth telling device shall not by itself prevent the investigation, charging or prosecution of the offense (RCW 10.58.038; 34 USC § 10451).

605.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

DuPont Police Department

Policy Manual

Sexual Assault Investigations

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing. Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

605.6.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following:

- (a) Sexual assault examination kits shall be submitted to an approved lab within 30 days with a request for testing prioritization when either of the following conditions are met (RCW 5.70.040):
 - 1. A related report or complaint is received by the Department alleging a sexual assault or other crime has occurred and the victim has consented to the submission.
 - 2. The victim is an unemancipated person 17 years or age or younger.
- (b) Facilitate the collection of an unreported sexual assault kit from a collecting entity when this department has jurisdiction to investigate any related criminal allegations (RCW 5.70.030).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

605.6.2 STATEWIDE SEXUAL ASSAULT KIT TRACKING SYSTEM

Members investigating a sexual assault should ensure that biological evidence is tracked appropriately in the statewide sexual assault kit tracking system (RCW 35.21.195; RCW 36.28.200).

605.6.3 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

DuPont Police Department

Policy Manual

Sexual Assault Investigations

605.7 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Criminal Investigations Unit supervisor.

Classification of a sexual assault case as unfounded requires the Criminal Investigations Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted their original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

605.8 CASE REVIEW

The Criminal Investigations Unit supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

605.8.1 RETENTION

The Criminal Investigations Unit supervisor should ensure evidence, investigatory reports, and records related to violent or sex offenses are appropriately marked for retention under RCW 5.70.010.

605.9 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Criminal Investigations Unit supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

605.10 CASE STATUS NOTIFICATION

The investigator assigned to the case should keep the victim informed of the status of the investigation in a timely manner. The victim should be informed of the expected and appropriate time frames for receiving a response to inquiries made regarding the status of the investigation (RCW 5.70.005; RCW 70.125.110).

The investigator should provide the victim with contact information for the assigned prosecutor, if available, to receive updates related to the prosecution of the case (RCW 70.125.110).

Sexual Assault Investigations

605.11 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.
 - 7. The course provided by the Washington State Criminal Justice Training Commission on investigating sexual assault and other gender-based violence cases developed pursuant to RCW 43.101.272. Qualified investigators and the Criminal Investigations Unit supervisor shall complete this course within a year of assignment.
 - 8. Proper protocol for the use of the statewide sexual assault kit tracking system (RCW 35.21.195; RCW 36.28.200).

Warrant Service

606.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

606.2 POLICY

It is the policy of the DuPont Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

606.3 OPERATIONS BUREAU CHIEF

The Operations Bureau Chief shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The Operations Bureau Chief will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

606.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. The officer will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

606.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the Operations Bureau Chief for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the Division Bureau Chief. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a

DuPont Police Department

Policy Manual

Warrant Service

residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

606.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime execution.
 - 1. An officer shall not seek a no-knock warrant (RCW 10.31.040).
- (b) A clear explanation of the affiant's training, experience, and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

606.7 HIGH-RISK WARRANT SERVICE

The Operations Bureau Chief or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is video-recorded when practicable and reasonable to do so. The warrant service may be audio-recorded when announcing to everyone present that the conversation is going to be recorded and said announcement is recorded except if allowed by the warrant (RCW 9.73.030).

DuPont Police Department

Policy Manual

Warrant Service

- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

606.8 NO-KNOCK ENTRIES

No-knock entries are only authorized if exigent circumstances arise at the scene such that knocking and announcing the officer's presence would create an imminent threat of physical violence to the officer or another person.

606.9 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

606.10 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

DuPont Police Department

Policy Manual

Warrant Service

606.11 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The Operations Bureau Chief will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the Operations Bureau Chief. The Operations Bureau Chief should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The Operations Bureau Chief should ensure that members of the DuPont Police Department are utilized appropriately. Any concerns regarding the requested use of DuPont Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the Operations Bureau Chief is unavailable, the Watch Supervisor should assume this role.

If officers intend to serve a warrant outside DuPont Police Department jurisdiction, the Operations Bureau Chief should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the DuPont Police Department when assisting outside agencies or serving a warrant outside DuPont Police Department jurisdiction.

606.12 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

606.13 DOCUMENTATION

Documentation related to the service of a warrant shall be maintained in accordance with the established records retention schedule.

606.14 TRAINING

The Training Sergeant should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

607.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

607.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

607.2 POLICY

It is the policy of the DuPont Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

607.3 OPERATIONS DIRECTOR

The Chief of Police will designate the Operations Bureau Chief as the operations director.

The Operations Bureau Chief will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The Operations Bureau Chief will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The Operations Bureau Chief will also have the responsibility for coordinating operations that are categorized as high risk.

607.4 RISK ASSESSMENT

607.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

DuPont Police Department

Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

607.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the Operations Bureau Chief.

The supervisor and Operations Bureau Chief shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

607.4.3 HIGH-RISK OPERATIONS

If the Operations Bureau Chief, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. [Crisis Response Unit] (SWAT)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation

DuPont Police Department

Policy Manual

Operations Planning and Deconfliction

7. Additional surveillance
 8. Canines
 9. Evidence Room or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

607.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity in accordance with the [accompanying procedure](#). This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

607.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

DuPont Police Department

Policy Manual

Operations Planning and Deconfliction

- availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
- 3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
- 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
 - 1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
 - 1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 - 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control Procedures policies.
- (k) Communications plan
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

607.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

607.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

DuPont Police Department

Policy Manual

Operations Planning and Deconfliction

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The Operations Bureau Chief shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the Operations Bureau Chief for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the Operations Bureau Chief to ensure that the Communications Center is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. If the radio channel needs to be monitored by the Communications Center, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

607.8 SWAT PARTICIPATION

If the Operations Bureau Chief determines that SWAT participation is appropriate, the director and the SWAT supervisor shall work together to develop a written plan. The SWAT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SWAT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

607.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SWAT debriefing.

607.11 TRAINING

The Training Sergeant should ensure officers and SWAT team members who participate in operations subject to this policy should receive periodic training including, but not limited to,

DuPont Police Department

Policy Manual

Operations Planning and Deconfliction

topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Forensic Genetic Genealogy

608.1 PURPOSE AND SCOPE

This policy provides guidance for the use of forensic genetic genealogy (FGG) to generate investigative leads.

608.1.1 DEFINITIONS

Definitions related to this policy include:

Combined DNA Index System (CODIS) - An FBI computer software program that operates deoxyribonucleic acid (DNA) profile databases for law enforcement use.

DNA typing laboratory - A laboratory that analyzes biological samples, including extracted DNA, in order to provide various DNA profile types. State or local crime labs are generally not equipped to provide single nucleotide polymorphism (SNP) DNA profiles; therefore, the use of private DNA typing laboratories is often necessary for FGG.

Extracted DNA - The DNA isolated from a biological sample remaining after previous DNA testing has been completed.

Forensic genetic genealogy (FGG) - The process of obtaining a SNP DNA profile from a biological sample collected during an investigation; uploading the profile to a genetic genealogy site for comparison to the consumer profiles in the site's database to identify genetic relatives; and using the identified genetic relationships, as well as traditional genealogy research, to generate investigative leads.

Genetic genealogist - A genealogist who uses DNA testing with traditional genealogical research methods to assist law enforcement or private clients in identifying biological relatives of an individual.

Genetic genealogy site - A database of DNA profiles voluntarily submitted by public consumers for the purpose of identifying genetic relatives. The availability of genetic genealogy sites for law enforcement use varies depending on their terms of service.

Short tandem repeat (STR) DNA profile - The results of DNA typing in a format that can be processed through CODIS and state DNA databases. This is the type of DNA used in conventional non-FGG law enforcement investigations.

Single nucleotide polymorphism (SNP) DNA profile - The results of DNA typing in a format that enables an unknown DNA sample to be compared to the DNA profiles maintained by a genetic genealogy site. This is the DNA type used in FGG.

608.2 POLICY

The DuPont Police Department's use of FGG will be in coordination with prosecutors, the Medical Examiner, and other appropriate resources only in qualifying cases after reasonable conventional investigative methods have been pursued. Members will take reasonable steps to maintain the

DuPont Police Department

Policy Manual

Forensic Genetic Genealogy

integrity of the FGG process and safeguard the privacy rights of individuals whose DNA profiles are analyzed.

608.3 CRITERIA FOR FGG USE

Before using FGG, the lead investigator should coordinate with the supervisor to determine whether the case meets the following requirements:

- (a) Biological evidence collected as part of the underlying investigation (or extracted DNA from the biological evidence) is available for additional testing and is reasonably believed to be attributable to:
 - 1. The perpetrator of an unsolved violent felony.
 - 2. The unidentified human remains of a suspected homicide victim.
- (b) All reasonable conventional investigative methods have been utilized and all reasonable investigative leads have been pursued (e.g., relevant case information entered in the National Missing and Unidentified Persons System (NamUs) and the Violent Criminal Apprehension Program (ViCAP) national database).
- (c) An STR DNA profile has been developed from the biological evidence collected in the case and, absent unusual circumstances, has been uploaded to CODIS and any applicable state DNA database for comparison with negative results.

608.4 COORDINATION

Once a preliminary determination has been made that a case may qualify for the use of FGG, the lead investigating member should consult with the appropriate prosecutor to address current and prospective legal issues and determine if a search warrant is required.

In the case of unidentified human remains, the lead investigator should also consult with the Medical Examiner.

608.5 SUBMISSION OF SAMPLE

The biological evidence or extracted DNA should be submitted to a DNA typing laboratory approved by the Department in order to obtain a SNP DNA profile.

Once a SNP DNA profile has been obtained from the biological evidence or extracted DNA, the lead investigating member should arrange for it to be compared to the SNP DNA profiles contained in one or more genetic genealogy sites to identify possible genetic relatives. The lead investigator should work with a qualified genetic genealogist as needed during this process.

When submitting a SNP DNA profile for comparison, the lead investigator or the authorized designee (e.g., assigned genetic genealogist) shall notify the genetic genealogy site that the request for comparison is from a law enforcement agency and confirm that the site's terms of service permit FGG for the type of case being investigated. The use of the SNP DNA profile and any subsequent comparison shall be limited to the original underlying investigation.

If at any time during the FGG process the case no longer meets the criteria for FGG use, the lead investigator should promptly notify the DNA typing laboratory, genetic genealogy site, and/or

Forensic Genetic Genealogy

genetic genealogist to cease any further analysis and to return all evidence, data, and materials to the Department.

608.6 ANALYSIS OF FGG DATA

Once results of a comparison are received from a genetic genealogy site, the information should be evaluated by a genetic genealogist, who will assist the lead investigator in identifying potential investigative leads.

The lead investigator should promptly and diligently pursue each viable lead identified through the FGG process using traditional investigative methods, as appropriate, to:

- (a) Eliminate an individual as a potential suspect in the case.
- (b) Link an individual to the case as a potential suspect.
- (c) Identify human remains.

608.7 COLLECTION OF THIRD-PARTY DNA SAMPLE

If it is determined that a third-party DNA sample (i.e., from a person not likely to be a suspect in the investigation) should be collected and analyzed for FGG, consent from the third party should be obtained prior to collection.

If there is a reasonable belief that the integrity of the investigation would be compromised by seeking consent from the third party prior to collection, the lead investigator should consult with the prosecutor regarding applicable laws and procedures in both the jurisdiction of the investigation and the jurisdiction where the collection will occur, if different.

The use of a third-party DNA sample shall be limited to the original underlying investigation.

608.8 POST-IDENTIFICATION

Members shall not rely solely on FGG identification of a potential suspect for probable cause to make an arrest or obtain an arrest warrant. Unless there is sufficient evidence independent of the FGG data to support an arrest, a potential suspect identified through FGG should not be arrested until the suspect's identity is confirmed.

Members shall not rely solely on FGG to identify human remains unless there is sufficient evidence independent of the FGG data to declare the identification or confirmation testing has been completed.

Confirmatory DNA testing should be conducted by collecting a known DNA sample from the potential suspect or, in the case of unidentified human remains, from a close biological relative. This known DNA sample should be submitted for comparison to the original unknown STR DNA profile through conventional methods (e.g., in CODIS).

The lead investigator should consult with the prosecutor to determine the appropriate method of obtaining a known DNA sample.

Once the identity of a suspect or the identity of unidentified human remains has been confirmed through conventional DNA testing, the lead investigator should:

DuPont Police Department

Policy Manual

Forensic Genetic Genealogy

- (a) Consult with the prosecutor to evaluate the entire investigative file for consideration of criminal charges or further investigation.
- (b) If applicable, consult with the Medical Examiner for an amendment to a certificate of death.

608.9 PRIVACY CONSIDERATIONS

Members should make reasonable efforts to respect and protect the privacy of non-suspect genetic relatives identified through the FGG process. The names and identifying information of any non-suspect genetic relatives should not be included in official reports, probable cause declarations, or affidavits for search warrants and should not be disclosed unless otherwise required by law or court order.

The lead investigator should formally request that the SNP DNA profile be removed from all genetic genealogy sites upon identity confirmation and should retain a copy of the request for department records. The lead investigator should request that all case-related records and data provided to, or generated by, a genetic genealogist during the FGG process be returned to the Department.

608.10 RETENTION OF DNA SAMPLES AND RELATED RECORDS

Genetic information, including any derivative profiles and genetic genealogy site user information, should be retained in accordance with the established records retention schedule. The lead investigator should coordinate with the evidence custodian and provide adequate notice to the appropriate prosecutor's office before destroying any profiles or data obtained from the FGG process.

See the Property and Evidence Policy for guidelines regarding biological evidence, including DNA samples.

Chapter 7 - Equipment

Department-Owned and Personal Property

700.1 PURPOSE AND SCOPE

Department employees are expected to properly care for department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENT PROPERTY

Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee's intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to the cost of repair or replacement.

- (a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department-issued property or equipment assigned for their use.
- (b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.
- (c) Except when otherwise directed by competent authority or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.
- (d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.
- (e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

As part of the annual work performance review for officers, issued equipment shall be inspected and the Issued Equipment Inspection Form shall be completed by the supervisor to ensure that all equipment assigned to the officer is serviceable and readily available for use.

700.3 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage or loss of personal property must be made on the proper form. This form is submitted to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall direct a memo to the appropriate Bureau Chief, which shall include the results of the investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

DuPont Police Department

Policy Manual

Department-Owned and Personal Property

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the Finance Department.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.3.1 REPORTING REQUIREMENT

A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER

Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement functions, regardless of jurisdiction, shall report it as provided below.

- (a) A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.
- (b) A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

All claims for damage of property against the City of DuPont will be referred to the City Clerk, where proper claim forms will be presented to the claimant. Officers referring claimants to the City Clerk will not admit liability on the part of the City.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY

If employees of another jurisdiction cause damage to real or personal property belonging to the City, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to the employee's immediate supervisor as soon as circumstances permit. The employee shall submit a written report before going off duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Bureau Chief.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs) wireless capable tablets and similar wireless two-way communications and/or portable internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the internet.

701.2 POLICY

The DuPont Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on- or off-duty for business-related purposes, or reasonably associated with work-related misconduct, will be subject to monitoring and inspection consistent with applicable law and this policy.

Additionally, the use of a PCD either on-duty or after duty hours for business-related purposes, or reasonably associated with work-related misconduct, may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received, or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location-detection capabilities. This includes records of all keystrokes or web-browsing history made on the PCD. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department PCDs or networks (see the Information Technology Use Policy for additional guidance).

Members have no expectation of privacy regarding any communications while using a personally owned PCD for department-related business or when the use reasonably implicates work-related misconduct.

701.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-

DuPont Police Department

Policy Manual

Personal Communication Devices

duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used, and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications) or as otherwise authorized by department procedures.
 - 1. Use of a personally owned PCD for work-related business constitutes consent for the Department to access the PCD to inspect and copy the work-related data (e.g., for litigation purposes, public records retention and release obligations, internal investigations).
 - 2. Use of and data within a personally owned PCD may be discoverable in cases when there is reason to believe it is associated with work-related misconduct.
 - 3. Searches of a personally owned PCD by the Department should be limited to those matters reasonably associated with the work-related business or work-related misconduct.
- (e) The device shall not be utilized to record or disclose any department business-related information, including photographs, video, or the recording or transmittal of any information or material obtained or made accessible as a result of employment or appointment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (f) If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings, and other public records created or received on a member's personally owned PCD should be transferred to the DuPont Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

DuPont Police Department

Policy Manual

Personal Communication Devices

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor, or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from their supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate recordkeeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform unless it is in an approved carrier.
- (b) A PCD may not be used to conduct personal business while on-duty except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times unless an emergency exists.
- (c) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (d) Members are prohibited from taking pictures, audio or video recordings, or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means requires the express authorization of the Chief of Police or the authorized designee.
- (e) Members will not access social networking sites for any purpose that is not official department business. This restriction does not apply to a personally owned PCD used during authorized break times.
- (f) Using PCDs to harass, threaten, coerce, or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.

DuPont Police Department

Policy Manual

Personal Communication Devices

- (b) Monitoring, to the extent practicable, PCD use in the workplace and take prompt corrective action if a member is observed or reported to be improperly using a PCD.
 - 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
 - 2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles other than authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use and the use complies with RCW 46.61.672. Hands-free use should be restricted to business-related calls or calls of an urgent nature.

701.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

Vehicle Maintenance

702.1 PURPOSE AND SCOPE

Employees are responsible for assisting in maintaining Department vehicles so that they are properly equipped, properly maintained, properly refueled and present a clean appearance.

702.2 DEFECTIVE VEHICLES

When a department vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who first becomes aware of the defective condition, describing the correction needed. The paperwork shall be promptly forwarded to vehicle maintenance for repair.

702.2.1 DAMAGE OR POOR PERFORMANCE

Vehicles that may have been damaged or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

702.2.2 SEVERE USE

Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer's parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

702.2.3 REMOVAL OF WEAPONS

All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the department armory prior to the vehicle being released for maintenance, service or repair.

702.3 VEHICLE EQUIPMENT

Certain items shall be maintained in all department vehicles for emergency purposes and to perform routine duties.

702.3.1 PATROL VEHICLES

Officers shall inspect the patrol vehicle at the beginning of the shift and ensure that the following equipment, at a minimum, is present in the vehicle:

- Emergency road flares
- Roll barricade tape
- First aid kit
- Fingerprint kit
- Fire extinguisher
- Personal Protective Equipment per the Communicable Diseases and Body Armor policies

DuPont Police Department

Policy Manual

Vehicle Maintenance

702.3.2 UNMARKED VEHICLES

An employee driving unmarked department vehicles shall ensure that the minimum following equipment is present in the vehicle:

- Emergency road flares
- Roll barricade tape
- First aid kit
- Fingerprint kit
- Fire extinguisher
- Personal Protective Equipment per the Communicable Diseases and Body Armor policies

702.4 VEHICLE REFUELING

Absent emergency conditions or supervisor approval, officers driving patrol vehicles shall not place a vehicle in service that has less than one-quarter tank of fuel. Whenever practicable, vehicles should be fully fueled when placed into service and refueled before the level falls below one-quarter tank.

Vehicles shall only be refueled at an authorized location.

702.5 WASHING OF VEHICLES

All units shall be kept clean at all times and weather conditions permitting, shall be washed as necessary to enhance their appearance.

Employees using a vehicle shall remove any trash or debris at the end of their shift. Confidential material should be placed in a designated receptacle provided for the shredding of this matter.

702.6 CIVILIAN EMPLOYEE USE

Civilian employees using marked vehicles shall ensure all weapons are removed from vehicles before going into service. Civilian employees shall also prominently display the "out of service" placards or light-bar covers at all times. Civilian employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

702.7 FLEET LIFE CYCLE

All factors of a vehicle's mission, purpose, age, mileage and cost of ownership will be assessed to create a benchmark for replacement. Safety is not always a factor of a vehicle's age and mileage, but dependability and reliability are. Factors such as service life, technological life and economic life can increase operating costs and negatively impact the department's ability to deliver safe and reliable police services.

The following benchmarks will form the basis for an economical and mechanical inspection of a fleet vehicle to determine a replacement cycle or schedule:

- Police Patrol Vehicles -100,000 miles and or 7 years

DuPont Police Department

Policy Manual

Vehicle Maintenance

- Un-Marked Police Vehicles - 125,000 miles and or 10 years

Beginning each fiscal year, a prioritized list of vehicle replacements will be developed using the guidelines of this policy. Factors such as available funding and/or staffing levels may influence replacement of fleet vehicles. In these cases, a vehicle may need to be retained past its life cycle; however, the department will continue to assess the need to replace them at the first opportunity.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of DuPont to provide assigned take-home vehicles.

Additional guidelines for member responsibilities when transporting persons in custody may be found in the Transporting Persons in Custody Policy.

703.2 POLICY

The DuPont Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

703.3 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES

Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform the member's regular assignment.

703.3.1 ON-DUTY USE

Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.

703.3.2 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member's residence; the nature of the member's duties, job description and essential functions; and the member's employment or appointment status. Members who reside more than 30 miles outside the City of DuPont may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

At the discretion of the Chief of Police or designee, members who have successfully completed the appropriate phase of the FTO program may be considered for assignment of a department vehicle. The overall operational needs of the Department will take precedence and the issuing of a vehicle will depend on the number of vehicles available.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

DuPont Police Department

Policy Manual

Vehicle Use

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Bureau Chief gives authorization.
- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes.
- (c) Vehicles will not be used when off-duty except:
 - 1. In circumstances when a member has been placed on call by the Chief of Police or Bureau Chiefs and there is a high probability that the member will be called back to duty.
 - 2. When the member is performing a work-related function during what normally would be an off-duty period, including vehicle maintenance or traveling to or from a work-related activity or function.
 - 3. When the member has received permission from the Chief of Police or Bureau Chiefs.
 - 4. When the vehicle is being used by the Chief of Police, Bureau Chiefs or members who are in on-call administrative positions.
 - 5. When the vehicle is being used by on-call investigators.
- (d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.
- (e) The two-way communications radio, MDC and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.
- (f) Unattended vehicles are to be locked and secured at all times.
 - 1. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging).
 - 2. All weapons shall be secured while the vehicle is unattended.
 - 3. All department identification, portable radios and equipment should be secured.
- (g) Vehicles are to be parked off-street at the member's residence unless prior arrangements have been made with the Chief of Police or the authorized designee. If the vehicle is not secured inside a locked garage, all firearms and kinetic impact weapons shall be removed and properly secured in the residence (see the Firearms Policy regarding safe storage of firearms at home).
- (h) Vehicles are to be secured at the member's residence or the appropriate department facility, at the discretion of the Department when a member will be away (e.g., on vacation) for periods exceeding one week.
 - 1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.

DuPont Police Department

Policy Manual

Vehicle Use

2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.
 - (i) The member is responsible for the care and maintenance of the vehicle.

703.3.3 ENFORCEMENT ACTIONS

When driving a take-home vehicle to and from work outside of the jurisdiction of the DuPont Police Department or while off-duty, an officer shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

703.3.4 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
- (b) It is the member's responsibility to ensure that the member's assigned vehicle is maintained according to the established service and maintenance schedule.
- (c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.
- (d) The Department shall be notified of problems with the vehicle and approve any major repairs before they are performed.
- (e) When leaving the vehicle at the maintenance facility, the member will complete a vehicle repair card explaining the service or repair, and leave it on the seat or dash.
- (f) All weapons shall be removed from any vehicle left for maintenance.
- (g) Supervisors are responsible for ensuring that vehicles assigned to members under their command are being maintained in accordance with this policy. Supervisors shall conduct a thorough inspection of individual vehicles twice annually and document the findings in a Vehicle Inspection Report. Any issues that cannot be reconciled should be routed to the Operations Bureau Chief.
- (h) Assigned vehicles must remain available to the Department and shall be surrendered to the Chief of Police upon request during an extended absence from the Department, suspension, or light duty assignment.
- (i) Members authorized to take a vehicle home (i.e., any city-owned vehicle, marked or unmarked) shall surrender the vehicle to their supervisor upon an absence of 81 or

DuPont Police Department

Policy Manual

Vehicle Use

more working hours. This includes, but is not limited to situations of vacation leave, sick leave, military leave, and/or other combinations of days off which result in an absence of 81 or more working hours.

703.4 UNMARKED VEHICLES

Unmarked vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the division for that purpose. Any use of unmarked vehicles by those who are not assigned to the division to which the vehicle is assigned shall also be recorded with the Watch Supervisor on the shift assignment roster.

703.5 DAMAGE, ABUSE, AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format, and forwarded to the Watch Supervisor. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

703.6 TOLL ROAD USAGE

Authorized on-duty emergency vehicles are exempt from incurring toll road charges. An authorized emergency vehicle is an on-duty vehicle of the Department which is equipped with emergency lights and siren and used to respond to emergency calls (WAC 468-270-030; WAC 468-270-085; WAC 468-270-105).

To avoid unnecessary toll road charges, all members operating department vehicles on a toll road shall adhere to the following:

- (a) Members operating department vehicles that are not authorized emergency vehicles shall pay the appropriate toll charge or utilize the appropriate toll way transponder. Members may submit a request for reimbursement from the City for any toll fees incurred in the course of official business.
- (b) Members in unauthorized vehicles passing through a toll plaza or booth during a response to an emergency shall notify, in writing, the appropriate Bureau Chief within five working days explaining the circumstances.

703.7 ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

Cash Handling, Security and Management

704.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure department members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence and Informants policies.

704.2 POLICY

It is the policy of the DuPont Police Department to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of department operations and ensure the public trust.

805.4 ACCESS TO PROTECTED INFORMATION

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, DuPont Police Department policy, or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

It is a misdemeanor to furnish, buy, receive or possess criminal history record information without authorization by Washington law (RCW 10.97.120).

Divulging the content of any criminal record to anyone other than authorized personnel is a violation of the Standards of Conduct Policy.

Employees who obtain, or attempt to obtain, information from the department files other than that to which they are entitled in accordance with their official duties is a violation of the Standards of Conduct Policy.

805.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know (RCW 10.97.050).

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Manager for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Section to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

Criminal history records shall be accessed in accordance with the [accompanying procedure](#).

This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk, in or on an unattended vehicle, in an unlocked desk drawer or file cabinet, on an unattended computer terminal).

805.8 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

Animal Control

806.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

806.2 POLICY

It is the policy of the DuPont Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

806.3 ANIMAL CONTROL RESPONSIBILITIES

Animal control services are generally the primary responsibility of Animal Control and include the following:

- (a) Animal-related matters during periods when Animal Control is available.
- (b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Animal Control is available for investigation and resolution.
- (c) Follow-up on animal-related calls, such as locating owners of injured animals.

806.4 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
 - (a) This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow the arrestee to properly care for the animal.
 - (b) With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.

DuPont Police Department

Policy Manual

Animal Control

- (c) If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

806.5 ANIMAL CRUELTY COMPLAINTS

Laws relating to cruelty to animals should be enforced, including but not limited to RCW 9.08.070 (cruelty to pets), RCW 16.52.117 (animal fighting), RCW 16.52.205 and RCW 16.52.207 (animal cruelty), and RCW 16.52.320 (cruelty to livestock).

- (a) An investigation should be conducted on all reports of animal cruelty.
- (b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.
- (c) Any determination of abandonment of an animal must be based on probable cause (RCW 16.52.100).

806.5.1 REMOVAL OF ANIMALS

An officer who has probable cause to believe that an animal is subject to cruelty may obtain a warrant for removal of the animal.

If an animal is in imminent danger or has a serious physical injury or illness, a warrant need not be obtained before providing emergency aid to or seizing the animal (RCW 16.52.085). The officer shall take the seized animal to a licensed veterinarian for medical assessment and treatment, then transfer custody to Animal Control, animal foster care, or a nonprofit animal care facility (RCW 16.52.085).

When an animal is removed, written notice shall be provided to the owner within 72 hours of removal and shall include (RCW 16.52.085):

- (a) The contact information of the DuPont Police Department.
- (b) A description of the animal seized.
- (c) The authority and purpose for the seizure.
- (d) The time, place, and circumstances of the seizure.
- (e) A statement that the owner is responsible for the cost of care and will be required to post a bond with the county district court clerk within 14 calendar days of seizure or the animal will be deemed abandoned and forfeited.
- (f) The legal remedies available to the owner.

The notice shall be given by posting at the place of the seizure, by personal delivery to the last known or suspected owner or a person residing at the place of seizure, or by registered mail if the owner is known (RCW 16.52.085).

806.5.2 ANIMALS EXPOSED TO EXCESSIVE HEAT OR COLD, LACK OF VENTILATION OR LACK OF NECESSARY WATER

Officers may, in exigent circumstances, enter a vehicle or enclosed space other than a residence to save the life of an animal suffering harm from exposure to excessive heat or cold or lack of

DuPont Police Department

Policy Manual

Animal Control

necessary ventilation or water when there is no person present in the immediate area who has access to the vehicle or enclosed space and is willing to immediately remove the animal (RCW 16.52.340).

In all other cases, a court order should be obtained when necessary to enter a vehicle or structure to protect the life of an animal.

806.5.3 ANIMALS CONFINED WITHOUT FOOD AND WATER

Officers may enter a property, building, dwelling, or vehicle to provide a confined animal necessary food and water where it appears that the animal may be without necessary food or water for 24 consecutive hours if there is probable cause to believe the animal's health or life is in imminent danger. If an officer determines that it is extremely difficult to supply the confined animal with food and water, the animal may be removed to protective custody (RCW 16.52.100).

806.6 ANIMAL BITE REPORTS

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

806.7 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

806.8 DANGEROUS ANIMALS

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Watch Supervisor will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

806.9 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Members should diligently address calls related to nuisance animals (e.g., barking dogs), as such calls may involve significant quality-of-life issues.

806.10 DECEASED ANIMALS

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by Animal Control when available.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

DuPont Police Department

Policy Manual

Animal Control

806.11 INJURED ANIMALS

When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact an owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

806.12 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor and whenever possible, in consultation with a licensed veterinarian and the owner of the animal (RCW 16.52.210).

Computers and Digital Evidence

809.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

809.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 - 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 - 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery.
- (e) Label each item with case number, evidence sheet number, and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
 - 1. Where the computer was located and whether or not it was in operation.
 - 2. Who was using it at the time.
 - 3. Who claimed ownership.

DuPont Police Department

Policy Manual

Computers and Digital Evidence

4. If it can be determined, how it was being used.
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

809.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

809.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

809.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media (e.g., hard discs, floppy discs, CDs, DVDs, tapes, memory cards, flash memory devices) should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Evidence Room to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.

DuPont Police Department

Policy Manual

Computers and Digital Evidence

- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

809.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

809.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

809.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

809.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to the Evidence Room as soon as possible for submission into evidence.
- (b) Officers are not authorized to review or copy memory cards. The evidence technicians are the only employees authorized to copy and/or distribute digital media made from the memory cards.
- (c) As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and place the card into a plastic carrier. The card and carrier are then to be placed into a zip-lock type baggie. The

DuPont Police Department

Policy Manual

Computers and Digital Evidence

camera operator shall write their name and the related case number on the outside of the baggie before placing in the film drop box along with the evidence form.

- (d) Evidence technicians will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the technicians will erase the memory card for re-use. The storage media will be marked as the original.
- (e) Officers requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

809.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

809.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

This includes, as appropriate, access to interpreters and written materials in formats or through methods that provide effective communication to those with disabilities (e.g., limited reading skills, intellectual, hearing or vision disabilities) (28 CFR 115.116).
 - 1. The agency shall not rely on other prisoners for assistance except in limited circumstances where an extended delay in obtaining an interpreter could compromise the prisoner's safety, the performance of first-response duties under this policy, or the investigation of a prisoner's allegations of sexual abuse, harassment or retaliation.
- (h) Publishing on the department's website:
 - 1. Information on how to report sexual abuse and sexual harassment on behalf of a prisoner (28 CFR 115.154).

Prisoners may make reports verbally, in writing, privately or anonymously of any of the following (28 CFR 115.151):

- Sexual abuse
- Sexual harassment
- Retaliation by other prisoners or staff for reporting sexual abuse or sexual harassment
- Staff neglect or violation of responsibilities that may have contributed to sexual abuse or sexual harassment

During intake the Department shall notify all prisoners of the zero-tolerance policy regarding sexual abuse and sexual harassment, and of at least one way to report abuse or harassment to a public or private entity that is not part of the Department and that is able to receive and immediately forward prisoner reports of sexual abuse and sexual harassment to agency officials. This allows the prisoner to remain anonymous (28 CFR 115.132; 28 CFR 115.151).

903.4.1 MEMBER RESPONSIBILITIES

Department members shall accept reports from prisoners and third parties and shall promptly document all reports (28 CFR 115.151).

DuPont Police Department

Policy Manual

Prison Rape Elimination

- (c) Any neglect or violation of responsibilities on the part of any department member that may have contributed to an incident or retaliation (28 CFR 115.161).

No member shall reveal any information related to a sexual abuse report to anyone other than to the extent necessary to make treatment and investigation decisions.

903.4.2 WATCH SUPERVISOR RESPONSIBILITIES

The Watch Supervisor shall report to the department's designated investigators all allegations of sexual abuse, harassment, retaliation, neglect or violations leading to sexual abuse, harassment or retaliation. This includes third-party and anonymous reports (28 CFR 115.161).

If the alleged victim is under the age of 18 or considered a vulnerable adult, the Watch Supervisor shall also report the allegation as required under mandatory reporting laws and department policy.

Upon receiving an allegation that a prisoner was sexually abused while confined at another facility, the Watch Supervisor shall notify the head of the facility or the appropriate office of the agency where the alleged abuse occurred. The notification shall be made as soon as possible but no later than 72 hours after receiving the allegation. The Watch Supervisor shall document such notification (28 CFR 115.163).

If an alleged prisoner victim is transferred from the Temporary Holding Facility to a jail, prison or medical facility, the Department shall, as permitted by law, inform the receiving facility of the incident and the prisoner's potential need for medical or social services, unless the prisoner requests otherwise (28 CFR 115.165).

903.5 INVESTIGATIONS

The Department shall promptly, thoroughly and objectively investigate all allegations, including third-party and anonymous reports, of sexual abuse or sexual harassment. Only investigators who have received department-approved special training shall conduct sexual abuse investigations (28 CFR 115.171).

903.5.1 FIRST RESPONDERS

The first officer to respond to a report of sexual abuse or sexual assault shall (28 CFR 115.164):

- (a) Separate the parties.
- (b) Establish a crime scene to preserve and protect any evidence. Identify and secure witnesses until steps can be taken to collect any evidence.

could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.

If the first responder is not an officer the responder shall request that the alleged victim not take any actions that could destroy physical evidence and should then notify a law enforcement staff member (28 CFR 115.164).

903.5.2 INVESTIGATOR RESPONSIBILITIES

Investigators shall (28 CFR 115.171):

- (a) Gather and preserve direct and circumstantial evidence, including any available physical and biological evidence and any available electronic monitoring data.
- (b) Interview alleged victims, suspects and witnesses.
- (c) Review any prior complaints and reports of sexual abuse involving the suspect.
- (d) Conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.
- (e) Assess the credibility of the alleged victim, suspect or witness on an individual basis and not by the person's status as a prisoner or a member of the DuPont Police Department.
- (f) Document in written reports a description of physical, testimonial, documentary and other evidence, the reasoning behind any credibility assessments, and investigative facts and findings.
- (g) Refer allegations of conduct that may be criminal to the prosecuting attorney for possible prosecution, including any time there is probable cause to believe a prisoner sexually abused another prisoner in the Temporary Holding Facility (28 CFR 115.178).
- (h) Cooperate with outside investigators and remain informed about the progress of any outside investigation.

903.5.3 ADMINISTRATIVE INVESTIGATIONS

903.5.4 SEXUAL ASSAULT AND SEXUAL ABUSE VICTIMS

No prisoner who alleges sexual abuse shall be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation (28 CFR 115.171(e)).

Prisoner victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment. Treatment services shall be provided to the victim without financial cost and regardless

DuPont Police Department

Policy Manual

Prison Rape Elimination

of whether the victim names the abuser or cooperates with any investigation arising out of the incident (28 CFR 115.182).

903.5.5 CONCLUSIONS AND FINDINGS

All completed investigations shall be forwarded to the Chief of Police, or if the allegations may reasonably involve the Chief of Police, to the City Administrator. The Chief of Police or City Administrator shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

All personnel shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for department members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member's disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176).

Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with prisoners and reported to any relevant licensing bodies (28 CFR 115.177). The Chief of Police shall take appropriate remedial measures and consider whether to prohibit further contact with prisoners by a contractor or volunteer.

903.6 RETALIATION PROHIBITED

All prisoners and members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The Watch Supervisor or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for prisoner victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for prisoners or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

The Watch Supervisor or the authorized designee shall identify a staff member to monitor the conduct and treatment of prisoners or members who have reported sexual abuse and of prisoners who were reported to have suffered sexual abuse. The staff member shall act promptly to remedy any such retaliation. In the case of prisoners, such monitoring shall also include periodic status checks.

903.7 REVIEWS AND AUDITS

DuPont Police Department

Policy Manual

Prison Rape Elimination

903.7.1 INCIDENT REVIEWS

An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include upper-level management officials and seek input from line supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

- (a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.
- (b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.
- (c) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.
- (d) Assess the adequacy of staffing levels in that area during different shifts.
- (e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The report shall be submitted to the Chief of Police and the PREA Coordinator. The Chief of Police or the authorized designee shall implement the recommendations for improvement or shall document the reasons for not doing so (28 CFR 115.186).

903.7.2 DATA REVIEWS

The facility shall conduct an annual review of collected and aggregated incident-based sexual abuse data. The review should include, as needed, data from incident-based documents, including reports, investigation files and sexual abuse incident reviews (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):

- (a) Identification of any potential problem areas.
- (b) Identification of any corrective actions taken.
- (c) Recommendations for any additional corrective actions.
- (d) A comparison of the current year's data and corrective actions with those from prior years.
- (e) An assessment of the department's progress in addressing sexual abuse.

DuPont Police Department

Policy Manual

Prison Rape Elimination

The report shall be approved by the Chief of Police and made readily available to the public through the department website or, if it does not have one, through other means. Material may be redacted from the reports when publication would present a clear and specific threat to the safety and security of the Temporary Holding Facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from DuPont Police Department facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the department website or, if it does not have one, through other means. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

903.8 RECORDS

The Department shall retain all written reports from administrative and criminal investigations pursuant to this policy for as long as the alleged abuser is held or employed by the Department, plus five years (28 CFR 115.171).

All other data collected pursuant to this policy shall be securely retained for at least 10 years after the date of the initial collection unless federal, state or local law requires otherwise (28 CFR 115.189).

903.9 TRAINING

All employees, volunteers and contractors who may have contact with prisoners shall receive department-approved training on the prevention and detection of sexual abuse and sexual harassment within this facility. The Training Sergeant shall be responsible for developing and administering this training as appropriate, covering at a minimum (28 CFR 115.131):

- The dynamics of sexual abuse and harassment in confinement settings, including which prisoners are most vulnerable.
- The right of prisoners and staff members to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
- Detecting and responding to signs of threatened and actual abuse.
- Communicating effectively and professionally with all prisoners.
- Compliance with relevant laws related to mandatory reporting of sexual abuse to outside authorities.

Investigators assigned to sexual abuse investigations shall also receive training in conducting such investigations in confinement settings. Training should include (28 CFR 115.134):

- Proper use of *Miranda* and *Garrity* warnings.

DuPont Police Department

Policy Manual

Prison Rape Elimination

- Sexual abuse evidence collection in confinement settings.
- Criteria and evidence required to substantiate a case for administrative action or prosecution referral.

The Training Sergeant shall maintain documentation that employees, volunteers, contractors and investigators have completed required training and that they understand the training. This understanding shall be documented through individual signature or electronic verification.

All current employees and volunteers who may have contact with prisoners shall be trained within one year of the effective date of the PREA standards. The agency shall provide annual refresher information to all such employees and volunteers to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.

Transporting Persons in Custody

904.1 PURPOSE AND SCOPE

This policy provides guidelines for transporting persons who are in the custody of the DuPont Police Department.

See the Handcuffing and Restraints Policy for additional guidance.

904.2 POLICY

It is the policy of the DuPont Police Department to provide safe, secure, and humane transportation for all persons in custody.

904.3 OPERATIONS BUREAU CHIEF RESPONSIBILITIES

The Operations Bureau Chief should establish related procedures for:

- Safely transporting persons who have their legs restrained.
- Seating placement of persons being transported in vehicles with and without safety barriers.

904.4 OFFICER RESPONSIBILITIES

Persons in custody should be transported in a vehicle properly equipped to transport passengers. They should be appropriately restrained and positioned during transport.

Officers transporting a person in custody should:

- (a) Search all areas of the vehicle accessible to a person in custody before and after each transport.
- (b) Immediately search persons in custody after arrest, when receiving the person from the custody of another officer, and before transferring the person. Refer to the Custodial Searches Policy before conducting any search other than a field search.
 1. Whenever practicable, a search should be conducted by an officer of the same gender as the person being searched. If an officer of the same gender is not reasonably available, a witnessing officer should be present during the search.
- (c) Provide the Communications Center with any required notifications (e.g., start time, mileage, end time).
- (d) Properly secure all property.
- (e) Use audio/video equipment (when properly equipped) to observe and record any person in custody during transport (see the Mobile Audio Video and Body-Worn Cameras policies for additional guidance).
- (f) Make a reasonable effort to prevent inappropriate conversations between persons being transported (e.g., demeaning or insulting language) or conversations between a person being transported and someone outside the vehicle.

DuPont Police Department

Policy Manual

Transporting Persons in Custody

- (g) Plan travel times and routes to avoid situations that might impede transportation (e.g., heavy traffic, unfavorable road conditions, extreme weather) when reasonably practicable.
- (h) Make a verbal welfare check with a person in custody at least every 10 minutes. Provide sufficient visual observation and audio communication during the transport of:
 - 1. Individuals in auxiliary restraints.
 - 2. Individuals in leg restraints.
 - 3. Individuals wearing a spit hood.
 - 4. Individuals who are a suspected suicide risk.
- (i) Verify that the vehicle's security devices (e.g., window and rear-door child-safety locks) are activated.
- (j) Assess uncooperative persons who cannot or will not sit upright for a medical condition (see the Medical Aid and Response Policy for additional guidance):
 - 1. If no medical condition exists, alternative transportation should be arranged (e.g., a special transport van).

904.5 TRANSPORT RESTRICTIONS

When transporting multiple persons, officers:

- (a) Should not transport persons in custody together. Persons in custody should be transported individually when practicable, or within their own compartment of a multiple-compartment vehicle, unless supervisor approval is received based on unusual circumstances.

 - 2. Persons with known hostilities toward each other, such as mutual combatants or rival gang members, shall not be transported together.
 - 3. Persons of different genders should not be transported together.
- (b) If segregating individuals is not possible, transporting officers should be alert to inappropriate physical or verbal contact and take appropriate action.

904.6 TRANSPORTING PERSONS IN CUSTODY WHO HAVE A DISABILITY

When transporting a person in custody who has a disability, a transporting officer should request assistance as necessary to transport the person in a reasonable and safe manner. The transporting officer should ensure that any special equipment (e.g., canes, wheelchairs, prosthetics) is transported to the person's destination in a way that does not threaten the safety or security of the person in custody or the officer.

Officers transporting a person who has a disability should consult with the person in custody and use good judgment in determining what, if any, restraining devices may be appropriate based on the person's disability to ensure the security, safety, and dignity of all persons.

DuPont Police Department

Policy Manual

Transporting Persons in Custody

904.7 TRANSPORTING ILL OR INJURED PERSONS IN CUSTODY

Except in exceptional cases where alternatives are not reasonably available, officers should not transport persons in custody who are unconscious, have serious injuries, or who may be seriously ill. EMS personnel should be called to handle such transportation.

Officers shall notify a supervisor as soon as practicable when transporting a person in custody to a hospital.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when so directed by a Watch Supervisor.

Any person in custody suspected of having a communicable disease should be transported in compliance with the exposure control plan in the Communicable Diseases Policy.

See the Medical Aid and Response Policy for additional guidance on ill or injured persons in custody.

904.8 TRANSPORTING PREGNANT PERSONS IN CUSTODY

Persons in custody who are known to be pregnant should be restrained during transport in the least restrictive manner that is effective for officer safety. Leg restraints, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure themselves or others, or damage property.

Absent exceptional circumstances, persons in labor or delivery should not be transported by officers. EMS personnel should be called to handle transportation.

904.9 EMERGENCY DETENTION TRANSPORTS

When transporting any individual for an emergency detention, the transporting officer should request that the Communications Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual, and whether any special medical care is needed.

Should the person require transport in a medical transport vehicle, and the safety of any person, including the person in custody, requires the presence of an officer during the transport, Watch Supervisor approval is required before transport commences.

See the Emergency Detentions Policy for additional guidance.

904.10 INTERRUPTION OF TRANSPORT

Absent extraordinary circumstances, officers should not interrupt a transport to provide emergency assistance without supervisory approval. Officers encountering an emergency should notify the Communications Center and request an appropriate response.

During transports for extended durations, transporting officers may be required to make necessary stops. With supervisory approval and due consideration for security risks and the in-custody

DuPont Police Department

Policy Manual

Transporting Persons in Custody

The Watch Supervisor should notify the Chief of Police or the authorized designee upon learning of an escape.

If the escape occurs outside the jurisdiction of the DuPont Police Department, the Watch Supervisor should notify the appropriate agency or agencies within the jurisdiction where the escape occurred.

904.14 DOCUMENTATION

If a person is injured during transportation, officers should document the injury in the appropriate report. Documentation should include the condition of the person prior to transportation and the known or suspected causes of the injury during transportation (e.g., hitting head, struggling with restraints, fighting with other persons in custody). Any visible or reported injuries should be photographed and included with the report.

904.15 NOTIFICATIONS

Officers should notify a supervisor and any receiving facility of information regarding any circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., uncooperative or violent, prolonged struggle, extreme agitation, medical conditions) that may have occurred prior to, or during, transportation.

DuPont Police Department

Policy Manual

Transporting Persons in Custody

904.16 TRAINING

The Department should strive to facilitate and expedite the screening and testing process, and should periodically inform each candidate of their status in the recruiting process.

1000.4 SELECTION PROCESS

The Department shall actively strive to identify a diverse group of candidates who have in some manner distinguished themselves as being outstanding prospects. The report and all supporting documentation shall be included in the candidate's background investigation file. These files shall be stored in a secured manner and made available only to those who are authorized to participate in the selection process.

1000.5.4 RECORDS RETENTION

The background report and all supporting documentation shall be maintained in accordance with the [accompanying procedure](#) and the established records retention schedule.

1000.5.5 BACKGROUND CERTIFICATION

Upon completion of the background investigation of a candidate who has received a conditional offer of employment with the DuPont Police Department, the background investigator shall certify to the Criminal Justice Training Commission (CJTC) that the background check has been completed and there was no information found that would disqualify the candidate from certification, and that the candidate is suitable for employment as an officer (RCW 43.101.095).

1000.8 PROBATIONARY PERIODS

The Operations Bureau Chief should coordinate with the DuPont Department of Human Resources to identify positions subject to probationary periods and procedures for:

- (a) Appraising performance during probation.
- (b) Assessing the level of performance required to complete probation.
- (c) Extending probation.
- (d) Documenting successful or unsuccessful completion of probation.

Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement. Applicable collective bargaining agreements provide additional guidance including the evaluation period for promotional positions.

1001.2 POLICY

The DuPont Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

DuPont Police Department

Policy Manual

Evaluation of Employees

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

1001.3.1 RESERVE OFFICER EVALUATIONS

Reserve officer evaluations are covered under the Reserve Officers Policy.

1001.4 FULL TIME PROBATIONARY PERSONNEL

Civilian personnel are on probation for 12 months before being eligible for certification as permanent employees. An evaluation is completed bimonthly for all full-time civilian personnel during the probationary period.

Sworn entry level personnel are on probation for 18 months from the date of hire before being eligible for certification as permanent employees. Lateral hires will serve a probationary period of 12 months from the date of hire. Probationary officers are evaluated bimonthly during the probationary period.

1001.5 FULL-TIME PERMANENT STATUS PERSONNEL

Permanent employees are subject to three types of performance evaluations:

Regular - An Employee Performance Evaluation shall be completed once each year for non-probationary employees by the employee's immediate supervisor utilizing the DPD Annual Performance Evaluation Form. The only exceptions are for employees who have been on military or other extended leave from the Department covering the entire rating period. The current evaluation rating period will cover the time immediately preceding December of each year. Evaluations will be done in December of each year.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, then an evaluation shall be completed by the current supervisor with input from the previous supervisor.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1001.5.1 RATINGS CRITERIA

When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Exceeds Standards - Represents performance that is better than expected of a fully competent employee. It is superior to what is expected, but is not of such rare nature to warrant outstanding.

Meets Standards - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

DuPont Police Department

Policy Manual

Evaluation of Employees

Needs Improvement - Is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A needs improvement rating must be thoroughly discussed with the employee.

Does Not Meet Standards - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the employee's strengths, weaknesses, and suggestions for improvement. Any rating under any job dimension marked does not meet standards or exceeds standards shall be substantiated in the rater comments section.

1001.6 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent employees may also write comments on ratings or in the Employee Comments section of the performance evaluation report prior to supervisor execution and approval.

1001.6.1 MID-YEAR COACHING SESSION

A mid-year coaching session will occur in July with each employee. The coaching session will be documented by the supervisor involved.

1001.7 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Bureau Chief). The Bureau Chief shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Bureau Chief shall evaluate the supervisor on the quality of ratings given.

1001.7.1 EMPLOYEE RESPONSE

The Chief of Police or designee shall give the employee a copy of the final personnel evaluation no later than five working days after approval by the supervisor. The employee shall have the right to prepare a written response to the Performance Evaluation and request that the response be attached to the Performance Evaluation Form for inclusion in the employee's personnel file. The response and request to attach must be provided to the Chief of Police or designee no less than 30 Days after receipt of the Performance Evaluation. The failure of an employee to sign or respond to a Performance Evaluation Form shall not have a bearing on the approval or validity of the form or the performance evaluation.

DuPont Police Department

Policy Manual

Evaluation of Employees

1001.8 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's personnel file at the City Department of Human Resources for the tenure of the employee's employment. A copy of the evaluation will be given to the employee.

1001.9 REMEDIAL TRAINING

When an employee fails to perform a job function at the level prescribed in this policy manual, remedial training may be necessary to ensure that employee has the knowledge and skills necessary to perform at an acceptable level.

Whenever an employee receives an evaluation rating of needs improvement or does not meet standards, receives a Special Evaluation to document a performance deficiency or is receiving discipline for a performance deficiency, the supervisor should consider whether remedial training would be appropriate to assist the employee in improving their performance.

- (a) If remedial training is deemed to be appropriate, the supervisor shall document the following items in a Personnel Improvement Plan (PIP):
 - 1. The remedial training being provided.
 - 2. The timeline for providing the training.
 - 3. The timeline for evaluating the employee's subsequent performance.
 - 4. The consequences if the employee fails to perform.
 - 5. The desired outcome if the remediation is successful.
- (b) Prior to implementing the remedial training, the supervisor shall present the PIP to the employee who shall then be provided with ten days to respond with any objections or other comments.
- (c) If the employee fails to provide a timely written response or expresses no desire to respond, the employee's date and signature shall be affixed to the PIP as agreement to its terms.
- (d) If the employee provides a timely written response, any objections shall be adjudicated in accordance with the department's grievance procedure.

The remedial training process is for use with all employees. It is not limited to use with probationary employees.

Grievance Procedure

1003.1 PURPOSE AND SCOPE

It is the policy of this department that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. Our Department's philosophy is to promote a free verbal communication between employees and supervisors.

1003.1.1 GRIEVANCE DEFINED

Grievance - Is any dispute involving the interpretation or application of any of the following documents by the person affected:

- The employee bargaining agreement (Memorandum of Understanding).
- This Policy Manual.
- City rules and regulations covering personnel practices or working conditions.

Grievances may be brought by an individual affected employee or by a group representative.

Specifically outside the category of grievance are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy or federal, state, or local law set forth in the Personnel Complaints Policy.

1003.2 PROCEDURE

If an employee believes that he/she has a grievance as defined above, then that employee shall observe the applicable grievance procedures as defined in collective bargaining agreements with the DuPont Police Officers' Association, DuPont Employees Association, and the City of DuPont Civil Service Rules.

1003.3 EMPLOYEE REPRESENTATION

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

1003.4 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Administrative Services for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the City Administrator's office to monitor the grievance process.

to avoid future filings of grievances. The Training Sergeant shall record these findings in a confidential and generic memorandum to the Chief of Police without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this policy manual, the Training Sergeant should promptly notify the Chief of Police.

Anti-Retaliation

1004.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance, or collective bargaining agreement or memorandum of understanding.

1004.2 POLICY

The DuPont Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1004.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

DuPont Police Department

Policy Manual

Anti-Retaliation

1004.3.1 RETALIATION PROHIBITED FOR INTERVENING OR REPORTING

An officer shall not be retaliated against in any way for intervening or reporting in good faith any wrongdoing by another law enforcement officer. Wrongdoing means conduct that is contrary to law or policies of this department (RCW 10.93.190).

1004.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Human Resources Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1004.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.

DuPont Police Department

Policy Manual

Anti-Retaliation

- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1004.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1004.7 WHISTLE-BLOWING

Washington law protects employees who make good faith reports of improper government actions. Improper government actions include violations of Washington law, abuse of authority, gross waste of funds, and substantial and specific danger to the public health or safety (RCW 42.40.010 et seq.; RCW 49.60.210; RCW 42.41.010 et seq.).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Operations Bureau Chief for investigation pursuant to the Personnel Complaints Policy.

1004.7.1 DISPLAY OF REPORTING PROCEDURES

The Department shall display the City policy to employees regarding their rights and the procedures for reporting information of an alleged improper government action. A copy of the policy shall be made available to employees upon request (RCW 42.41.030).

1004.8 RECORDS RETENTION AND RELEASE

The Operations Bureau Chief shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Arrests, Convictions, and Court Orders

1005.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions, and court orders restrict their ability to perform the official duties and responsibilities of the DuPont Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm (RCW 43.101.135).

1005.2 POLICY

The DuPont Police Department requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department

1005.3 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Washington and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; RCW 9.41.040; RCW 9.41.801).

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1005.4 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Washington law prohibits the possession of a firearm under the provisions of RCW 9.41.040 (unlawful possession of firearms).

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1005.5 REPORTING

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal detention, arrest, charge, plea, or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending or is on appeal, and regardless of the penalty or sentence, if any.

DuPont Police Department

Policy Manual

Reporting of Arrests, Convictions, and Court Orders

All members and all retired officers with an identification card issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Watch Supervisor or the Chief of Police) in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable Criminal Justice Training Commission (CJTC) certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing the member's duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on the member's own time and at the member's own expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

1005.5.1 NOTIFICATION TO CRIMINAL JUSTICE TRAINING COMMISSION

The Administrative Services Bureau Chief shall ensure that notification has been made to CJTC within 15 days of learning that an officer has been charged with a crime (RCW 43.101.135).

Drug- and Alcohol-Free Workplace

1006.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1006.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1006.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Supervisor or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1006.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the member's abilities, without a written release from the member's physician.

1006.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on-duty is prohibited and may lead to disciplinary action (RCW 69.51A.060).

1006.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

DuPont Police Department

Policy Manual

Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1006.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1006.6 WORK RESTRICTIONS

If a member informs a supervisor that the member has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from the member's physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that the member is safely transported away from the Department.

1006.7 SCREENING TESTS

A supervisor may require an employee to submit to a screening under any of the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.
- (d) During the performance of the employee's duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

1006.7.1 SUPERVISOR RESPONSIBILITIES

The supervisor shall prepare a written record documenting the specific facts that led to the decision to require the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.

DuPont Police Department

Policy Manual

Drug- and Alcohol-Free Workplace

- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1006.7.2 DISCIPLINE

An employee may be subject to disciplinary action if the employee:

- (a) Fails or refuses to submit to a screening test.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that the employee took the controlled substance as directed, pursuant to a current and lawful prescription issued in the employee's name.

1006.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1006.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Sick Leave

1007.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable labor agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) or the Washington Paid Family and Medical Leave program (PFML) (29 USC § 2601 et seq.; RCW 50A.05.005 et seq.).

1007.2 POLICY

It is the policy of the DuPont Police Department to provide eligible employees with a sick leave benefit.

1007.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences (RCW 49.46.210). Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both (WAC 296-128-750).

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity, or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1007.3.1 NOTIFICATION

All members should notify the Watch Supervisor or appropriate supervisor as soon as they are aware that they will not be able to report to work and within one hour before the start of their scheduled shifts, unless it is not practicable to do so. If it is impracticable and a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (WAC 296-128-650).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 10 days' notice of the impending absence (WAC 296-128-650).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1007.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish verification supporting the need to be absent and/or the ability to return to work (RCW 49.46.210;

DuPont Police Department

Policy Manual

Sick Leave

WAC 296-128-660). Members on an extended absence shall, if possible, contact their supervisors at specified intervals to provide an update on their absence and expected date of return.

1007.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.

Communicable Diseases

1008.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1008.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the DuPont Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1008.2 POLICY

The DuPont Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1008.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes (WAC 296-823-100 et seq.):

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members shall be provided with appropriate personal protective equipment (PPE), including latex gloves or equivalent, face masks, eye protection, protective shoe covers, and pocket masks for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 - 1. Bloodborne pathogen mandates including but not limited to (WAC 296-823-110 et seq.):
 - (a) The identification of positions with the potential for exposure.

DuPont Police Department

Policy Manual

Communicable Diseases

- (b) Measures to eliminate or minimize occupational exposure and how members will be informed of those measures.
 - (c) A plan for the distribution and use of PPE related to communicable diseases.
 - (d) Directions for appropriate labeling of contaminated items.
 - (e) Rules regarding worksite maintenance.
 - (f) Rules regarding waste.
 - (g) Confidentiality requirements and medical protocols.
 - (h) Maintenance of training and medical records.
2. The Washington Industrial Safety and Health Act (RCW 49.17.010 et seq.; WAC 296-800-110 et seq.).
 3. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

The ECO should also act as the liaison with the Washington Division of Occupational Safety and Health (DOSH) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan (WAC 296-823-11010).

1008.4 EXPOSURE PREVENTION AND MITIGATION

1008.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to:

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

DuPont Police Department

Policy Manual

Communicable Diseases

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored in accordance with the [accompanying procedure](#).

1008.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (WAC 296-823-130).

1008.5 POST EXPOSURE

1008.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1008.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (WAC 296-823-16005):

- (a) Name and Social Security number of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited.

DuPont Police Department

Policy Manual

Communicable Diseases

The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1008.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (WAC 296-823-16005).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1008.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (WAC 296-823-16005).

1008.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO (WAC 296-823-16010). If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) In the event that consent cannot be obtained, by contacting the local health authority who may pursue testing of the source individual for HIV or other communicable diseases (RCW 70.24.340; WAC 246-100-205).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

DuPont Police Department

Policy Manual

Communicable Diseases

1008.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1008.7 TRAINING

All members shall participate in training regarding airborne pathogens, bloodborne pathogens, and communicable diseases commensurate with the requirements of their position. The training shall include the mandates provided in WAC 296-823-12005 et seq. and:

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Shall provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1009.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in DuPont Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1009.2 POLICY

The DuPont Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (RCW 70.160.030).

1009.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the DuPont Police Department.

It shall be the responsibility of each member to ensure that no person under their supervision smokes or uses any tobacco product inside City facilities and vehicles.

1009.4 ADDITIONAL PROHIBITIONS

No person shall smoke tobacco products within 25 feet of a main entrance, exit or operable window of any building (RCW 70.160.075).

1009.4.1 NOTICE

The Chief of Police or the authorized designee shall ensure that proper signage prohibiting smoking is conspicuously posted at each entrance to the department facilities (RCW 70.160.050).

Personnel Complaints

1010.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the DuPont Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1010.2 POLICY

The DuPont Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any memorandum of understanding or collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1010.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1010.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Watch Supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Internal Affairs, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

DuPont Police Department

Policy Manual

Personnel Complaints

1010.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.
- (b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

1010.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1010.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1010.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1010.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

1010.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

DuPont Police Department

Policy Manual

Personnel Complaints

1010.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Watch Supervisor of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Bureau Chief or the Chief of Police, who will initiate appropriate action.
- (b) Responding to all complaints in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Bureau Chief.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Operations Bureau Chief and Chief of Police are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the Department of Human Resources and the Watch Supervisor for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the Operations Bureau Chief, who will determine whether to contact the complainant or assign the complaint for investigation.
- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.
 - 2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.

DuPont Police Department

Policy Manual

Personnel Complaints

- (i) Ensuring that the procedural rights of the accused member are followed.
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1010.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a Bureau Chief, the following applies to employees:

- (a) Interviews of an accused employee shall be conducted during reasonable hours and preferably when the employee is on-duty. If the employee is off-duty, he/she shall be compensated.
- (b) Unless waived by the employee, interviews of an accused employee shall be at the DuPont Police Department or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused employee.
- (d) Prior to any interview, an employee should be informed of the nature of the investigation.
- (e) All interviews should be for a reasonable period and the employee's personal needs should be accommodated.
- (f) No employee should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
- (g) Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 - (a) An employee should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
 - (b) No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview shall be provided to the employee prior to any subsequent interview.
- (i) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

DuPont Police Department

Policy Manual

Personnel Complaints

- (j) All employees shall provide complete and truthful responses to questions posed during interviews.
- (k) No employee may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.
- (l) An employee covered by civil service shall be provided a written statement of all accusations with a duplicate statement filed with the civil service commission (RCW 41.12.090; RCW 41.14.120).

1010.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1010.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

DuPont Police Department

Policy Manual

Personnel Complaints

1010.6.5 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation.

1010.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1010.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and storage spaces may only be administratively searched in the member's presence, with the member's consent, with a valid search warrant, or when the member has been given reasonable notice that the search will take place.

1010.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1010.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

DuPont Police Department

Policy Manual

Personnel Complaints

The DuPont Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1010.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review and include their comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1010.10.1 BUREAU CHIEF RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Bureau Chief of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Bureau Chief may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Bureau Chief may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Bureau Chief shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1010.10.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Bureau Chief for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a written notice and the following:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

DuPont Police Department

Policy Manual

Personnel Complaints

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1010.10.3 NOTICE OF INTENDED TERMINATION

The Notice of Intent to Discipline for an employee to be terminated will include the below-listed information:

- (a) A written statement citing the reason for the termination.
- (b) The effective date of the termination.
- (c) Information on where to obtain the status of Fringe and Retirement.
- (d) Benefits.

1010.10.4 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

1010.11 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

Policy Manual

Personnel Complaints

1010.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline (RCW 43.101.135).

1010.13 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, memorandum of understanding and/or personnel rules.

In the event of punitive action against an employee covered by civil service, the appeal process shall be in compliance with RCW 41.12.090 and RCW 41.14.120.

1010.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

1010.15 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

1010.16 NOTIFICATION TO CRIMINAL JUSTICE TRAINING COMMISSION (CJTC) CERTIFICATION BOARD

Upon separation of a peace officer for any reason, the Department shall, within 15 days of the separation, notify the CJTC on a personnel action report form provided by the commission. When a resignation or retirement is accepted in lieu of termination, the reasons and rationale shall be included in the information provided to the CJTC, including the findings from any internal or external investigations into alleged misconduct (RCW 43.101.135).

The CJTC shall be notified within 15 days of an initial disciplinary decision made by the Department for alleged behavior or conduct by an officer that is noncriminal and may result in revocation of certification (RCW 43.101.135).

DuPont Police Department

Policy Manual

Personnel Complaints

The CJTC shall also be notified regarding any decision to discipline an officer for failure to intervene or for failure to report an incident of excessive force or any wrongdoing by another peace officer for determination of suspension or revocation of certification (RCW 10.93.190).

The Department shall provide timely updates on an internal investigation reported to the CJTC and provide a summary of findings to the CJTC within 15 days of concluding the investigation (WAC 139-06-020).

The Department shall, upon request of the CJTC, provide such additional documentation or information as the commission deems necessary to determine whether the separation or event provides grounds for suspension or revocation of the peace officer's certification (RCW 43.101.135).

1010.17 ANNUAL REVIEW AND ANALYSIS

The Operations Bureau Chief shall prepare an annual review and analysis report on internal investigations. The report should not contain any identifying information about any specific complaint, citizen, or officer and should address:

- (a) Policy and procedure issues identified during the review process, if any.
- (b) Training issues identified during the review process, if any.
- (c) Personnel issues identified during the review process, if any.

The report shall be submitted to and reviewed and approved by the Chief of Police.

Seat Belts

1011.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

Guidance for transporting persons in custody may be found in the Transporting Persons in Custody and Handcuffing and Restraints policies.

1011.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and regulations set forth in 49 CFR 571.213 and RCW 46.61.687(6).

1011.2 POLICY

It is the policy of the DuPont Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1011.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are properly restrained (RCW 46.61.688; RCW 46.61.687).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1011.4 TRANSPORTING CHILDREN

A child restraint system shall be used for all children of an age, height or weight for which such restraints are required by law (RCW 46.61.687).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side air bag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

DuPont Police Department

Policy Manual

Seat Belts

1011.5 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1011.6 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1011.7 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1012.2 POLICY

It is the policy of the DuPont Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1012.3 ISSUANCE OF BODY ARMOR

Training shall ensure that body armor is issued to all officers when the officer begins service at the DuPont Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

Training shall maintain records regarding the issuance of body armor, establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1012.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- (e) An officer may be excused from wearing body armor when the officer is involved in undercover or plainclothes work that the officer's supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1012.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness and signs of damage, abuse and wear.

DuPont Police Department

Policy Manual

Body Armor

1012.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1012.4 TRAINING SERGEANT RESPONSIBILITIES

The Training Sergeant should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department-approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates officers about the safety benefits of wearing body armor.

 - (c) If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment. Such a refusal, however, shall not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file.
- (g) Commendations and awards.
- (h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1013.4 DIVISION FILE

Division files may be separately maintained internally by a member's supervisor for the purpose of completing timely performance evaluations. The Division file may contain supervisor comments,

DuPont Police Department

Policy Manual

1013.5 TRAINING FILE

An individual training file shall be maintained by the Training Sergeant for each member. Training records may also be created and stored remotely, either manually or automatically (e.g., Daily Training Bulletin (DTB) records).

- (a) The involved member is responsible for providing the Training Sergeant or immediate supervisor with evidence of completed training/education in a timely manner (i.e., copies of training certificates).
- (b) The Training Sergeant or supervisor shall ensure that copies of such training records are placed in the member's training file.

1013.6 INTERNAL AFFAIRS FILE

Internal affairs files shall be maintained under the exclusive control of the office of the Chief of Police. Access to these files may only be approved by the Chief of Police. Complaints handled by the Chief of Police will be maintained within a secure area of the Department of Human Resources. Complaints handled within the department will be maintained and secured in locked files within the office of the Chief of Police.

These files shall contain the complete investigation of all formal complaints of member misconduct, regardless of disposition. Investigations of complaints that result in the following findings shall not be placed in the member's department file but will be maintained in the internal affairs file:

1013.8 SECURITY

Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are subject to disclosure only as provided in this policy, the Records Maintenance and Release Policy or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the City Administrator, City Attorney or other attorneys or representatives of the City in connection with official business.

1013.8.1 REQUESTS FOR DISCLOSURE

Any member receiving a request for a personnel record shall promptly notify the Public Records Officer or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made.

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to a member's personnel records shall be logged in the corresponding file.

Background investigation files may be made available to investigators from outside agencies provided they have obtained a waiver from the applicant to release information.

1013.8.2 RELEASE OF PERSONNEL INFORMATION

The Department may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member's representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement.

1013.8.3 NOTICE TO MEMBER

Upon receipt of a request for information located exclusively in a member's personnel record, the Public Records Officer is responsible for providing notice to the member, the union representing the member, and to the requestor, that includes the following information (RCW 42.56.250):

A member may annually request that all information contained in their personnel file subject to disclosure be reviewed by the Department for any irrelevant or erroneous information. Any member seeking the removal of any item from their personnel records shall file a written request to the Chief of Police through the chain of command. The Department shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member's request and the written response from the Department shall be retained with the contested item in the member's corresponding personnel record (RCW 49.12.250).

Members may be restricted from accessing the following:

- (a) Records of an employee relating to the investigation of a possible criminal offense (RCW 49.12.260)

1013.10 RETENTION AND PURGING

Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

- (a) During the preparation of each member's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.
- (b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.

DuPont Police Department

Policy Manual

Personnel Records

- (c) If, in the opinion of the Chief of Police, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

DuPont Police Department

Policy Manual

Fitness for Duty

1015.4 RELIEF FROM DUTY

Any employee suffering from a work or non-work related condition which warrants a temporary relief from duty may be entitled to be placed on family medical leave under state and/or federal law. Consult with Human Resources to assure proper notification and compliance with family medical leave rights. Employees who are relieved from duty for medical reasons may be eligible for workers compensation payments or may be required to use sick leave or other paid time off consistent with applicable policies.

Any employee suffering from a work related condition which warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

1015.5 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

- (a) Whenever circumstances reasonably indicate that an employee is unfit for duty, the Chief of Police may serve that employee with a written order to undergo a physical and/or psychological examination in cooperation with Department of Human Resources to determine the level of the employee's fitness for duty. The order shall indicate the date, time and place for the examination.
- (b) The examining health care provider will provide the Department with a report indicating that the employee is either fit for duty or, if not, listing any functional limitations which limit the employee's ability to perform job duties. The scope of the requested fitness for duty report shall be confined to the physical or psychological condition that prompted the need for the examination. If the employee places his/her condition at issue in any subsequent or related administrative action/grievance, the examining physician or therapist may be required to disclose any and all information which is relevant to such proceeding.
- (c) In order to facilitate the examination of any employee, the Department will provide all appropriate documents and available information to assist in the evaluation and/or treatment.

Any failure to comply with such an order and any failure to cooperate with the examining physician or therapist may be deemed insubordination and shall be subject to discipline up to and including termination.
- (f) In the event an employee is required to submit to a "fitness for duty" examination as a condition of returning from medical leave required under the Family Medical Leave Act (FMLA), contact Human Resources for direction regarding how to proceed.

Fitness for Duty

- (g) Once an employee has been deemed fit for duty by the examining health care provider, the employee will be notified to resume his/her duties.

1015.6 LIMITATION ON HOURS WORKED

Absent emergency operations members should not work more than:

- 16 hours in one day (24 hour) period, or
- 30 hours in any 2 day (48 hour) period, or
- 84 hours in any 7 day (168 hour) period.

Except in very limited circumstances members should have a minimum of 8 hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime and any other work assignments.

1015.7 APPEALS

An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty exam shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.

Meal Periods and Breaks

1016.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all City employees that has been established by the City Administrator.

1016.1.1 MEAL PERIODS

Commissioned employees shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed patrol and traffic officers shall notify the Communications Center prior to taking a meal period outside of the city limits.

The time spent for the meal period shall not exceed the authorized time allowed.

1016.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the midpoint, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Field officers will take their breaks in their assigned areas, subject to call and shall monitor their radios. Field officers shall notify a supervisor if they need to take their breaks outside the city limits and they shall do so only with the knowledge of the Communications Center.

Lactation Breaks

1017.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding reasonable accommodations for lactating members.

1017.2 POLICY

It is the policy of the DuPont Police Department to provide, in compliance with federal and state law, reasonable accommodations for lactating members. This includes break time and appropriate facilities to accommodate any member desiring to express breast milk for the member's nursing child for up to two years after the child's birth (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; RCW 43.10.005).

1017.3 LACTATION BREAK TIME

A rest period should be permitted each time the member requires a lactation break (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; RCW 43.10.005). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Members desiring to take a lactation break shall notify the dispatcher or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1017.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view, free from intrusion from coworkers and the public, and otherwise satisfy the requirements of federal and state law (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; RCW 43.10.005).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

DuPont Police Department

Policy Manual

Lactation Breaks

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

1017.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the member's shift ends.

Payroll Records

1018.1 PURPOSE AND SCOPE

This policy provides the guidelines for completing and submitting payroll records of department members who are eligible for the payment of wages.

1018.1 POLICY

The DuPont Police Department maintains timely and accurate payroll records.

1018.4 TIME REQUIREMENTS

Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to the Finance Department as established by the City payroll procedures.

1018.5 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

1018.5 RECORDS

The Finance Department shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

Overtime Compensation Requests

1019.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Collective Bargaining Agreement (CBA), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

1019.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed 120 hours of compensatory time.

1019.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall electronically submit all overtime compensation requests for the payroll period in which the overtime was worked. All overtime compensation requests shall include notes indicating the reason for the overtime.

1019.2.2 SUPERVISORS RESPONSIBILITY

After the entry has been made on the employee's time card, the overtime request is forwarded with the employee's time sheet to the approving supervisor for final approval. The supervisor shall verify the overtime was worked before approving the request and forwarding it to the Finance Department.

1019.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Collective Bargaining Agreement provides that a minimum number of hours will be paid, (e.g., two hours for Court, four hours for outside overtime). The supervisor will enter the actual time worked.

DuPont Police Department

Policy Manual

Overtime Compensation Requests

1019.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>
1 to 15 minutes	$\frac{1}{4}$ hour
16 to 30 minutes	$\frac{1}{2}$ hour
31 to 45 minutes	$\frac{3}{4}$ hour
46 to 60 minutes	1 hour

1019.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

Outside Employment

1020.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for department employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1020.1.1 DEFINITIONS

Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered. Members working outside employment shall follow the Off-Duty Law Enforcement Actions Policy for any observed violations of law.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1020.2 POLICY

Members shall adhere to all rules, regulations, policies, and orders governing conduct and equipment used while on duty when engaged in outside employment and outside overtime.

Members shall not work outside employment or outside overtime until completion of their initial probationary period unless authorized by the Chief of Police or designee.

Members are subject to be called for duty at any time.

1020.3 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

DuPont Police Department

Policy Manual

Outside Employment

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial.

1020.3.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Collective Bargaining Agreement (CBA).

1020.3.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his/her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.
- (c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.
- (d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subjected to similar restrictions as those applicable to the employee's regularly assigned duties until the employee has been cleared to return to full duty status.

1020.4 PROHIBITED OUTSIDE EMPLOYMENT

The Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which, in its view, would:

- (a) Involve the employee's use of department time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage when not previously approved to work in a law enforcement capacity.
- (b) Involve time demands that would render performance of the employee's duties for this department less efficient or render the employee unavailable for reasonably anticipated overtime assignments and other job-related demands that occur outside regular working hours.
- (c) Tend to lower the dignity of the police service in any manner.
- (d) Have any connections with the towing of vehicles under city contract.

DuPont Police Department

Policy Manual

Outside Employment

- (e) Involve acting as a process server, bill collector, or private investigator, or in any employment in which police authority might be used for a civil nature.
- (f) Involve working at any work site where there is a labor dispute involving a strike.

1020.4.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Because it would further create a potential conflict of interest, no member of this Department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside overtime will be assigned, monitored and paid through the Department.

- (a) The applicant will be required to enter into an indemnification agreement prior to approval.
- (b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.
- (c) Should such a request be approved, any employees working outside overtime shall be subject to the following conditions:
 - 1. The officer(s) shall wear the department uniform/identification.
 - 2. The officer(s) shall be subject to the rules and regulations of this department.
 - 3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
 - 4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
 - 5. Outside security services shall not be subject to the collective bargaining process.
 - 6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1020.4.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment and should be reported as time worked on employee time records.

Policy Manual

Outside Employment

1020.4.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work in a uniformed or other capacity which might reasonably disclose the officer's status as a law enforcement officer.

Members on a regular work schedule may not work more than a combined 80 hours of on and off-duty employment (Monday-Sunday). Each member is responsible for maintaining an accurate record of all off-duty employment.

1020.5 DEPARTMENT RESOURCES

Employees are prohibited from using any department resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

The Chief of Police may authorize department vehicles in police-related off-duty employment. Such approval must be obtained prior to the use of any department vehicle for off-duty employment and so noted on the off-duty employment application.

Department operational needs and availability of vehicles will, in all circumstances, take precedence over the use of any department vehicle requested for off-duty employment.

1020.5.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest. Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS.

1020.6 MATERIAL CHANGES OR TERMINATION OF OUTSIDE EMPLOYMENT

If an employee terminates his/her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees are also required to disclose material changes in outside employment that occur after approval of outside employment has been granted to the Chief of Police in writing. For the purpose of this policy, such changes include any material change in the number of hours, type of duties

DuPont Police Department

Policy Manual

Outside Employment

or demands of outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1020.7 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the DuPont Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.

Occupational Disease and Work-Related Injury Reporting

1021.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, post-traumatic stress disorder (PTSD), and work-related injuries.

1021.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease, PTSD, or infection while acting in the course of employment (RCW 51.08.013; RCW 51.08.100; RCW 51.08.140; RCW 51.08.142).

1021.2 POLICY

The DuPont Police Department will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (RCW 51.28.010 et seq.).

1021.3 RESPONSIBILITIES

1021.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate.

1021.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding the details of the incident and workers' compensation are completed in accordance with the [accompanying procedure](#) and forwarded promptly. Any related Citywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall notify the Chief of Police as soon as practicable regarding any occupational diseases, post-traumatic stress disorder (PTSD), or work-related injuries.

Supervisors shall determine whether the Major Incident Notification and the Accident, Illness and Injury Prevention policies apply and take additional action as required.

1021.3.3 BUREAU CHIEF RESPONSIBILITIES

The Bureau Chief who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City's risk management entity, and the

DuPont Police Department

Policy Manual

Occupational Disease and Work-Related Injury Reporting

Administrative Services Bureau Chief to ensure any required Department of Labor and Industries reporting is made as required in the accident, illness and injury prevention plan identified in the Accident, Illness and Injury Prevention Policy.

A copy of the completed form shall be forwarded to the appropriate Bureau Chief through the chain of command and a copy sent to the Administrative Services Bureau Chief.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1021.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1021.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Temporary Modified-Duty Assignments

1027.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, or current collective bargaining agreements or memorandums of understanding. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability or limitation that is protected under federal or state law.

1027.2 POLICY

Subject to operational considerations, the DuPont Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1027.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Washington Law Against Discrimination shall be treated equally, without regard to any preference for a work-related injury.

No position in the DuPont Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle or engaging in outside employment, or may otherwise limit them in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1027.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

Employees seeking a temporary modified-duty assignment should submit a written request to their Bureau Chiefs or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

DuPont Police Department

The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Watch Supervisor or Bureau Chief, with notice to the Chief of Police.

1027.6 MEDICAL EXAMINATIONS

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1027.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

If notified by an employee or the employee's representative regarding limitations related to pregnancy, childbirth, or related medical conditions, the Department should make reasonable efforts to provide an accommodation for the employee in accordance with federal and state law. The accommodation should be provided without unnecessary delay, as appropriate (42 USC § 2000gg-1; 29 CFR 1636.3; 29 CFR 1636.4; RCW 43.10.005.).

1027.9 MAINTENANCE OF CERTIFICATION AND TRAINING

Employees assigned to temporary modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.

Speech, Expression, and Social Networking

1028.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with the use of social networking sites, and provides guidelines for the regulation and balancing of member speech and expression with the needs of the DuPont Police Department.

This policy applies to all forms of communication including but not limited to digital media, print media, public or private speech, and use of all internet services, including the web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, and other file-sharing sites.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech, or expression that is protected under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit a member from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or an employee group, about matters of public concern, such as misconduct or corruption.

Members are encouraged to consult with their supervisors regarding any questions arising from the application or potential application of this policy.

1028.2 POLICY

Members of public entities occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of the DuPont Police Department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that members of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Department will carefully balance the individual member's rights against the needs and interests of the Department when exercising a reasonable degree of control over its members' speech and expression.

1028.3 SAFETY

Members should carefully consider the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of DuPont Police Department members, such as posting personal information in a public forum or posting a photograph taken with a Global Positioning System (GPS)-enabled camera, can result in compromising a member's home address or family ties. Members should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any member, a member's family, or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow department member.

- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the members of the Department (e.g., a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing members by informing criminals of details that could facilitate an escape or attempted escape).
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, digital media, or other recording obtained or accessible as a result of employment or appointment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
- (g) Posting, transmitting, or disseminating any photographs, digital media or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment, or other material that specifically identifies the DuPont Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

Members retain their rights to vote as they choose, to support candidates of their choice, and to express their opinions as private citizens, including as authorized members of recognized bargaining units or employee groups, on political subjects and candidates at all times while off-duty. However, members may not use their official authority or influence to interfere with or affect the result of elections or nominations for office. Members are also prohibited from directly or indirectly using their official authority to coerce, command, or advise another member to pay, lend, or contribute anything of value to a party, committee, organization, agency, or person for political purposes (5 USC § 1502).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

Line-of-Duty Deaths

1030.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the DuPont Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy for a non-line-of-duty member death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

1030.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of an officer during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing assigned duties.

For an officer, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1030.2 POLICY

It is the policy of the DuPont Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1030.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Supervisor and the Communications Center.
 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Press Information Officer section of this policy).
- (b) The Watch Supervisor should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

DuPont Police Department

Policy Manual

Line-of-Duty Deaths

- (c) If the member has been transported to the hospital, the Watch Supervisor or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1030.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Watch Supervisor, or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

DuPont Police Department

Policy Manual

Line-of-Duty Deaths

- (g) Offer to call other survivors, friends, or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting child care or other immediate needs.
- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes, and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivors' names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other DuPont Police Department members may be apprised that survivor notifications are complete.

1030.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1030.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shifts. Members reporting for duty from their residences should be instructed to contact their supervisors as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

DuPont Police Department

Policy Manual

Line-of-Duty Deaths

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

1030.6 LIAISONS AND COORDINATORS

The Department should consider seeking assistance from surrounding law enforcement agencies to fill liaison and coordinator positions, as appropriate.

1030.6.1 DEPARTMENT LIAISON

The Survivor Support Liaison should be selected by the deceased member's Bureau Chief. The following should be considered when selecting the Survivor Support Liaison:

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- The selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include but are not limited to:

- (a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes, and other locations, as appropriate.

- (m) Inviting survivors to department activities, memorial services (e.g., as applicable, the Annual Candlelight Vigil at the National Law Enforcement Officers Memorial), or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

Employee Discipline

1032.1 PURPOSE AND SCOPE

This policy provides guidance regarding employee discipline. The Personnel Complaints Policy and Personnel Records Policy provide additional guidance.

1032.1.1 DEFINITIONS

Counseling - Counseling is a superior/subordinate discussion for the purpose of clarifying, correcting a problem, and developing an understanding of proper procedures. Written counseling is appropriate when the problem is a lack of understanding of the policy, procedures, and/or delineated expectations for the job, rather than an intentional disregard for them.

Formal discipline - Formal discipline includes written reprimands, suspensions, demotions, and termination of employment, and may only be imposed by, or with the approval of the Chief of Police. Formal discipline consisting of written reprimands will be retained in the employee's personnel file, according to collective bargaining agreement guidelines. All other forms of formal discipline will be retained in the employee's personnel file permanently.

Informal discipline - Informal discipline may consist of counseling, verbal warnings, or oral reprimands and consists of actions that do not become part of an employee's permanent record. The length of time informal discipline documentation is maintained in the employee's Bureau file is one year then destroyed unless it is part of progressive discipline.

Oral reprimand - An oral reprimand is a more severe admonishment for infractions or repetitions of infractions. The oral reprimand may be given by supervisors one or more levels above the member's immediate Supervisor and may be communicated by an immediate Supervisor (i.e., for a patrol officer or detective, this would be the Operations Bureau Chief). An oral reprimand will be documented and placed in the Bureau file and removed after one year if no other incidents of a similar nature occur during that period of time.

Progressive discipline - The concept of progressive discipline involves an attempt to retrain improper behavior using the least severe form of appropriate corrective action necessary and progressing through ascending stages of discipline when lesser forms have not succeeded in correcting the behavior. This concept does not imply that all situations must be dealt with by using every step in the process. Some incidents, because of the seriousness of the violation, may require more severe disciplinary actions beyond the initial step(s).

Suspension - Required time off with or without pay at the discretion of the Chief of Police and subject to collective bargaining agreements.

Verbal warning - A verbal warning is an admonishment by a supervisor indicating that an act, conduct, or performance is not appropriate or acceptable. It is intended as an initial step in informal discipline. Like counseling, it is intended to correct the behavior without the need to escalate to more severe levels of discipline. The verbal warning should be used in instances of minor infractions. More serious infractions or repeat infractions of a minor nature should be handled

DuPont Police Department

Policy Manual

Employee Discipline

through more severe discipline. The verbal warning may be documented within the Bureau file, providing the documentation specifies that the incident is a verbal warning.

Written reprimand - A written reprimand is a formal censure of the actions and/or conduct of an employee that should be accompanied by a warning that similar future actions or misconduct may result in more severe discipline. A written reprimand may be recommended by any supervisor but will require approval by the Chief of Police prior to being served on the employee. A written reprimand may be issued at the department level. The reprimand will be removed after two years if no other incidents of a similar nature occur during that period of time. Any incident determined to be appropriate for a department written reprimand will be removed after five years.

An employee may submit a written rebuttal statement within thirty 30 days of receiving the department written reprimand. Such rebuttal statement will be attached to the written reprimand. Materials concerning discipline shall not be relied upon by the employer in any subsequent disciplinary action involving the employee if the materials are more than three years old unless a valid separate agreement such as "last chance" or "return to work" agreement is in effect.

1032.2 PROGRESSIVE DISCIPLINE

The following types of non-punitive progressive discipline are adopted by the Department:

- Counseling
- Training
- Verbal warning
- Written reprimand

The following types of punitive progressive discipline are adopted by the Department:

- Suspension without pay
- Demotion
- Termination of employment

All discipline will conform to law, Civil Service Rules, current labor agreements, and other applicable department policies.

Property and Evidence

804.1 PURPOSE AND SCOPE

This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

804.2 DEFINITIONS

Property - Includes all items of evidence, items taken for safekeeping and found property.

Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Safekeeping - Includes the following types of property:

- Personal property of an arrestee not taken as evidence
- Property taken for safekeeping under authority of a law

Found Property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

804.3 PROPERTY HANDLING

Any employee who first comes into possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The member releasing the property shall document in a report what property was released, the person it was released to, and the date/time of the release.

804.3.1 PROPERTY BOOKING PROCEDURE

All property must be booked prior to the employee going off-duty. Employees booking property shall observe the following guidelines:

- a. Complete the property tab describing each item of property separately (when appropriate), listing all serial numbers, owner's name, finder's name (use Other Person Tab), and other identifying information or markings.
- b. Print a bar code and attach it to each package or envelope in which the property is stored. To minimize the risk of damage do not place the bar code directly on the item unless absolutely necessary. A bar code may be affixed to a tag and attached to the item.
- c. Place the bar code on the lower half of the envelope.
- d. A copy of the property report shall be placed with the property in the temporary property locker or with the property if property is stored somewhere else other than a property locker.
- e. When the property is too large to be placed in a locker, the item may be placed in the outside cage. Enter the case number on the evidence log and note the location of the property item.

804.3.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs must be submitted in separate packages to prevent cross-contamination. Each package must be sealed with evidence tape. The seal must contain the officer's initials, ID number and the date sealed.

804.3.3 EXPLOSIVES

Deputies who encounter a suspected explosive device or hazardous materials shall promptly notify their immediate supervisor. The Hazardous Device Squad will be called to manage and handle all explosive, biological and other hazardous material incidents. This includes the responsibility for the safe handling, storage, sampling and proper disposal of all suspected explosive devices and hazardous materials. The Hazardous Device Squad will manage the separation, transportation and security of all explosive devices and hazardous materials determined to be evidence. These materials will be kept in an appropriate storage facility according to local health regulations, Washington State and Federal Law.

Explosives will not be retained in the Sheriff's facility. Only expended fireworks that are considered stable and safe may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials.

804.3.4 EXCEPTIONAL HANDLING

Certain property items require a separate process. The following items shall be processed in the described manner:

- a. Bodily fluids such as blood or semen stains shall be air dried prior to booking.
- b. All bicycles and bicycle frames require a property report. Property tags will be securely attached to each bicycle or bicycle frame. The property should be placed in the bicycle storage area for pick up.

- c. All cash shall be counted and must be sealed when submitted, including suspected counterfeit currency. A property officer should be called out to pick-up cash amounts greater than \$10,000 that cannot be secured in a drop safe.

County property, unless connected to a known criminal case, should be released directly to the appropriate County department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

804.3.5 PROPERTY SUBJECT TO FORFEITURE

Whenever property seized by the Department is subject to forfeiture, specific notification procedures must be followed. It shall be the responsibility of the assigned deputy, detective, or the property officer to ensure that the following notifications are completed.

The owner of the property will be notified of the seizure and intended forfeiture of the seized property within 15 days following the seizure. Notification includes any person having any known right or legal interest in the seized property, including any community property interest. The notice of the seizure may be made by any method authorized by law (RCW 10.105.010).

The notification will include the legal reason for the seizure and information regarding how to appeal the pending forfeiture.

Notification procedures for property seized under Asset Forfeiture (RCW 69.50.505) are detailed in the Asset Forfeiture Policy.

804.3.6 STORAGE OF SURRENDERED FIREARMS

Deputies shall accept and store a firearm from any individual who has surrendered firearms under RCW 9.41.800 (Surrender of weapons), has been ordered under the Extreme Risk Protection Order Act to surrender the firearm, or after being detained under RCW 71.05.150 or RCW 71.05.153. No firearms will be surrendered at the County-City Building. The deputy receiving the firearm at a Sheriff's Precinct shall:

The Property Room shall store firearms accepted pursuant to this policy.

804.3.7 FOUND PROPERTY

Found property surrendered to the Department shall be handled as required by RCW 63.21.050.

- c. Syringes are not accepted unless used as a weapon in an assault or as part of a death investigation.
- d. Cash, casings, and DNA must be sealed when submitted.
- e. Property depicting a minor engaged in sexually explicit conduct shall be submitted sealed in a manila envelope or box when feasible.

804.4.1 PACKAGING CONTAINER

Employees shall package all property in a suitable container available for its size. Knife boxes or knife sleeves should be used to package knives, and syringe tubes should be used to package syringes and needles.

A property bar code shall be securely attached to the outside of all items or group of items packaged together.

804.4.2 PACKAGING NARCOTICS

The deputy seizing narcotics and dangerous drugs shall retain such property in their possession until it is properly weighed, packaged, tagged, and placed in the property locker, accompanied by a copy of the property report. Prior to packaging, if the quantity allows and the evidentiary circumstances require it, a presumptive test should be made on the suspected narcotics. If conducted, the results of this test shall be included in the deputy's report.

Narcotics and dangerous drugs shall be packaged in an envelope of appropriate size available in the report room. The booking deputy shall seal the package with evidence tape, and mark with their initials, ID number and date. Narcotics and dangerous drugs shall not be packaged with other property.

A bar code shall be attached to the outside of each package.

804.5 RECORDING OF PROPERTY

The property officer receiving custody of evidence or property shall record his/her signature, the date the property was received, and where the property will be stored on the property report.

An incident number shall be obtained for each item or group of items. This number shall be recorded on the property and the property report.

Any changes in the location of property held by the Sheriff's Department shall be noted in the Chain of Custody (CHoC) system and on the property report.

804.6 PROPERTY CONTROL

Each time the property officer receives property or releases property to another person, he/she shall enter this information on the property report and the Chain of Custody (CHoC) system. Deputies desiring property for court shall contact the property officer at least one day prior to the court day.

804.6.1 RESPONSIBILITY OF OTHER PERSONNEL

Every time property is released or received, an appropriate entry on the property report and in the Chain of Custody system shall be completed to maintain the chain of possession. No evidence property is to be permanently released without first receiving written authorization from a supervisor or detective.

Request for analysis for items shall be completed on the appropriate forms and submitted to the property officer. This request may be filled out any time after booking of the property or evidence.

804.6.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY

The transporting employee will check the evidence out of property, indicating the date and time in the Chain of Custody system.

The property officer releasing the evidence must complete the required information in the Chain of Custody system. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the Crime Lab will sign the check-out form. A copy of the check out form will be attached to the property sheet.

804.6.3 STATUS OF PROPERTY

Each person receiving property will make the appropriate entry to document the chain of evidence. Temporary release of property to deputies for investigative purposes, or for court, shall be noted in the Chain of Custody system, stating the date, time and to whom released.

The property officer shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

The return of the property should be recorded in the Chain of Custody system, indicating date, time, and the person who returned the property.

804.6.4 AUTHORITY TO RELEASE PROPERTY

The submitting deputy, assigned detective or designated supervisors shall authorize the disposition or release of evidence coming into care and custody of the department. The Property Room Manager or designee may authorize release or disposal of property and evidence past the retention limits established by Memo of Understanding (MOU) or Standard Operating Procedure (SOP).

804.6.5 RELEASE OF PROPERTY

The Pierce County Sheriff's Department shall make every effort to return personal property that is in the possession of this department when such property is not considered evidence of a crime or is no longer needed as evidence. In such cases, the property officer shall make a reasonable attempt to identify the lawful owner and provide written notice via US Mail within 15 days after the property is authorized to be released.

If the property remains unclaimed beyond sixty days after the initial written notice to the property owner, or, in the case of property held as evidence, sixty days from the date when the case has been finally adjudicated and the property has been released as evidence by order of the court, the Department may (RCW 63.32.010; RCW 63.40.010):

- a. At any time thereafter sell the property at public auction to the highest and best bidder for cash. The disposition of all proceeds from such auctions shall be accounted for and recorded according to law. (RCW 63.32.030).
- b. Retain the property for the use of the Department subject to giving notice in the manner prescribed in RCW 63.32.020 (or RCW 63.40.020) and the right of the owner, or the owner's legal representative, to reclaim the property within one year after receipt of notice, without compensation for ordinary wear and tear if, in the opinion of the Sheriff, the property consists of firearms or other items specifically usable in law enforcement work, provided that at the end of each calendar year during which there has been such a retention, the Department shall provide the County's elected body and retain for public inspection a list of such retained items and an estimation of each item's replacement value. At the end of the one-year period any unclaimed firearm shall be disposed of pursuant to RCW 9.41.098(2).
- c. Destroy an item of personal property at the discretion of the Sheriff if he/she determines that the following circumstances have occurred:

 2. The item has been unclaimed by any person after notice procedures have been met, as prescribed in this section; and
 3. The Sheriff has determined that the item is unsafe and unable to be made safe for use by any member of the general public.

If the item is not unsafe or illegal to possess or sell, it may, after satisfying the notice requirements as prescribed in RCW 63.32.020, be offered by the Sheriff to bona fide dealers, in trade for law enforcement equipment. Such equipment shall be treated as retained property for purpose of annual listing requirements of the RCW. Such items may be destroyed at the discretion of the Sheriff if he/she believes that it has been or may be used in a manner that is illegal (RCW 63.32.010).

The property officer shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on a numbered receipt and attached to the property sheet. After release of all property entered on the property sheet, the file will be archived and retained per statute.

804.6.6 DISPUTED CLAIMS TO PROPERTY

Occasionally more than one party may claim an interest in property being held by the Department, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order, written court property release or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the Department may wish to file an interpleader to resolve the disputed claim.

804.6.7 PROPERTY DEPICTING A MINOR ENGAGED IN SEXUALLY EXPLICIT CONDUCT

No property or material that depicts a minor engaged in sexually explicit conduct shall be copied, photographed, or duplicated. Such material shall remain under the control of this department or the court and shall be made reasonably available for inspection by the parties to a criminal proceeding involving the material. The defendant may only view these materials while in the presence of his/her attorney or an individual appointed by the court either at this department or a neutral facility as approved by the court (RCW 9.68A.170). Any request for inspecting such material should be brought to the attention of the assigned investigator or an investigation supervisor.

804.7 DISPOSITION OF PROPERTY

All personal property, other than vehicles governed by Chapter 46.52 RCW, not held for evidence in a pending criminal investigation or proceeding and held for 60 days or longer where the owner has not been located or fails to claim the property, may be disposed of in compliance with existing laws upon receipt of proper authorization for disposal. (RCW 63.32.010; RCW 63.40.010).

804.7.1 BIOLOGICAL EVIDENCE

Biological evidence shall be retained for a minimum period established by Washington law (RCW 5.70.010) or the expiration of any sentence imposed related to the evidence, whichever time period is greater.

Biological evidence related to a homicide shall be retained indefinitely and may only be destroyed with the written approval of the Sheriff or the Sheriff's designee.

Biological evidence from an unsolved crime shall not be disposed of prior to expiration of the statute of limitations (RCW 5.70.010). Even after expiration of the applicable statute of limitations, the Criminal Investigations Bureau Chief should be consulted.

804.7.2 SEXUAL ASSAULT KITS

Unreported sexual assault kits shall be stored and preserved for 20 years from the date of collection (RCW 5.70.030).

804.7.3 RETURN OF FIREARMS

Prior to the return of a privately owned firearm, the property officer shall ensure confirmation of the following (RCW 9.41.345):

- a. The individual to whom the firearm is to be returned is the individual from whom the firearm was obtained, an authorized representative of the individual, or other person identified by a court order.
- b. The individual is eligible to possess a firearm pursuant to RCW 9.41.080.
- c. The firearm is not required to be held in custody or prohibited from release.
- d. Twenty-four hours has elapsed from the time the firearm was obtained by law enforcement or five business days if the firearm was seized in connection with a domestic violence call under RCW 10.99.030.
- e. Notification is made to those family or household members, or an intimate partner, who have requested notification pursuant to established department protocol (RCW 9.41.340).
 1. Firearms shall be held in custody for 72 hours from the time notification is provided.

If a firearm or dangerous weapon was surrendered or lawfully seized pursuant to a protection order issued under RCW 9.41.800 and is to be returned to a person other than the individual from whom the firearm or dangerous weapon was obtained, the property officer shall determine that the person is the lawful owner and obtain a written agreement, signed by the lawful owner under the penalty of perjury, that the firearm or dangerous weapon will be stored in a manner to prevent the individual from whom the firearm or dangerous weapon was obtained, from accessing, controlling, or possessing the firearm or dangerous weapon (RCW 9.41.801).

Upon confirmation that the individual is eligible to possess a firearm and any applicable notifications are complete, the firearm shall be released to the individual or authorized representative upon request without unnecessary delay.

If a firearm cannot be returned because it is required to be held in custody or is otherwise prohibited from release, written notice shall be provided to the individual within five business days of the date the individual requested return of the firearm. The written notice shall include the reason the firearm must remain in custody.

804.7.4 RELEASE OF FIREARMS IN EXTREME RISK PROTECTION ORDER MATTERS

If an extreme risk protection order is terminated or expires without renewal, a firearm taken or surrendered pursuant to the order shall be returned to the person after (RCW 7.94.100):

- a. The respondent has completed the Property Claim form (Z-287) on-line or in person at the Property Room.

- b. The Property Room will forward the form to the DV Unit Supervisor who will confirm with the court that the extreme risk protection order has been terminated or has expired without renewal.
- c. The Property Room will confirm through a background check that the respondent is currently eligible to own or possess firearms under federal and state law.
- d. The Property Room will, if requested, provide prior notice of the return of the firearm(s) to family or household members of the respondent in the manner provided in RCW 9.41.340 and 9.41.345.
- e. Any firearm surrendered by a respondent pursuant to RCW 7.94.090 that remains unclaimed by the lawful owner shall be disposed of in accordance with Department policies and procedures for the disposal of firearms in law enforcement custody.

If an individual other than the restrained person claims title to any firearms surrendered or taken into custody, and that individual is determined to be the lawful owner and a lawful possessor of the firearm, the firearm shall be returned to that individual provided that he/she agrees to store the firearm in a manner that prevents the restrained person from access (RCW 7.94.090).

804.7.5 RELEASE OF FIREARMS AFTER EMERGENCY DETENTION

Firearms surrendered pursuant to RCW 71.05.182 (surrender of firearms after emergency detention) shall be returned in compliance with the provisions of RCW 9.41.345 as long as the six-month suspension period has expired or the person's right to possess firearms has been restored, whichever is sooner (RCW 71.05.182).

804.8 INSPECTIONS OF THE EVIDENCE ROOM

- a. Unannounced inspections of evidence storage areas shall be conducted annually as directed by the Sheriff.
- b. An annual audit of evidence held by the department shall be conducted by a member at the rank of Lieutenant or higher (as appointed by the Sheriff) not routinely or directly connected with evidence control.
- c. Whenever a change is made in management or supervisory personnel who have access to the evidence room, a full audit of all evidence/property shall be made by an individual(s) not associated to the property room or function to ensure that records are correct, and all evidence property is accounted for.

804.8.1 PROPERTY AND EVIDENCE SECTION SECURITY

Access to the Pierce County Sheriff's Department Property and Evidence Section is restricted to authorized department personnel only. It shall be the responsibility of the property officer to control all access to the Property and Evidence Section.

The property officer shall maintain a log of all persons entering the secured area of the Property and Evidence Section. Personnel, other than those assigned to the Property and Evidence Section, who have legitimate business in the secured area will be required to record their name, the date, time,

and purpose for entry and be escorted at all times with-in the confines of the property storage areas.

Washington State Law Enforcement Records Retention Schedule.pdf

This schedule applies to: Law Enforcement Agencies

Scope of records retention schedule

This records retention schedule covers the public records of local law enforcement agencies relating to the functions of law enforcement, criminal case investigation, and the management of the agency's assets and human resources. It is to be used in conjunction with the *Local Government Common Records Retention Schedule (CORE)* and other approved schedules that relate to the functions of the agency.

All current approved records retention schedules can be accessed online at: <http://www.sos.wa.gov/archives/RecordsRetentionSchedules.aspx>.

Disposition of public records

Public records covered by records series within this records retention schedule must be retained for the minimum retention period as specified in this schedule. Washington State Archives strongly recommends the disposition of public records at the end of their minimum retention period for the efficient and effective management of local resources.

Public records designated as Archival (Permanent Retention), Permanent, or Non-Archival with a retention period of "Life of the Agency" must not be destroyed. Records designated as Archival (Appraisal Required) or Potentially Archival must be appraised by the Washington State Archives before disposition. Public records must not be destroyed if they are subject to ongoing or reasonably anticipated litigation. Such public records must be managed in accordance with the agency's policies and procedures for legal holds. Public records must not be destroyed if they are subject to an existing public records request in accordance with chapter [42.56 RCW](#). Such public records must be managed in accordance with the agency's policies and procedures for public records requests.

In addition to the minimum retention requirements specified in this schedule, there may be additional (longer) retention requirements mandated by federal, state and/or local statute, grant agreement, and/or other contractual obligations.

Revocation of previously issued records retention schedules

All previously approved disposition authorities for records that are covered by this retention schedule are revoked, including those listed in all general and agency unique retention schedules. Local government agencies must take measures to ensure that the retention and disposition of public records is in accordance with current, approved records retention schedules.

Authority

This records retention schedule was approved by the Local Records Committee in accordance with [RCW 40.14.070](#) on January 26, 2017.
